## YALE BEATS WEST POINT BY 28 TO 7

Tied in Third Period, 7 to 7, Old Eli Runs Over Army Warriors in Final Quarter—Red Grange Beats Crack Penn Team Single-Handed

NEW HAVEN, Conn., Oct. 31.—(A. P.) Yale humbled the undefeated Army eleven before 80,000 spectators in the Yale bowl today by 28 to 7.

NEW HAVEN, Conn., Oct. 31.—(A. P.) The undefeated Army team and Yale met today in their twenty-fourth annual encounter. Perfect football weather prevailed. Defections pointed to a crowd of 80,000 witnessing the game. It looked bad for the Army right at the start when Harry Wilson fumbled Joss' opening kick but recovered and ran to the Army 39-yard line. Two plays failed to gain and the Army kicked.

Both teams engaged in a kicking duel when it was evident that progress through the line was almost impossible.

Yale got its first real chance early in the second quarter when Noble tossed a long forward pass to Kline which gained 24 yards for the 13th and gave them the ball on Army's 24-yard line. Eli tore into the heart of the Army line for a first down on two plays. Then Allen gained nine more on the next play and then made it a first down on the army twelve yard line. The Army was fighting with its back to the goal.

The Elis resorted to strategy when line bucks failed late in the quarter and a delayed forward pass, Noble to Gill gained 36 yards for the Bulldogs, giving them a first down on the Army 14-yard line and two minutes to play. Allen gained a yard through center. Noble made six around right end. Noble went over the goal line for a Yale touchdown. Allen added the extra point on a placement kick.

West Point Ties Score  
 Yale immediately kicked to the 44-yard line. After failing to gain through the line, Army kicked out of bounds on the Yale 24-yard line. Yale punted after one unsuccessful attempt to gain through the line. The ball bounded around the end before he was able to recover. Noble bounced on it for Yale on the Army 28-yard line.

Three thrusts through center gave Yale first down on the Army 19 yard line. Then the Eli made a bid thru the air. A pass aimed at Noble was intercepted by Wilson who ran eighty yards for a touchdown, shaking off tacklers and working and wiggling his way up the side line without being grounded despite the maze of Eli tacklers through which he was forced to detour.

In an effort to knot the count, Coach McElwan Yankelidze threw in favor of Reeder, the endets' star drop kicker. Reeder on the Yale fifteen yard line Reeder booted over a kick which tied the score at 7-7.

Grange Beats Penn  
 FRANKLIN FIELD, PHILADELPHIA, Oct. 31.—(A. P.) While a record crowd of 62,000 looked on in amazement, Red Grange, Illinois gridiron thunderbolt ran wild through Pennsylvania's hitherto unbeaten team today on a muddy field. The famous all-American star led an attack that gave the westerners three touchdowns and an 24-2 lead at the end of the game.

The famous red-head tore Penn's defense literally to pieces in a succession of dazzling thrusts. Time after time he shook off, straight-armed and dodged a half dozen tacklers before he was downed. When he left the game near the close of the half, giving way to Gallivan, he was accorded a terrific ovation in tribute to the most amazing exhibition any eastern gridiron has seen in years.

In the first half Grange had carried the ball sixteen times altogether for the astonishing gain of 237 yards. The Army started a desperate drive near the end of the game and reached Yale's ten-yard line, but here Yale held and kicked out of danger. A few minutes later Yale intercepted an Army forward pass and through a successful pass and two rushes scored

## Prohibition Agent Is Forced to Swim In Pool of Liquor

OAKLAND, Oct. 31.—(A. P.) A concrete lined warehouse flooded with illicit wine provided a swimming pool for Prohibition Agent Seward. He said his clothes suffered greatly from alcoholism.

## VICTIMS DYING STATEMENT IS GIVEN TO JURY

Ex-Klan Goblin Fails in Effort to Exclude Dying Statement of Madge Oberholzer—Defendant Is Identified by Clerk

NOBLESVILLE, Ind., Oct. 31.—(A. P.)—Madge Oberholzer's dying declaration was admitted in evidence today at the trial of D. C. Stephenson, Earl Klenck and Earl Gentry in connection with her death, after Judge Will Sparks had ruled out seven sections of the document.

The defense objections, which covered virtually the entire text of the statement except a part in which she told of taking poison, were sustained as to those seven sections, the longest containing three sentences and the shortest only a brief clause. The court held in most of the instances where deletions were made that they were the conclusion of the witness and so were incompetent.

None of the deletions affected the principal section of the girl's declaration in which she told of her abduction and attack, her detention at a Hammond hotel, her return to Indianapolis and her further detention at the Stephenson garage. Ted Wilson, clerk at the Indiana hotel in Hammond, was called after Miss Oberholzer's statement had been read. It was to this hotel the state alleges Miss Oberholzer was taken by Stephenson. Wilson identified Stephenson as the "man who registered as Mr. and Mrs. W. B. Morgan." He also identified Gentry. The witness told of seeing a hatless woman come into the hotel with two men. He described her as looking tired and without "any make-up."

## GERMAN PEOPLE MAY VOTE UPON LOCARNO TREATY

BERLIN, Oct. 31.—(A. P.) Replying to nationalist criticisms of the security pact the German government today issued a statement saying the German delegates at Locarno never left in doubt Germany's inability to carry out the agreements unless the local consequences affecting the occupied territories also were settled. The statement adds that the government places full confidence in the assurance made by the Belgians, French and British in this regard, and that it will continue to negotiate in that sense.

LONDON, Oct. 31.—(A. P.) The Berlin correspondent of the Exchange Telegraph says it is understood that the question of a plebiscite in Germany on the security pact now is under consideration. Such a vote, the correspondent said, would clearly show a majority in favor of the Locarno accord.

## LEAGUE MAY TAKE A HAND IN DAMASCUS

France Is Directed to Make Official Answer to Protests and Complaints Regarding Her Methods in Syria—Situation Still Declared to Be Critical

GENEVA, Oct. 31.—(A. P.)—The permanent mandates commission of the league of nations today asked France for official comment upon petitions, protests and complaints which have been filed with the league concerning the bombardment at Damascus, October 18 to 20.

PARIS, Oct. 31.—(A. P.)—General Sarrail, France's high commissioner in Syria, who has been reticent with regard to the recent fighting in Syria and especially Damascus, which underwent a severe bombardment, has been ordered home by the government to furnish a full explanation of the situation.

He will not return to his post, for a decision has been reached by Premier Painleve and his cabinet that instead of a military commissioner a civilian henceforth will take up the task of supervising the mandated territory. The French cabinet for several days has been much perturbed over the representations reaching it from American and British official sources regarding the bombardment of Damascus by the French artilleryists from October 18 to 20.

Atrocities Charged.  
 Lengthy descriptions were given in these reports of amazing and extraordinary incidents accompanying the shelling. The British consul at Damascus in his report to the British foreign office, which conveyed its contents to the French government, described "atrocities" by General Sarrail's regime.

The French authorities have not endeavored to hide their displeasure over the trouble between the French and Syrian tribesmen. Before an announcement was made last evening that General Sarrail was to be recalled, there was a direct indication that this would be the culmination of the killing of great numbers of the populace of Damascus and the razing of a large part of the city by the shells of the French guns. This came in a remark of the minister of the interior, M. Schrameck, when asked if the high commissioner was not to be recalled. "The most elementary discretion," replied M. Schrameck, "commands us not to inform the interested parties of the details and measures of which they have been the object before the press is permitted to publish them."

Situation Critical.  
 LONDON, Oct. 31.—(A. P.)—A dispatch to the Evening News from Haifa, Palestine, says the situation in Damascus, where the French recently put down an insurrection, is still critical, while the surrounding country is "seething."

The French authorities are said to be imposing heavy fines on the city. Owing to the Damascus insurgents' failure to deliver rifles in accordance with the terms laid down by the French, a fine of 10,000 pounds (\$18,500) was imposed on Monday. Of the 3000 rifles demanded, only 1685 were delivered, and further fines of 500 pounds must be paid each day until the last rifle is handed in, the correspondent reports.

The French guaranteed there would be no further bombardments, but barbed wire barriers have been erected in the streets to prevent ambushes. The city is reported quiet, but with strong revolutionary under-currents. The country to the north, the dispatches say, is in a state of complete revolution. The telephone lines have been cut. Motor cars are held up within three miles of the city and the passengers robbed. Strong bands of Damascus are attacking villages in revenge for the failure of their inhabitants to join in the firing against the French.

## Wall Street Report

NEW YORK, Oct. 31.—(A. P.) Stock prices boomed in today's brief but active session of the stock market. Motors again were the feature, several new highs being recorded in that group. Studebaker fluctuated feverishly until the announcement that the regular dividend had been raised from \$4 to \$5 annually and an extra of \$1 declared, when the stock bounded upward to a new 1925 high at 68 on enormous dealings. Another bullish demonstration in the southern carriers featured the ●●● group, Atlantic Coast line jumping nearly six points to 220, Louisville and Nashville moving up to 133 and Seaboard Airline to 52 1/2, all new high prices for the year. Pennsylvania touched 59 1/2, the highest price since 1917. The closing was strong. Total sales approximated 1,700,000 shares.

## YOUTH ARRESTED FOR TRYING TO GET MURRAY GUN

SALEM, Ore., Oct. 31.—Nagel Sorhus, who was arrested about two weeks ago when he is alleged to have attempted to smuggle a gun into the state penitentiary, presumably for Frank Fallon, a convict, appeared in justice court today where his bail was fixed at \$3000 by Justice of the Peace Small. He was unable to furnish the bail and will continue in the county jail. Sorhus today demanded a preliminary hearing, and the time for this was fixed for Wednesday, November 4, at 2 o'clock. Officers suspect that the gun which Sorhus attempted to smuggle into the state prison was intended for Fallon and that Fallon, who was to be called as a witness in the trial of Tom Murray, leader of the gang that escaped from the state prison on August 12 last, was to get the gun into Murray's possession.

## NO SCORE FIRST QUARTER, CORVALLIS

BELL FIELD, CORVALLIS, Ore., Oct. 31.—The University of Montana and Oregon Agricultural college football teams, clashing here this afternoon, fought the first period without scoring. The Aggies won the toss and elected to defend the south goal, with a slight wind against them. The Aggies recovered a fumble by Sweet of Montana and took the ball to Montana's four-yard line, where they were held for downs on line smashes. Sweet outpunted Dennman and Snider of the Aggies. The quarter ended with the ball in Montana's possession on their own 45-yard line. Score end first period: Montana 0, O. A. C. 0.

## IDAHO SMEARED BY U.S.C. 51 TO 7

MOSCOW, Idaho, Oct. 31.—(A. P.) The University of Idaho football eleven was toppled from the throne of the coast conference yesterday when the University of Southern California swamped the Vandals on the local field by the count of 51 to 7. The driving attack of the southerners completely wrecked the Idaho defense. Drury led the U. S. C. drive, making three touchdowns and making three points in tries for goal. Idaho, near the end of the second period, opened an aerial attack that resulted in a touchdown.

The regents voted six to five to go into executive session, excluding newspaper men. When they recessed for luncheon the announcement was made that no selection had been reached. It was understood that the committee had made definite recommendation, but the man favored by the committee was not given out this morning. A selection sometime today was expected by those close to the regents.

DENVER, Colo., Oct. 31.—(A. P.)—Proposals of members of the school board of Manassa, Colo., to name the new high school building there the "Jack Dempsey school," has met with a storm of protest from the American Legion. John C. Vivian, past commander of the department of Colorado and present chairman of the district rehabilitation committee, said today that he had protested to the school board on behalf of the national organization. ## WOMAN BANDIT HOLDS UP TWO MEN GETS \$4600

Lone Woman Pulls Off Daring Daylight Robbery in Portland Business District—Payroll Seized—Men Drive Car at Pistol Point

PORTLAND, Ore., Oct. 31.—(A. P.)—A lone woman today held up two employees of the Roberts brothers' department store in front of the United States National bank and escaped with \$4600, mostly in silver coin, which had been drawn from the bank for the weekly payroll.

As Philip Jones and Ennis Pritchard, employees of the store, boarded their parked car in front of the bank with a leather handbag containing the payroll cash, they were accosted by the woman, heavily veiled, who asked them if she could ride with them, they reported. She drew a pistol, partly covered with a handkerchief, and forced the two men to drive, with her in the rear seat.

She forced Pritchard to remove the money from his bag and transfer it to one she carried.

The store employees were forced to drive through several downtown streets, doubling back and forth through the heavy traffic. Finally the woman ordered the car to stop and stepped out.

Declaring she had a friend in a car just behind, she ordered the department store men to drive to a point just outside of the city. Jones, who was driving, observed a big car following, and deciding to take no chances, drove to the point indicated by the woman, then to the police station to report the robbery.

Joseph, mother of Thomas Joseph, 29, asked the court to nullify the divorce decree granted last August 21 to Mrs. Alta Christman, who she said, her son intended to marry, were it upheld.

## \$12,500,000 DEMANDED BY INDIANS

Rogue River Redmen Join in Conclave at Roseburg to Secure Payment for Land in Western Oregon They Claim Was Taken Without Promised Compensation

ROSEBURG, Ore., Oct. 31.—Representatives of scores of more Western Oregon Indians tribes gathered in Roseburg today to meet with Senator Robert N. Stanfield and Indian attorneys for the purpose of discussing means of perfecting and presenting the claims of the Indians for \$12,500,000 in payment for lands taken by the government from the Indians under the terms of an unratified treaty.

The lands involved embrace all the territory west of the Cascade Mountains between the Oregon and California state lines, amounting to approximately five million acres. According to the claims of the Indian tribes a treaty was prepared in 1845 providing that the government would buy this land at a price of \$2.50 per acre. The Indians were to be reimbursed for their personal property, and were to be given houses, stock and money, and a reservation in the Willamette valley.

Because of hostilities between other tribes and white settlers coming into the Indian country, the red men were moved to reservations on the representation that they would be allowed to return to their lands at a later date, it is claimed. The treaty was never ratified and the Indians were kept confined to their reservations while the white men occupied the western Oregon lands.

Copies of the ancient treaty have been procured bearing the signatures of representatives of many Oregon tribes, including the Alsea, Siletz, Tillamook, Coquille, Kwantan, Toxoneux, Rogue River, Gowam, Umpqua, Skokan, Siuslaw, Shastan, Calapooia, Cow Creek, Tututni, Lacknute, Chocoma, Molalls, Yamhill, Chinook, Clackamas and other bands and tribes of Indians.

For a number of years efforts have been made to get the claim before the proper government agencies. In recent years the descendants of the original signers of the treaties, and representatives of the various tribes, have employed attorneys and are carrying the claim for Congress. Recognition has been given by the government in appointing an agent to work with the Indians. At the last session of congress a bill was presented giving the Indians right to bring a suit against the government for the amount specified but not action developed.

At the meeting today a proposal will be submitted that instead of going into litigation over the claim that a request be made for the direct payment of the relief claimed.
