## AFTER BABY WAS BORN Mrs. Miles Was Miserable a Long Time—Owes Final Recovery to Lydia E. Pinkham's Vegetable Compound

Dover, Ohio.—"After my last baby was born I was up and around again, but I was sickly all the time and did not know how to get my work done. I had washed a heavy carpet and I think that was the cause of my troubles. I went to several doctors, but their medicines did not do me any good. I asked what the trouble was, for I could hardly walk and always had such pains in my left side and then in my right side. He told me I had inflammation that caused it. I had one of your text-books and was reading it, and I thought I would take Lydia E. Pinkham's Vegetable Compound. After four days of taking it I began to feel better, so I took three bottles without missing a dose. That helped me more than any other medicine I had yet taken and I always have it handy now. It surely did put me on my feet again."—Mrs. JAMES MILES, 419 Cherry Street, Dover, Ohio.
