TWO GOVERNORS CHASE PORKER AT LIVESTOCK SHOW

PORTLAND, Ore., Nov. 3.—(A. P.)—Governor C. C. Moore of Idaho, and Governor Walter M. Pierce, of Oregon, the one an ardent advocate of the merits of the Aberdeen-Angus as beef stock and the other of Herefords, arrived at the Pacific International Livestock exposition here today, so early that the reception committee missed them.

When the reception committee found the two governors, they were busy helping an exhibitor corner a refractory shoat.

"Welcome to the Pacific International Livestock exposition, and we feel ourselves much honored to have your excellencies here on Governors' day," began the reception committee.

"Sock him on the snoot," suggested Governor Pierce, "that'll turn him."

"Don't tell me,' replied Governor Moore, following the directions, "I was raised with em."

When the shoat was safely rounded up the governors resumed their official dignity and expressed themselves in turn delighted to be there and then wandered off arm in arm to watch the beef stock judging which was under way in the main arena.

Judging was in full swing today in the main pavilion, with four divisions being judged simultaneously.

Donald Panama, III., owned by A. B. Cook of Townsend, Mont., won the senior and grand championships in the bull classes in Herefords and Cook's Panama Choice 29th won the junior championship in Herefords.

Blackcap Glenn II., an Aberdeen-Angus bull owned by Harrison Stock Farms of Woodland, Calif., took the senior and grand championship in this division and Revolution 7th owned by the same company, took the junior championship.

J. H. Dredge of Malad, Idaho, won the senior and grand championships on Holstein bulls, with Doede Ormsby Pietertje 203293, and the Billiwhack Stock Farm of Santa Paula, Calif., took the junior bull championship with Berlwood Prince Beauty DeKol.

Grangeville Guernsey farm of Grangeville, Idaho, took the grand senior and junior championships in Guernsey Bulls this morning with May Rose Cherub, grand and senior, and Captivator of Rosemoor, junior.

The immense number of entries is making the judging slower than was expected and the female classes were barely reached by noon today.

In the boys' and girls' club entries, Anton F. Harms of Pullman, won the grand championship on shorthorn steer and championship on shorthorn calf, while John Hinrichs, also of Pullman, won the championship in Aberdeen-Angus steers.

Montana State College for the third successive year carried away the cup in the grain judging contest. Idaho University was second and Oregon Agricultural College third. Fren Benson of Pendleton handled the contest.

Members of the Montana team were Robert Tootell, Great Falls; Harold Kohles, Kalispell and Tom Strand of Lewiston. The high individual score in the contest was made by Albert E. Engbretson of Oregon Agricultural college.

C. D. Nairn of Amity took the sweepstakes in oat exhibits, and Garrett Muntzwerff, a boys' and girls' club exhibitor from Abdvian, Malheur county, carried off the Land Products Show sweepstakes for corn entries.

Mr. Reid argued, "the burden of proof is always on the prosecution to establish the guilt of the accused.

"The elements which constitute the offense charged in this case are the same in every criminal case and are enumerated in the manual for court martial.

"The accused is charged with a specific intent 'to discredit the war department,' and to discredit the navy department.'

"Not one scintilla of evidence has the prosecution produced to prove that Colonel Mitchell's statements were made, uttered and published with any intent to bring discredit upon the military service, or to prejudice good order and military discipline.

"The prosecution comes here and asks you to find that on their face, with not one jot of evidence to support the claim, they were issued from this despicable motive and with this wicked intent."

Bible Thought for Today

CONDITIONS OF REVIVAL.—If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.—II Chron. 7:14.

ECZEMA

Dries right up!

If you just realized how easy it is to stop fiery, itching, burning eczema by simply building up the red-blood-cells in your blood with S. S. S., you wouldn't waste another minute trying to do it any other way.

That's the only way to relieve irritated, broken out skin of any sort. You lack rich, red blood. Impurities are in your system. The blood is so weak it can't fight back and overcome the enemy, so the impurities break out through the skin.

S. S. S. builds the blood back—builds millions of new red-blood-cells. Eczema dries right up. Boils, pimples, blackheads, ugly blotches and irritating rashes all disappear.

Clear up your skin. Get S. S. S. All druggists sell it. The larger bottle is more economical.

5 VOLCANOES IN ALASKA ERUPTING, REPORTS CUTTER

SEATTLE, Nov. 3.—(A. P.) The cutter Algonquin of the United States coast guard reported here today the greatest volcanic activity in the Alaskan peninsula and in the Aleutian islands which stretch across the north end of the Pacific ocean, since Mount Katmai, on the peninsula, 300 miles east from the Aleutians, erupted in 1912.

Lieutenant Commander C. F. Howell, commanding the Algonquin, said that the five peaks, one of which is Katmai, are belching dense clouds of smoke which hangs over the craters in mushroom-shaped haloes.

The Algonquin which departed northward June 5 on service with the Bering sea patrol of the coast guard, returned here last night.

"The volcanoes of western Alaska and the Aleutian islands have been comparatively quiet since the Katmai eruption," said Howell. "I was particularly impressed with the volume of smoke issuing from Makushin. I learned from the natives that there had been no earthquakes the last year and the activity of the volcanoes is probably caused by a disturbance near the center of the earth."

THREE BOOTLEGGERS CAUGHT

(Continued from page one.)

of the car answered, "That's just vinegar."

The two men were put under arrest and brought to Medford by Talent and later taken to Jacksonville, while McCredie remained with the "booze car."

It is believed that both lots of the liquor were made by the same still at Sacramento, where Dyreborg and Bughner said they had purchased it at $10 a gallon to fill orders they had taken in the valley last month.

Dyreborg stated that he was a former Medford resident and at one time conducted a gymnasium at the "old opera house," which formerly stood at the corner of South Central and Eighth street. He said that he was acquainted with many here while in the city and also that he had been a wrestler under the name of Lewis Walters. Bughner is a stranger to Jackson county.

The liquor seized and the men arrested last night, according to Officer T. A. Talent, is the result of a three-day vigil in the Siskiyou mountain country for booze they knew was coming into the valley. During the three days they stopped all suspicious appearing cars to undergo a search. The first day, last Saturday, they arrested three men, M. F. Keyser of San Francisco, J. M. McCormack of Redding and E. Dalin of Santa Rosa, for possession of small quantities of intoxicants. These men put up $50 cash bail each for appearance in the Ashland justice court. However, they forfeited their bail. The officers do not believe they were bootleggers, but were carrying the liquor for personal use.

Today Officers Talent and McCredie were receiving congratulations upon yesterday's events, in which they played the leading parts. The two men are very tired, having had no sleep for several nights while working 16 hour shifts.

SEVEN DROWNED, 17 MISSING IN FLOOD

LLANDUDNO, Wales, Nov. 3.—Seven persons are reported to have been drowned and seventeen, including a woman and nine children are missing, as a result of the bursting of a dam and the destruction of the village of Dolgarrog.

Houses and buildings were swept away and hundreds of cattle and sheep drowned when 180,000,000 gallons of water from Eigian lake rushed down the vale of Conway yesterday.

Most of the occupants of the houses escaped.

North Wales is without electricity as a result of the flood.

KLAMATH FALLS, Ore., Nov. 2.—Ted McAboy, who accidentally shot and killed Clarence W. Jones while hunting quail Saturday afternoon, was exonerated by a coroner's jury Saturday night. The jury held the death to have been accidental. Jones' body will be shipped today to South Bend, Ind.

Searchers have not yet located the body of I. Sund, California Oregon Power company employee, who was drowned when a canvas boat in which he was hunting ducks, capsized. Searchers are continuing to drag Link river for the body.

SOCRATES' THEORY OF SOUL WILL BE SLAYER'S DEFENSE

DENVER, Nov. 3.—(A. P.) The philosophy of Socrates on the soul will be used as a defense weapon in one of the most unusual cases in Colorado criminal jurisprudence when Dr. Harold E. Blazer, aged physician, goes to trial tomorrow, charged with the murder of his daughter, Hazel Blazer, 32-year-old paralytic "child woman."

"The defense will contend that the woman died without pain, was not human, had no soul and was better off dead than alive.

"We may prove that when this old, kindly country doctor chloroformed this 'human husk' that was called Hazel, he was insane but at the same time he was no more morally wrong than had he chloroformed a helplessly crippled dog," said Defense Attorney Lewis D. Mowry.

Hazel Blazer, who never grew from childhood, had neither speech nor expression and lived without hope, he said.

The trial will be held in the Arapahoe county district court at Littleton, near here.

DOCTORS TESTIFY AGAINST GOBLIN

NOBLESVILLE, Ind., Nov. 3.—(A. P.)—Dr. J. A. McDonald of Indianapolis, an expert witness testifying for the state today in the murder trial of D. C. Stephenson, Earl Klenck and Earl Gentry, said he believed Madge Oberholtzer died from a complication brought on from self-administered poison and blood poisoning resulting from injuries she received in an alleged attack.

He was the second expert witness for the prosecution to give such testimony, having been preceded by Dr. Virgil Moon, professor of pathology at Indiana university.

Only Half a Cent — that's all!

The difference in cost between the very cheapest baking powder and the finest baking powder (for a cake) is only half a cent—that's all! Why bother with anything else but a fine cream of tartar product—derived from the luscious juice of selected grapes.
