

WIFE SEIZED AT HUSBAND'S BIER BY N. J. POLICE

Pretty Mrs. Priscilla Clark, 33, Dragged From Limousine As Klansmen Bury Her Murdered Husband—Held As Material Witness

ELIZABETH, N. J., Nov. 6.—(A. P.)—Seized by police as she heard Ku Klux Klansmen pray for her murdered husband at his grave, Mrs. Priscilla Clark, 33, and pretty, was in jail today as a witness.

Joseph H. Cowen, iron worker, jewelry salesman and insurance agent, who gave Mrs. Clark \$500 of their \$2000 "elopement fund," was also in jail, charged with murdering William Clark with a hammer early Tuesday at Hillside. Clark was a gold beater for jewelry manufacturers.

Clark was murdered at 1 A. M. when he got out of his automobile to open the door of his garage. His wife and her mother, in the car, said they did not even glimpse the murderer. A five-pound stone mason's sledge hammer was found near the garage.

Forty men of the Ku Klux Klan and women of the Kamela waited at the open grave. They were robed and hooded. Mrs. Clark did not get out of her limousine.

"She must not have come," whispered one member of the women's Klan organization. "She was a member of the Kamela and she is afraid on account of her and Cowen."

The Klan rites began, a cross at the grave's head burst into flame. In conducting the rites the Rev. Joseph R. Jack said: "The Klan extends its sympathy in this great tragedy to the father, mother and friends."

The widow was not mentioned.

The limousine with its police escort rolled away. At the police station here Mrs. Clark, weeping and protesting, was dragged from it.

The formal charge against Cowen will be filed later.

Sports PRINCETON TWO TO ONE FAVORITE OVER THE CRIMSON

NEW YORK, Nov. 6.—(A. P.)—Princeton and Dartmouth are general favorites in major football battles in the east tomorrow. In some circles they are two to one choices over Harvard and Cornell, respectively.

Harvard men insist, however, that early season records are not always accurate forecasts. Cornell awaits confidently behind an unbroken string of big Red victories and the pessimism of Coach Dolbe.

Harvard is in good condition for the fray at Princeton, with but one position in the lineup undecided. This post, left guard, may be filled by either Tripp or C. Bradford. Cheek, Miller, Crowley and Conly have been selected to start in the backfield.

Gil Dolbe was more pessimistic than usual as he arranged the big Red battle lines for tomorrow's battle with undefeated Dartmouth at Hanover, N. H., declaring his eleven just an "ordinary team." He hinted changes in the backfield.

Syracuse, one of the four undefeated top flight eleven, will endeavor to maintain its winning streak tomorrow against Ohio Wesleyan.

Yale against Maryland; Army against Duke; Elkins, Pa., against Haverford; Navy against West Maryland; Colgate against Providence and Lafayette against Rutgers; all expect little trouble.

No little interest is focused on a game in which the stop watch will not figure at Providence, R. I. Brown and Boston university having agreed to contest their game on a basis of forty plays to a period in an effort to eliminate errors and injustices of timing system as well as indiscriminate use of the forward pass near the close of games.

REPORTER TELLS HOW HE SWIPED JEFF DAVIS' SPEECH

CHICAGO, Nov. 6.—(A. P.)—Reporters sixty years ago were not lacking in ingenuity for one of them obtained a carefully prepared speech from the tail pocket of Jefferson Davis' coat, wired it to his paper and returned it to the confederate leader without suspicion attaching to himself.

The reporter was the Rev. Sam Small of Washington, pioneer anti-slavery worker and a confederate soldier at the age of sixteen. Here attending the Anti-Saloon league meeting he told the story today.

"I was a correspondent for some southern papers," he said. "Jeff Davis came to town to speak and I tried to get his speech and failed. So as I helped him on with his coat, I took the speech from the tail pocket and rushed over to the telegraph office."

"While I was gone the president was introduced and arose to speak. After a fruitless search for the manuscript the program was hastily changed while Davis and his aides extended their search."

"In the meantime the speech had been cleared to my paper and I came back and joined the searchers. Dropping the manuscript behind the confederate leader I quickly picked it up, handing it to him with the remark: 'Here it is, Mr. Davis, you must have dropped it.'"

"He expressed his thanks as did the committee."

YOUTH URGED TO RISK LIVES IN WAR UPON RUM

CHICAGO, Nov. 6.—(A. P.)—A challenge to American youth to enlist for service in defense of the constitution with plenty of action and danger assured, was issued today by the Rev. M. P. Boynton of Chicago at a memorial service of the Anti-Saloon league convention for the nearly 50 prohibition officers killed in action.

"We have now the full equivalent of war," Rev. Boynton said, "with greater hazards for the prohibition soldiers than the men at the front in the world war."

"These men who fell in the line of duty were upholding the flag and the constitution and had no barrage of fire clearing the way ahead for them. They went often singly and at night into dangers from moonshiners, bootleggers and rum-runners just as desperate and vicious as the enemy in the world war. And their ranks suffered a far higher percentage of casualties than the American army in the world war. All of them are as surely patriotic martyrs for their country's honor and glory as those who sleep at Gettysburg and Flander fields."

"If any of the young college men or today want action, thrills and a chance to fight for their country, I urge them to report to General Andrews. I assure them they will have all the red-blooded fighting they wish."

GREAT NORTHERN WILL ELECTRIFY

ST. PAUL, Nov. 6.—(A. P.)—The Great Northern railway today announced plans for a \$19,000,000 water power development with production of 75,000 horsepower at Lake Chelan in north central Washington. Officials said the plan will result in early irrigation of about 80,000 acres of generally unproductive land and eventually will mean electrification of the Great Northern's lines over the Cascade mountains and for more than 400 miles eastward.

SETTLEMENT ITALIAN DEBT IS PREDICTED

WASHINGTON, Nov. 6.—(A. P.)—Every indication points to settlement of the Italian debt, President Coolidge was told today by Secretary Mellon and Senator Smoot, two members of the American debt commission, which is conducting negotiations with an Italian mission.

The president was assured that considerable progress had been made by the commissions in their discussions and that both are approaching the problem with utmost candor.

Details of the negotiations have not been furnished Mr. Coolidge, Secretary Mellon and Senator Smoot merely reporting "good progress" in their conversations with him today.

MASONIC LODGES HELD

(Continued from page 1.)

The Dragoni hotel, where Zamboni was seized, is about 150 yards from the balcony of the Chigi palace where Premier Mussolini spoke.

A score of alleged accomplices of Zamboni, dressed in the black shirts which distinguish fascists, are reported to have been stationed outside the hotel with instructions to fire in the air and create general confusion in the crowd at the moment Mussolini was to be struck down, thus aiding the escape of the assassin.

Prince di Scialoja, minister of colonies, has ordered that all Masonic lodges in the Italian colonies be occupied. The prefect of Rome has suspended publication of *Voce*, the republican organ, which had several times been warned for printing alleged false reports.

STANFORD HAS ONLY BEEN BEATEN ONCE BY WASHINGTON U.

SEATTLE, Nov. 6.—(A. P.)—Thirty-two years ago the University of Washington played its first football game with Stanford at Seattle. The contest was won by the Cardinals, 40 to 0. Since then Washington and Stanford football teams have met but three times, during the seasons of 1920, 1921 and 1922. The Huskies have lost all the games with Stanford but one, and that was at Palo Alto in 1922, when an eleven coached by Enoch Bagshaw defeated protégés of Andy Kerr, now Pop Warner's chief assistant at Stanford, 12 to 2.

After arriving here this morning the Cardinals were to take a light workout at the stadium. The Stanford squad consists of 24 men and all of them are reported in good condition.

The Husky football team which will meet Stanford tomorrow has been given the most strenuous and driving training in the history of the games with the southerners and after a final light workout today was to assemble for a "skull session."

The weather bureau has promised fair weather for tomorrow.

COOK WITH GAS

WASHINGTON, Nov. 6.—(A. P.)—A revision of rates on fruits and vegetables moving from California to other Pacific coast states and to Idaho and Utah, which railroads proposed to make effective June 2 last, was held by the inter-state commerce commission today to be unreasonable.

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.
