With but four practice seasons remaining before their first tussle with the Medford High eleven, the Ashland high team is pounding along every night until dark, in an effort to get into shape where they will be able to make a strong showing against the strong Medford outfit," says the Ashland Tidings. "Coach Hughes has been working on speed and then more speed, and his first string men are showing up better than ever before this season. Gonnell, who had to be carried from the field during the Roseburg game is still out of a suit, and it is doubtful whether he will get into the first Medford game. With the exception of Gonnell, probably the same line up which took the field against Roseburg will face the Medford eleven."
