News of Jackson County

RAINS OF GREAT BENEFIT TO RANCH LANDS IN VALLEY

TABLE ROCK, Nov. 13.—The present wet weather is proving very beneficial to fall sown grain in this section, but is doing some damage to uncovered hay stacks.

It is reported that the Seabean ranch in the eastern end of this district has changed hands and the new owner may move onto the property in the near future.

The Nealon ranch and the Table Rock orchard each report the loss of a horse last week from apparently the same cause.

A telephone has been installed recently at the F. R. Myers home, which is very convenient, being connected with the Table Rock line, and Mrs. Myers reports it quite a "gas saver."

During the last few days the hay market has brightened up considerably in this section, nearly 100 tons being disposed of and several more inquiries being received by hay growers.

Probably the tightening of the hay market may be traced to the high price of butterfat, causing dairymen to feed better in an effort to produce more cream.

Lorn Gregory is getting material on the ground to construct a barn on his recently acquired ranch property.

W. T. Hutz, teamster at the Red Skin orchard, left last week for a milder climate to spend the winter.

The school census just completed by the clerk for the Table Rock school district shows a small increase in the number of children of school age.

The Nealon ranch shipped a car of hay to northern points last Monday.

W. R. Harper and sons have leased the John Duggan ranch recently vacated by William Wynatt.

A large number of Table Rock people were in Medford Wednesday attending the Armistice day program and football game.

J. L. Nealon, manager of the Miller place, is having a hay barn constructed with a mow large enough to hold the surplus hay grown on the place, and sheds sufficient to house the ranch implements.

The school house is flying a new flag, which is a gift from Captain S. M. Tuttle.

Miss Alice Seabrook is a regular Thursday visitor in Medford, where she is taking music lessons.

S. M. Tuttle and R. E. Nealon represented the Table Rock school board at the meeting held at Central Point Monday night to discuss the proposition of forming a union high school district. No definite action was taken at the meeting, it being thought best to take the matter up with the voters in each individual district.

A stock buyer was in these parts the other day who was offering four cents on foot for fat cows, which is about the same price the local store is selling spuds for by the sack. We should eat more beef.

Colonel "Bill" Lewis, the Central Point sheepman, mounted on a pinto horse, followed by a flock of shepherd dogs, is seen daily in this section, where his sheep are pasturing. Col. Bill, who carries quite a little avoirdupois, took a notion the other day that he was almost as big as his "hoss," but when each were weighed on the scales it was found that the pinto outweighed him considerably. That is with the saddle on.

Quart of Water Cleans Kidneys

Take a Little Salts if Your Back
Hurts, or Bladder is
Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

JOHN GORE AND FAMILY LEAVE FOR WILLAMETTE

By MARY O. CAREY.
EDEN PRECINCT, Nov. 12.—We are sorry to announce that John Gore and family have gone to the Willamette valley to make their home.

The Gores are one of the first of the pioneer families in the valley, and the Gore homestead is associated with all we love of the early pioneers. Everyone regrets to lose these good neighbors and friends from our midst.

W. J. Warner is building up a fine herd of Holstein milk cows at his North Talent ranch. Mr. Warner is strong on White Leghorn hens as well as the fine cows.

The new residence of A. H. Hearn is very near completion, and will be ready for occupancy by the first of December. This is one of the handsomest of the many new homes in the Highway addition, south of Medford.

Bobby Norris is now boarding at the home of Mr. and Mrs. A. S. Furry while working at the State Experiment Station, at Talent.

A. S. Furry returned Tuesday from a trip with James Campbell to Dutton, Calif., where they went with a bunch of thoroughbred Hereford cattle to pasture in the Sacramento valley this winter.

Mr. and Mrs. Jackson and Mrs. D. W. Henson of Medford were visiting with Mrs. E. A. Reese at her parents' home in North Talent last Tuesday.

Mr. Byron Coleman and his mother, Mrs. Etta Coleman, of San Francisco, were in Medford last Thursday, and called at the Carey home as they were returning home on Friday.

Mr. and Mrs. John Rhelston of Medford were pleasant callers for a short time Sunday afternoon.

We regret to chronicle the untimely death of Frank Chamberlain, of Talent, from appendicitis. Mr. Chamberlain has lived since young boyhood in our midst and was greatly loved and respected by all who knew him. He was a member of the Woodmen of the World at Phoenix.

Mr. and Mrs. Dopp and little daughter Florence, were Ashland visitors last Saturday from Phoenix.

Ed Hughes of Talent has been buying and selling small lots of apples, which he buys of the smaller growers about the valley. Mr. Hughes bought one small orchard lot as far as upper Rogue river.

Born to Mr. and Mrs. E. Withrow, on November 3, a fine baby boy. They call Ed Jacobs "Grandpa," now.

The Talent Missionary society met at the pleasant home of Mrs. Edyth Holdridge last Thursday, where they held a most enjoyable afternoon. After the business session, light refreshment were served.

Reverend Reed and wife left Talent last Thursday for their new residence in Washington stat where they have a son, who is in poor health, and who is in a recuperation hospital. The Reeds have long been residents of Talent and Rogue River, and we regret to announce their going north to live.

Mrs. E. O. Reese, who came to her parents home when her father, C. Carey, met with an accident which nearly cost him his life, by being run down by a horse truck, was called to her home in Sacramento on account of business last Friday.

Mrs. Dr. Malngren, Mrs. E. G. Coleman, Mrs. M. Rose and Mrs. A. S. Furry were each doing trading in Medford last Saturday.

PIRATES OF PENZANCE TO BE REPEATED AT PHOENIX HALL TONIGHT

PHOENIX, Nov. 12.—The Pirates of Penzance will be repeated at Phoenix school auditorium Friday night, November 13. This second performance will please those who did not have an opportunity to hear the opera when it was given by the elementary school two weeks ago. Mrs. Hazelrigg of Medford, will sing between acts.

E. J. White expects to open the Phoenix meat market, soon.

Lester Walton and family have moved from the Wortman place back to their home near Jacksonville.

Mrs. Earl Briscoe and Mrs. James McCormick are at the Sacred Heart hospital.

Having sold the old home where he was born, John Gore and family moved to Eugene last week.

Harold Fish and Edwin White are two local boys who won a trip to the International Stock show at Portland last week.

E. J. White and family have returned from their motor trip to Portland.

The annual praise meeting of the Women's Missionary society will be held at Clyde hall next Friday night, November 20. The speaker will be Miss Roberts, Barr, field secretary of the board of national missions. Other features of the program are a play, "Farming Eden," by Mrs. T. J. Malngren and Mrs. Van M. Morse, and a recitation by Harriet White. The public is invited to attend.

Old Glory was raised for the first time on the new flag pole at the Phoenix schools Tuesday afternoon at 3:30. As the colors floated free, the salute and pledge of allegiance was given, and the "Star Spangled Banner" was sung by the assembled pupils, teachers and board members.

Principal Avaré Whitman gave a brief talk on the meaning of Armistice Day, and the true spirit of its celebration.

A special business meeting of the Whodo club will be held next Thursday afternoon in the Woodman hall. Business matters of a routine nature will be taken up.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles.

Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (Ind.)

Whitman's Marshmallows

Marshmallows enter into many other candies, but a great many folks prefer plain marshmallows—one of the lightest, daintiest candies made. We pack in 1/4-pound boxes—20¢.

Another good old-fashioned candy, made in the best manner, is the package of PEANUT BRITTLE, "snappy and salty," put up in 1/2-pound tin boxes—40¢.

THE GRAY PACKAGE has proved wonderfully popular. It gives the widest possible variety, including some of the milk chocolate coatings, some bitter sweets and some vanilla chocolate coatings. It is everybody's package. In half-pound, one and two-pound packages.
