"Can the Ashland high school eleven, swamped 67 to 0 in the Armistice Day game in Medford, stage a comeback," says the Ashland Tidings.

"Local football enthusiasts regard it as a possibility. They feel sure that such a score can never be repeated. It is pointed out that when Ashland licked Medford, 53-7 in 1921, the Medford squad staged a comeback, and in the return game the score was only 12-6. A lot of things enter into a comeback. In 1921, the Ashland squad, encouraged by their victory, grew over confident. Medford, on the other hand, worked harder than ever. EX-GOBLIN MUST SERVE FOR LIFE

NOBLESVILLE, Ind., Nov. 16.—(A. P.)—David C. Stephenson was sentenced to life imprisonment today by Judge Wm. M. Sparks for the murder of Madge Oberholzer. The former grand dragon of the Indiana Ku Klux Klan chewed an unlighted cigar as his sentence was pronounced. He was found guilty of second degree murder by a jury which reported late Saturday.

Stephenson delivered a short speech before he was sentenced in which he declared: "Time will unfold the cold white light of truth and show this honorable court and the world that D. C. Stephenson is not guilty of this or any other charge brought against him."

PEGGY JOYCE TO DIVORCE COUNT

CHICAGO, Nov. 16.—(A. P.)—The Herald and Examiner today prints a dispatch from Paris, saying Peggy Joyce, whose matrimonial venturing has been much in the public eye, has retained Dudley Field Malone, New York lawyer, to start divorce proceedings against her latest husband, Count Gosta Morner.

The story says that Malone called secretly on the same ship as the countess when she left New York recently to establish her legal residence. The count, it was stated, accompanied his wife to the ship, the leave-taking being such that her intentions were not revealed.

Peggy's romance with the count began in Chicago, when she was appearing in a revue. The marriage took place eleven days after they had been introduced.

HOUSE LEADER TO STAND PAT UPON PRESENT TAX CUT

WASHINGTON, Nov. 16.—(A. P.)—Chairman Green of the house ways and means committee believes the federal revenue for next year has been sliced to the limit of sound policy in the reductions already voted by the committee in the new revenue bill and indicates he will oppose any attempt in the house to increase the tax cut.

In a statement issued as the committee prepared to complete the drafting of the bill Chairman Green announced that the book was closed here to any further pleas for tax relief. The treasury, he said, could not stand any reduction because the \$304,000,000 estimated under the revisions already approved.

This is taken to mean that the committee intends to stand on the rate schedules as now adopted and furthermore, that vigorous opposition will be interposed to any attempt to go beyond the committee's proposal for reduction in the automobile tax. Referring to proposals for total reductions ranging from \$250,000,000 to \$300,000,000 limit recommended by the treasury, Mr. Green said he was opposed to the use of foreign debt proceeds for ordinary expenses instead of reduction of the national debt as contemplated in some of these proposals. He further called attention to the need of a federal building program and the additional demand on government revenue this would impose.

Mr. Green especially expressed the opinion that government revenues should not be cut too closely because of their large dependence on business conditions. The fact that since 1921 the actual reduction in revenue has been proportionately less than the reduction in tax rates, he ascribed largely to changing business conditions.

METHODISTS FIRE HOT SHOT AT WET 'JOHNNY' WALKER

WASHINGTON, Nov. 16.—(A. P.)—Constructing the southern trip of Mayor-elect Walker of New York as a move to obtain the support of that section for Governor Al Smith as a "prospered presidential candidate," the board of temperance, prohibition and public morals of the Methodist Episcopal church views it as "astounding effrontery," and advises the south to "be on its guard."

Assailing Governor Smith and Tammany hall in general, the board declared in a statement published today that it was "exceedingly doubtful if the democrats would carry a six-state southern state" under the "Smith banner." It is not certain, it added, that they "could carry any state at all."

Attacking Mr. Walker's political record also, the board declared the south would be "interested to know" of his "connection with New York's odorous prize fighting game and with those elements in New York which are doing their best to murder American standards of morality."

SLAYER OF HAMLIN GETS SEVEN YEARS

McMINNVILLE, Ore., Nov. 16.—James F. Trent, McMinnville farmer, today was sentenced to seven years imprisonment and fined \$500 by Judge William Ramsey, following Trent's conviction on second degree murder charges growing out of the death of George O. Hamlin, Portland.

Defense counsel immediately filed a motion for a new trial and the court granted a ten-day stay of execution, during which time Trent will be at liberty under a bond of \$10,000.

The prisoner heard the court pronounce sentence without a word. He was slightly pale as he turned from the bench.

Wall Street Report

NEW YORK, Nov. 16.—(By A. P.) Reactionary tendencies predominated in today's stock market despite several favorable dividend announcements. Motors were heavily sold for both accounts, the rapidity of the decline in several issues suggesting the absence of recent pool support. DuPont broke 16 points. Prices developed a rallying tendency during the early afternoon, although money rates were checked up to five per cent. Foundation company, Foreign subsidiary rights were an outstanding feature opening at 15 1/2 and quickly running up about nine points. Selling pressure was renewed just before "delivery time," with the whole market selling off again.

The closing was weak. Higher call and time money rates caused more general selling in the afternoon, bear traders widening the scope of their operations. DuPont's loss was extended to more than 20 points and United States Steel receded to 132 7/8.

Other industrials, including General Electric, Sears, Roebuck, United States Cast Iron Pipe, White and Hudson motors sold five to ten points lower. Sales approximated 2,600,000 shares.

KLAMATH YEGG WHO ESCAPED IS CAUGHT AGAIN

BEND, Ore., Nov. 16.—John Tuel, under indictment in Klamath county for burglary and who was arrested last Thursday in Bend as a suspect in a Prineville robbery, was recaptured this morning at daybreak by Crook county officers after having broken jail in Prineville at one o'clock Sunday afternoon.

When taken Tuel was walking along the highway 20 miles east of Prineville bound for Mitchell, where his wife's family are said to reside. Officers were on their way back, having almost given up the search. The escape was not discovered until nine o'clock last night by the court house janitor. Tuel was the only prisoner in the jail and he is said to have broken a bar on the window which had been broken in a previous jail break and was not well repaired.
