

# FOOTBALL GAME PHOTO COURIERS HELD FOR SPEED

The Seattle Post-Intelligencer did not run photos yesterday of the Washington-California football game at Berkeley as had been planned, as they were stopped enroute when State Traffic Officers J. J. McMahon and C. P. Talent, after a chase of 11 miles, arrested Charles Wingate, a Seattle car dealer, who was taking them to that city by automobile, accompanied by Edward Hiney, for speeding. Wingate put up a \$400 cash bail when brought to Medford, which he forfeited.

The chase was thrilling, according to Officer McMahon, who stated that the Wingate car, a Chrysler, was traveling at a rate of approximately 65 miles per hour when hailed by the officers. The chase commenced at Gold Hill at 4 o'clock Sunday morning and ended near the Savage Rapids dam, a short distance south of Grants Pass, that distance of 14 miles being covered in approximately 13 minutes. At the outset McMahon was handicapped, as both headlights burned out, forcing him to travel in the dark with two fog lights and a heavy downpour of rain in addition. On this wet pavement, in utter darkness, he drove his Buick roadster at an average of 62 miles per hour until he caught the fleeing Chrysler. Twice he skidded dangerously near the banks of Rogue river, but each time he managed to keep to the road.

When arrested Wingate and his companion were brought back to this city, where they were held for \$400 bail money, their car being held by the officers. They were released at noon yesterday and were escorted to Glendale by McMahon, who left them in charge of another traffic officer escorting them out of his division into the next, to again be put under charge of an officer until they reached the Washington line. Both Washington men were formerly auto racers.

In addition, two other traffic law violators were fined in Judge Taylor's court this forenoon. Walter Whisenant, arrested by Talent, was fined \$15 for speeding at a rate of 35 miles through the city of Phoenix, while L. H. Aldeman, arrested by McMahon, was fined \$10 for failure to dim lights on wet pavement. Jade Farber of Myrtle Creek is to have a hearing this afternoon at Grants Pass on a complaint filed by Talent charging him with driving with no operator's license.

# YONCALLA SUFFERS DISASTROUS FIRE

ROSEBURG, Ore., Nov. 16.—An early fire today is reported to have destroyed a clothing store, pool hall and telephone exchange at Yoncalla and to have threatened the entire city for several hours. The fire is reported to have been of incendiary origin and Sheriff Starmer and the state fire marshal have been asked to make an immediate investigation.

The fire is said to have started shortly after midnight either in the Lutz pool hall, or in Mrs. Puyuan's ladies' wearing apparel store. It spread to the telephone exchange adjoining, destroying that building and all equipment.

As the fire department had to turn its full attention to the saving of the business district, the three buildings were burned to the ground and all stock and fixtures were a total loss.

# JILLSON KILLED MRS. NEIL

(Continued from page one.)  
very insistent that she return home, she said. As a rule on these trips to Klamath Falls he carried the pistol. The witness did not hesitate to answer the questions asked her by District Attorney Newton C. Chauncy, adding snap to her answers with clear, flashing eyes.

Mrs. C. W. Winnie, a "next door" neighbor, testified she heard four sharp sounds shortly after 1:20 on Thursday afternoon together with Mrs. Neil crying "Ray! Ray!" She paid no attention, believing that Mrs. Neil was pounding the stairway door to arouse Jillson from slumber, as he slept during the day while he worked at night. After that all was silence about the Neil home, she said. On several occasions, Mrs. Winnie stated she had noticed the uncontrolled behavior of Jillson's temper and cited incidents to that effect.

J. Bowers and C. H. Dunlap, connected with the Ashland Creamery, where Mr. Neil is employed, told the jury of his presence at the creamery during Thursday afternoon until called away by the tragic news of the crime, while Mrs. Louise Faye told how she had seen Jillson's body from the front door of the Neil home, when called there by Mrs. Neil's 8-year-old daughter, Jean, who first discovered it, returning home from school shortly after 4 o'clock, not seeing her mother's body at the time.

The inquestural body, investigating the crime, was composed of five Ashland merchants and one electrician, who were: Thomas Hill, J. P. Holmeyer, R. P. Porter, Thomas Simpson, A. A. Madden and J. P. Murphy.

Although the inquest was closed to the general public, it attracted a crowd of people to Deputy Governor Stock's undertaking parlors, where it was held. After the inquest had commenced the curious left their positions on the sidewalk and went their way.

The funeral for Mrs. Neil was held yesterday at the Episcopal church in Ashland, attended by hundreds of friends, bringing scores of flower bouquets. Jillson's funeral is to be held from the Dodge Undertaking Parlors this afternoon.

# ONE OF EAST'S BEST TEAMS Is Eddie Tryon, Scoring Star for Third Year

By Norman E. Brown.

Eddie Tryon is once more making Colgate one of the most powerful teams in the east.

His penchant for scoring touchdowns with utter abandon and ridiculous ease is again making the Colgate team one of the most talked of ones in the country.

Two years ago Tryon made his first real bid for fame by emerging at the close of a rather hectic season as the leading point scorer in the eastern terrain.

Last year Tryon repeated his work and finished the season ranking second in the scoring records of the east.

This year he has stepped to the fore again and, barring a spurt by one of his rivals, will grab off the scoring honors again. That Colgate is a powerful eleven, thanks partly to Eddie's work, is indicated by the fact that Princeton fell before the Tryonites, 9 to 0.

Tryon is virtually the Colgate backfield, meaning no disrespect to his teammates. Perhaps the one man who challenges Eddie's monopoly of the spotlight is Nick Mehler. Mehler gives the signals for the Colgate attack and then, in an unobtrusive but effective fashion, gives Tryon beautiful aid in getting away. Perhaps Mehler's best work, however, is as a defensive player. He has been the keystone in the stone wall defense of the Colgate eleven, which enabled it to hold Columbia, Clarkson, St. Bonaventure and Princeton scoreless and Lafayette to seven points.

Eddie Tryon

## YALE OFFERS NO ALIBI, CONCEDES TIGERS SUPERIOR

NEW YORK, Nov. 16.—(A. P.)

The eastern football campaign, a triumph for the under-dog, enters the anti-climatic stage next Saturday with opportunities for a few elevens to offset sundry disappointments.

Victory for either Yale or Harvard in their farewell to the 1925 gridiron this week-end would be a come-back after unexpected hardships. Smothered by another Princeton "miracle team" when apparently in position to challenge Dartmouth for eastern honors, Yale gave up the "big three" title satisfied that "a good eleven was defeated by a better one." No changes in the Ell lineup are contemplated for the closing Crimson classic and the team will rest throughout the week.

Harvard, braced by a 3-0 victory over Brown after losing three straight contests to Holy Cross, Dartmouth and Princeton, planned new changes in its offense. Plans effective in former years have been dropped, called with new shifts. Staffed, the new Crimson quarterback who did well against the Bruin, had an injured knee packed in ice today, but expected to be in condition by Saturday.

## 2 AGGIE PLAYERS SENT TO HOSPITAL

CORVALLIS, Ore., Nov. 16.—Saturday's 24 to 13 victory over the University of Oregon eleven was not without its cost to the Oregon Aggies as Ward, first string end, and Dennan, were sent to the hospital with injuries upon their return to Corvallis. How long they will be out has not been determined but fans are hoping they will be in condition for the Idaho game next Saturday.

Coch Schisler ordered light practice today, as a start toward preparation for the Idaho mix.

A triumphal procession, led by Dr. J. N. R. Bell, venerable Aggie mascot and President Keer, formed today in accordance with long established custom and marched to Mary's river where Dr. Bell threw his hat into the river in celebration of the O. A. C. victory over the University of Oregon.

## SEATTLE CHEERS HUSKY HEROES

SEATTLE, Nov. 16.—(A. P.)—Amid the deafening roar of automobile sirens, clanging street car bells and cheers of early morning pedestrians, the University of Washington football team arrived here this morning from Berkeley, Cal., where it defeated the University of California Saturday, 7 to 0.

A long procession of noisy automobiles escorted the Huskies through the downtown business streets. Proud traffic policemen cleared the streets of all other traffic to let the heroes pass.

The players were all reported in good shape.

Klamath county again leads the state for October in amount of fines collected from liquor law violators, the total being \$2175.

## MICHIGAN AND GOPHER CONTEST TO SETTLE TITLE

CHICAGO, Nov. 16.—(A. P.)—The western conference title mixup partly clarified by Minnesota's victory over Iowa, the leading Gophers this week hope to make their championship claim good by defeating Michigan in the outstanding game of the big ten season windups.

This is a week of last appearances for teams and stars. Harold "Red" Grange, Illinois' untamed terror, drops out of the collegiate football picture in the game with Ohio State in Columbus. Eight Michigan men, including Captain Brown and Edwards, star tackle, play their last game against the Gophers. Minnesota must win from Michigan to merit the big crown as the only undefeated team. Should Michigan win, Northwestern would claim a tie for it defeated the Wolverines, even though the Yost men would have five victories to the Purple's three. Northwestern's conference schedule is ended.

While the Wolverines and Gophers rally themselves for the title tilt (Chicago) and Wisconsin groom for a scramble for second rate honors, both have won two, lost one and tied one in the conference. The Maroons, last year's champions, are getting set to wipe out a victory, the failures of its inter-sectional games with Dartmouth last Saturday and Pennsylvania early in the season.

Iowa's modesties are packed for its long trek to Los Angeles to meet Southern California. The Hawkeyes' record is marred by losses to the Wisconsin and Minnesota elevens, but it is considered representative of the mid-west.

## HUSKIES DECLARED BEST IN WORLD

SEATTLE, Nov. 16.—(A. P.)—George M. Varnell who refereed a game Saturday at Berkeley, Cal., in which the University of Washington defeated California, 7 to 0, declared in an article published here today that in the south the Huskies are rated among the best football teams in the world.

Varnell stated that experts in San Francisco "are wondering just how the Huskies won their victory, but how the severe margin was but one touchdown in favor of the Purple and Gold toronado.

In this section of California Washington is being hailed as the best team on the Pacific coast and this is taken to mean one of the best in the United States."

## Pugilist Is Killed

EL CENTRO, Cal., Nov. 16.—(A. P.)—"Labe" Monroy, who fought Tony Escalante at a boxing show here Saturday night, died yesterday. The state taxing commission is investigating the case. Monroy came from Tipton, Cal.

A doctor had advised him not to enter the ring, but Monroy concealed this advice from his manager and started against Escalante. After the fight he complained of feeling ill, went to bed and died yesterday.

## HARDING'S COUSIN MISSING SINCE FRIDAY FOUND

NORFOLK, Va., Nov. 16.—(A. P.)—Isabella Benn, 15 years old, second cousin of President, and Sarah Cohen, 17, who had been missing from their homes in New York City since Friday were found here today by a traveler's aid society worker.

Cook with care.

## 3 SHOT IN PULLMAN CAR WHEN DETECTIVE ARRESTS 2 SUSPECTS

SALT LAKE CITY, Nov. 16.—(A. P.)—The smoking compartment of a Western Pacific railroad Pullman car was the scene of a gun battle between a special agent and two robber suspects here this morning as a train pulled into the local yards from the west.

W. A. Merrill, railroad officer, was shot and dangerously wounded by a man giving the name of Stanley M. Smith, 23 of Sacramento, Cal., and Merrill in turn shot Smith and a man giving the name of A. N. Helffe of New York, believed to have been Smith's accomplice in the robbery of a hotel at Wendover, Utah, some time yesterday.

Merrill, riding the train to Salt Lake from Nevada points, had received a telegram to take the two suspects into custody.

All three men are reported in a critical condition as a result of their wounds.

## MUTINOUS CHINKS FIRE ON RUSSIANS

TSINGTAO, China, Nov. 16.—(A. P.)—Marshal Chang Tso-Lin's fifth Shantung division, occupying mutinous yesterday fired from the rear on the Russian white brigade attached to Chang's forces. It is reported that the majority of the Russians were killed.

The Russians were endeavoring to stem the advance of Marshal Wu Pei-fu's alliance forces when fired. The wounded lay without medical aid until foreign doctors from Tsinanfu daringly entered the fighting area and brought them out.

Most of the Fengtien Manchurian troops in Shantung are natives of Shantung and disinterested observers say it would not be surprising if the majority went over to Wu, as the whole population is said strongly to favor the alliance.

The Russian brigade fired on by the mutineers numbered 3000 and included an armored car party, all the members of which are said to have been killed.

## HARTFORD HAS A BABY EARTHQUAKE

HARTFORD, Conn., Nov. 16.—(A. P.)—This section was visited by another slight earth tremor this morning

## Creaky Knees Quickly Limber Up

Nothing on this earth so good as Joint-Ease for joints that are creaky, painful, swollen or stiff and any good druggist will tell you so.

Just rub it on and away it speedily goes through skin and flesh right down to the tendons and ligaments of the bone—right where all joint trouble starts—then its comforting influence is quickly felt.

Used by millions for bothersome rheumatic joints that need helpful attention.

A tube for 66 cents at all druggists America over.

Biggest Selling Joint Remedy in the World

# Joint-Ease

similar to one felt here Saturday. The "baby" quake was experienced at 10:20 A. M. and lasted but a second or two.

The buildings shook for a moment but so far as could be learned there was no damage. The shock was accompanied by a high wind, a heavy rain and an abnormal temperature. The quake centered in the Hartford district but affected the lighting systems as far south as Middletown. No shocks, however, were felt there.

The records of the shocks were registered on seismographs. It shook buildings.
