

EIGHT VIOLATORS OF SPEED LAW ARE FINED \$125

A total of \$125 was paid by traffic law violators in fines and forfeited cash bonds in local justice courts during the past two days, \$115 of which was paid in Judge Taylor's court here. The charges ranged from reckless driving to poor brakes and all were filed by State Traffic Officers J. J. McMahon and C. P. Talent.

Of the eight violators fined, one received a \$25 fine, while two others forfeited \$25 cash bail each.

For non-appearance in court yesterday Ted GeBauer, arrested by McMahon for speeding, forfeited one bail while F. J. Spencer of San Francisco, driver of an independent stage line from that city to Seattle, forfeited the other for speeding and driving with no speedometer.

J. W. Martman of San Francisco, also a stage driver, was fined \$15 and \$10 on his pleas of guilty to speeding and driving without a speedometer, when he appeared in court yesterday. John E. Schmidt of Grants Pass was fined \$10 for speeding, Austin Eisenbruck, a valley resident, fined \$10 for improper parking on the Pacific highway, and Joe Robustulle of Klamath Falls, \$10 for reckless driving. Robustulle is said to have been drinking from a bottle of grape juice with one hand while driving with the other. When Officer Talent approached a woman companion grabbed the bottle and threw it in the ditch along the highway, according to that officer.

Ray Davis was fined \$10 on each charge of speeding and operating a truck with improper brakes. He was arrested yesterday afternoon by Talent on the Jacksonville highway enroute from Applegate in the employ of the forest service. Jake Faber of Myrtle Creek drew a fine of \$10 in the Grants Pass justice court on a charge of driving a motor vehicle with no operator's license. The complaint was filed by Talent.

THANKSGIVING TURKEY STRONG

PORTLAND, Ore., Nov. 18.—(A. P.)—The local turkey market is steady to strong today on fancy dressed birds but weak and lower on undergrade stock. There are lots of No. 2 birds coming in now. This lower grade stock is piling up in local coolers and there are no buyers.

Prime dressed turkeys are selling at 41 to 42 cents today but the undergrades are not being taken sufficiently to establish a definite market.

Considerable comment is heard on just how high the turkey market will go for the Thanksgiving trade. It is generally admitted that the crop is short but prices are already approximately 50 per cent higher now than they were a year ago at this time. Then they were selling at 30 to 32 cents. Today they are selling at 42 cents strong.

Turkey raisers are holding back on their shipments and this is one of the principal bullish factors at this time.

SLAYER OF FATHER HELD FOR MURDER

ALBANY, Ore., Nov. 18.—John Schwindt, 15, was today charged with first degree murder as a result of the shooting of his father, Joseph Schwindt. Sheriff Frank Hechard filed the complaint. The lad shot his father while the latter was punishing another son. The wounded man died Sunday, after hovering between life and death for two weeks with a bullet in his brain. The lad is being held in the county jail without bail. A hearing will be held Thursday to determine whether the case shall be transferred from the circuit court to the juvenile department.

ANOTHER QUAKE NEAR SHERIDAN

SHERIDAN, Wyo., Nov. 18.—(A.P.)—A severe earth shock which was accompanied by a distinct roar was felt at Dome Lake, a resort in the Big Horn mountains, forty miles southwest of here at 6:45 o'clock Tuesday night. It is believed that the quake may have caused a landslide. The tremor was felt distinctly in Sheridan at the same time and was of a few seconds duration. It was reported by the federal weather station.

Two tremors coming at intervals of several seconds were reported at the United States veterans hospital at Fort MacKenzie. No damage was done.

H. S. Studens Reinstated. PORTLAND, Ore., Nov. 18.—(A.P.)—Three of the seven Grant high school students who were suspended last Friday after they admitted they were members of secret Greek letter societies were reinstated today on signing pledges that they would withdraw from the fraternities. W. T. Fletcher, principal of Grant high, said the other four boys had promised to sign the pledges. Fletcher said he believed all the boys would be back in their classes tomorrow.

WHAT HARVARD LACKS IN MATERIAL The Crimson Hopes to Make Up by Display of Cheek

HARVARD CAN BOAST OF ONE THING ANYWAY.

YALE BEAT HARVARD 25 OUT OF 43 GAMES

HARVARD FACES THE TITLE OF "SET-UP" FOR FORMER LITTLE YELLOWS

By Norman E. Brown. Harvard has tried everything else under the sun in its efforts to keep from becoming the joke of eastern football.

Now the Crimson leaders are going to try Cheek.

Not the kind of cheek One-Eyed Connolly uses to crash the gate, or an insurance agent uses in coming to your house at night.

The kind Harvard intends to employ in the final battle of the year against Yale is a perfectly good quarterback, in fact one of the best quarterbacks in the east.

Cheek served notice last year in that heroic stand the Crimson made against "Ducky" Pond and his cohorts that he would demand a chance for fame this year.

While Gehrke, with his educated toe and beautiful flare plunging drew the lion's share of attention, Cheek was adding his bit of fight to the superhuman defense Harvard put up in the closing minutes of play to prevent the defeat from turning into a debacle.

SPUD SHIPMENTS SUDDENLY SHRINK AS PRICES SOAR

CHICAGO, Nov. 18.—(A. P.)—Sudden big shrinkage in the volume of potato shipments is arousing widespread attention of dealers and of consumers as well. Simultaneously, signs of new strengthening of potato prices are again apparent.

According to a report today by the United States bureau of agricultural economics, the output of potatoes from the principal late producing states has been only 3900 cars in the last week, about 40 per cent less than the week before, and 1250 cars fewer than for the corresponding period last year. The volume from Idaho is well maintained, but other states show a marked falling off.

The truest picture of the potato supply situation, the report says, is seen by a comparison of the production figures from important groups of states.

Compared with the 1924 crop, the present November crop estimate shows a decrease of 70,402,000 bushels in the 19 surplus producing states, and a decrease of 31,491,000 bushels in the 16 deficient producing states, making a total decrease of 101,893,000 bushels in all the late states.

BULL MONTANA RAIDED AND LIQUOR SEIZED

LOS ANGELES, Nov. 18.—(A.P.)—Bull Montana, moving picture actor, was arrested and jailed on charges of violation of the Wright act here early today after a raid on his Hollywood home where deputy sheriffs declared a quantity of wine was found. Montana was released on bail pending trial.

This year Cheek has more than lived up to expectations. The game means more to Harvard than the usual battle with Yale. This may sound odd to those who know the tradition back of these yearly clashes. But it is true.

The defeats Harvard has suffered during the Fisher regime have not only brought the Big Three down from its place in the football sun but now threaten to throw Harvard into a "set up" class.

Teams which once were looked upon as practice teams have come to look upon Harvard as a stepping stone to fame. This is to the point where Harvard might now have to fight its way into a so-called "Big Eight" or "Big Ten" conference. If such an organization were to be formed in the eastern sector.

As far as Yale is concerned, Harvard need not bow its head. True Yale has won 25 of the 43 contests played to date. Harvard has won but 13 and five games have ended in ties. But, confining the matter of prowess to the post-war period, Harvard has the edge. The Crimson has won four of the six games played and Yale but two.

The constant curling and waving demanded by modern style in hair dress, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, streaked with gray; then the hair roots shrink and the hair falls out fast.

Try this for one week! While combing and dressing your hair, moisten your hair brush with a little "Danderine" and brush it through your hair—the effect is startling! Your hair immediately takes on new life and that healthy, youthful lustre, becomes incomparably soft, wavy and appears twice as thick and abundant. "Danderine" costs only 35 cents a bottle at any drug store.
