BIG GAME WITH SALEM DECIDED ON

Willamette Champions to Play Medford Hi Here Saturday, December 5th—All Details Are Agreed Upon—Bleachers Are Planned—Teams Evenly Matched.

The Salem high football team, champions of the Willamette valley, and the Medford high school, champions of southern Oregon, will play a post season game at Van Scoyev Field, (Holly St.) Saturday, December 5. Acceptance by the Salem team and sanction of the state high athletic association were received this morning by the local school authorities.

The title of western Oregon champions, will go to the victor. Both teams, went on their knees, and begged and implored the Jefferson high school, Portland, for a post-season game. The Jefferson answer was: "Nothing would be gained by playing an Oregon team," and announced their intention to seek a game with an Ohio or a southern California team.

The teams are evenly matched, and both are coached by two former University of Oregon stars, Hollis Huntington for Salem and Prince Callison for Medford.

Announcement that the long sought for contest was arranged was made to the noon assembly at the high school and received with whoops of joy.

The contest should be the most spectacular, colorful and largest attended athletic event in the history of southern Oregon, and pre-game forecasts indicate a crowd of 5000. Medford played to 3000 people on Armistice day, and 2500 in the Marshfield game, earlier in the season.

Both teams are evenly matched, as in experience, Salem having the advantage in weight and Medford in speed.

The dope on the respective ability of the two teams from this season's games, is as follows: Albany beat North Bend, 28 to 0; Salem beat Albany, 3 to 0; North Bend played Marshfield to a nothing to nothing tie, and Medford defeated Marshfield, 41 to 7. The way the dopers figure, these scores make the teams about evenly matched.

The officials for the game will probably be Manerud, referee; Bliss umpire; Evans, headlinesman, all of Oregon, with Cramer of Grants Pass and Young of Ashland, linesmen. If these officials are not acceptable, Stanford and the University of California, will furnish the officials. No official will be from either this city or Salem.

COLLEGE TOWN TORN ASUNDER BY CELEBRATION

Northwestern Students Burn Fraternity House, Put Police to Rout and Knock Mayor Senseless in Honor of Their Winning Football Team.

CHICAGO, Nov. 24.—(A. P.)—Defying police pistols, tear bombs and streams from fire hose, 3000 Northwestern university men and women students last night celebrated the prowess of their football team by rampaging all over quiet and aristocratic Evanston.

Before their enthusiasm waned early today, a vacant fraternity house was in ashes, a policeman had two broken ribs, four students were in jail, scores had black eyes and cracked heads and Mayor Charles E. Bartlett, nursing a bruised head, declared Northwestern would never get the new stadium it has planned.

The police and firemen were helpless when the jubilation began, by pre-arranged plan, about 9 o'clock. The cops were stripped of their badges and made the victims of their own maces. Firemen, dashing to answer numerous alarms, most of them false and others resulting from bonfires, had their hose knotted and equipment dumped and scrambled.

Finally, after reinforcements of riot squads came from Chicago and forty World war veterans were mobilized by a former service men's organization to aid the police, the students retired to the Lake Michigan front and finished off the evening with huge bonfires, songs and cheers.

President Comments. President Walter Dill Scott, who had been out of Evanston, returned as the celebration concluded. His only comment was that the burned house "wasn't worth much anyhow," and that the university would not interfere in behalf of students who had violated city ordinances. They would have to stand the consequences in the city courts.

The melee started when students fired the fraternity house, which was to be razed and replaced by a new quadrangle. The interior had been soaked with oil. Others oiled and ignited the old wooden stadium which the university hoped to replace with a concrete structure next year if city permission was given.

Firemen who responded to alarms and attempted to quench the flames were stamped by crowds of students. Attempts to quiet them were made by Kenneth L. "Tug" Wilson, athletic director and gridiron stars of the school, Captain Tim Lowry and Ralph "Moon" Baker. These succeeded in persuading the students to extinguish the stadium fire.

Police Chief Hooted. William A. Willberger, police chief, advertised by Evanston as the only chief of police with a college education, attempted to speak, but was hooted down as the "scientific chief of police." Mayor Bartlett, working with firemen to recover lost equipment, was knocked senseless.

When he was revived he said the cue the others but was unable to do so on account of the flames. The bodies of the victims, charred, were found on the bedroom floor. The only escape from the bedroom was through the kitchen.

TROUBLE IN CHILE OVER U. S. ACTION

Ex-President of Chile Flays U. S. Delegates and Charges Them With Fomenting Discord and Hatred—Pershing Reported Ready to Leave—Cruiser Denver to Arica.

ARICA, Chile, Nov. 24.—(A. P.)—Americans in Arica are accused by the former Chilean president, Arturo Alessandri, of promoting "conflict, discord and hatred" between Chile and Peru instead of trying to solve peacefully the dispute over Tacna and Arica.

The former president's charges were made in a speech delivered yesterday afternoon at the funeral of a carabinieri, who was killed in an attack last Friday on a carabinieri station at Morutia.

"We went to Washington," Senor Alessandri said, "and there met with the justice and co-operation for the work of peace which we were looking for. But through events, which I hope will be corrected, those charged with carrying the olive branch as messengers of that great American people instead of bringing peace, seem to have carried out a program bringing conflict, discord and hatred among the two peoples which they were to join with the holy bonds of fraternity and love."

WASHINGTON, Nov. 24.—(A. P.)—The cruiser Rochester, on which General Pershing went to South America for the Tacna-Arica negotiations, has been ordered relieved for a trip to the United States, but so far as known here the movement does not involve any change in personnel of the Tacna-Arica commission.

It was learned today that General Pershing has been anxious to come home for a brief visit, officials giving as the reason a desire to be in the United States during the Christmas holidays. Latest available information here, however, is that he probably will not do so.

The official explanation given for the return of the Rochester is that she is in need of repairs. It was declared today that the decision to send the cruiser Denver from the canal zone to Arica to relieve the Rochester was reached some time ago, although it had been kept secret. It had been apparent for some time that the Washington government was looking with some concern on the trend of developments at Arica. There have been no intimations that General Pershing or members of his staff are in need of personal protection and the general tendency among officials here today was to refrain from drawing any hasty conclusions as to the mission of the Denver.

Steps will be taken, however, to ascertain all the facts. There is no doubt that if General Pershing regards the state of public opinion in Arica as warranting the presence of another man-of-war at that port the American government will approve promptly of such an arrangement.

The "Daily" Bank Robbery

CHICAGO, Nov. 24.—(A. P.) A band of five or six robbers fought a pistol battle here today with a bank messenger and his guards, wounding Police Officer Patrick O'Shea and dashing away in an automobile with approximately \$50,000. O'Shea may die.

The money was being transferred from the Drovers National bank in the stockyards to the Continental and Commercial National bank in the central business district. An automobile filled with robbers halted the messenger's party and began firing when resistance was shown.

Society Peacemaker

Casté is the most important factor in society in British East Africa, and two governor-generals sent out from London have failed in an attempt to reconcile the interests of the several racial factions in the territory because of it. Britain expects Lady Grey, wife of the new high commissioner for the district, to have more success in keeping society within peaceful bounds. She is a noted English beauty and a favorite in Mayfair.

DUSKY BRIDE IS TOO UNDONE TO TAKE THE STAND

WHITE PLAINS, N. Y., Nov. 24.—(A. P.)—The plaintiff's case in the Rhineland annulment suit was closed at 1:30 o'clock this afternoon. Alice Beatrice Jones, defendant in the suit brought by her husband, Leonard Kip Rhineland, will not take the witness stand today as had been planned.

Lee Parsons Davis, defense counsel said he had intended to call her to testify, but that his plans had to be changed because of her break-down last night following the ordeal yesterday when she appeared, partly dazed before the jurors so that they could see the color of her skin. This was at the request of Davis, who sought to prove that Rhineland must have known that she was part negro.

After the plaintiff's side had rested its case, Davis made the usual motion that the case be dismissed on the grounds of insufficient evidence and asked that the question be withdrawn from the jury.

"I'll let it go to the jury," said Justice Morchauer in denying the motion. He cautioned the jury not to be influenced by his ruling on the motion.

BUSINESS MAN SHOOTS THREE IN PRIVATE OFFICE

SAN FRANCISCO, Nov. 24.—(A. P.)—John L. Hitchcock, well-to-do property owner, arose in the midst of a business conference in a downtown office today, shot his three conferees, inflicting severe wounds and then shot himself through the head. He is believed to be dying.

H. H. Gutterson, Berkeley, a prominent merchant, was shot in the left arm. Clarence Moore was wounded in the right arm. Angelo Hewetson, Alameda, was wounded in the chest and head and his condition is serious. The men assembled in the office at about 9:30 a. m., and greeted each other pleasantly. The conference had been called to order but a few minutes before Hitchcock began firing.

In a statement at the hospital Hitchcock said that the men, who are all in the building business had been retained for certain alterations on his home here. He was dissatisfied with the work done, he said, but remarked that he regretted shooting Gutterson, whom he held was in no way to blame.

ARMED BANDITS TERRORIZE TOWN BLOW UP BANK

Gang of Desperadoes Hold Michigan Town at Bay for Nearly Three Hours—Bank Dynamited, But Effort to Secure Money Fails.

CASSOPOLIS, Mich., Nov. 24.—Armed bandits terrorized Cassopolis for nearly three hours early today, firing at every resident who dared to appear on the street, and finally roared out of town, after failing to rob the First National bank.

The bandits, variously estimated at between five and ten in number, entered Cassopolis shortly after 2 a. m. They bound a night watchman and three other men who were in two all-night restaurants, cut telephone and telegraph wires leading out of the city and for two and one-half hours ruled the town.

At 4:45 a. m. after an ineffectual attempt to break the vault of the First National bank, the bandits left in an automobile.

During their stay the bandits fired between 100 and 150 shots, and only one shot was fired in return. Revolvers and sawed-off shotguns were used and the targets were any who appeared on the streets or who showed lights in office buildings or residences near the business section.

George Jones a stock buyer, was the only casualty. As he emerged from his house he was greeted with a volley. A shotgun slug inflicted a neck wound and he retreated into the house.

The robbers first visited an all night restaurant and bound the proprietor and the village night watchman who was in the place.

Leaving a guard over the men, the other bandits went to another restaurant and treated its proprietor similarly.

The front door of the First National bank then was forced, the robbers taking their four prisoners inside with them. The outer door of the safe was dynamited, no effort being made to deaden the sound of the explosion and the noise brought several persons to the street and to windows. Five charges of dynamite were exploded, the outer doors of the vault being torn away, but the inner door withstanding the bandits' efforts.

Over a wire which the bandits failed to cut, a Mrs. August, night telephone operator, notified officers at Siles while the bandits still were at the bank, and roads leading out of Cassopolis were immediately placed under guard.

Dr. Kelsey offered the only resistance to the bandits. Called by the telephone operator, who told him there was trouble at the bank, the doctor drove down town. One of the bandits began shooting under his car. Dr. Kelsey fired a shot at the man and then drove away amid a storm of shotgun slugs from the bandit's gun.

MAY PARDON CHAPMAN SO HE CAN HANG

Signing of Habeas Corpus Again Gives Gerald Chapman, Notorious Bandit, New Lease of Life—Case Will Probably Be Taken to U. S. Supreme Court.

NEW HAVEN, Conn., Nov. 24.—(A. P.)—Gerald Chapman, notorious bandit, has escaped death on the gallows at the state prison December 3, as sentenced when convicted of the murder of a New Britain policeman more than a year ago.

A writ of habeas corpus, sought on the ground that Chapman is still a federal prisoner and cannot be put to death by the state of Connecticut until he has served his 25 years' sentence in Atlanta for mail robbery, was signed by Federal Judge Edwin S. Thomas yesterday.

The writ directs that Chapman be produced before Judge Thomas at state prison next Monday. Chapman's lawyers say the case will go to the United States supreme court if necessary.

Chapman, originally sentenced to die last June, obtained one reprieve in order to seek a new trial. His efforts in that direction failed.

Governor Trumbull has indicated a second reprieve will be granted as a result of the habeas corpus proceedings. The possibility of a presidential pardon for Chapman, as far as the mail robbery is concerned, in order that he may be executed, is under consideration at Washington.

Attorney General Sargent is inclined to the belief that a pardon is necessary in order to give the state jurisdiction.

PLYMOUTH, Vt., Nov. 24.—(A. P.)—Colonel John C. Coolidge, father of the president, who has been seriously ill here with heart disease, came out of his home for the first time today in more than a week, gave a brief interview and was photographed.

The 80-year-old patient was fully dressed and although a stiff wind was blowing and the day was bitter cold he walked unaided from his porch to the lawn, where he consented to pose for pictures.

"Are you planning to go to Washington for Thanksgiving?" he was asked.

"I'll let you know," was the laconic answer.

Then he insisted on walking across the road and inspecting the wood pile alongside the community church.
