The Answer to the Burning Question

Family Permits to Make Wine Revoked By Secretary Mellon

WASHINGTON, Nov. 24.—(A. P.)—All prohibition permits allowing householders to manufacture annually 200 gallons of wine were ordered withdrawn today.

The action, which was forecast earlier in the week, sweeps aside one of the few remaining practices of pre-prohibition days. There are more than 200,000 of the permits outstanding.

Under the practice any family could obtain license for the manufacture of fruit juices other than cider without payment of tax and without giving bond.
