NEW BUILDING ORDINANCE FOR CENTRAL POINT

By F. M. Jones.
CENTRAL POINT, Nov. 27.—The city council of the city of Central Point, met in adjourned regular session on Saturday, November 21, at 7 p. m., in the city hall. The object of the meeting was to complete passage of a new building ordinance. Mayor Loeber presided and after the final reading of the ordinance it was unanimously approved, the mayor's approval obtained and the new city law became effective at once.

The new building regulations provide that a permit must be obtained in order to erect, repair, raise or in any way alter any buildings, either for business or residential purposes within the city limits; it also provides for a building committee, to be appointed by the mayor, whose duty it will be to inspect all building activities in the city, and to either approve or condemn according to the wording of the ordinance.

It is also understood that there is a clause which requires that any new structures erected within the first and second fire zones, which embrace the main business district, be of either brick or concrete.

Whenever building becomes as brisk in any town as it is at present in Central Point and people are waiting for new houses to live in, there are always some who will rush through a lot of little shacks in order to catch the first "crop" of renters and it was this knowledge which prompted the city council to frame and pass this ordinance. We don't want a "shacktown" and the people of Central Point should be very grateful to the council for their prompt action in such a case.

The building activities within the past few weeks have been a step forward for us and this new ordinance is another, and it is a fact that when, in any walk of life, one or more steps have been taken, others must surely follow, and whether it be a private organization, a large city or a small one, it is going to move on and on to bigger and better things, for in nature's great plan there is no possibility of standing still. So let's pull together. "Hah! for our side."

Mrs. L. Hatfield, who has been suffering from an attack of grippe is again able to be on the job at the Hatfield Drygoods and Ladies' Furnishings Store.

The Gateway Theater has been for some time showing some of the finest pictures ever seen in the valley and as a result is enjoying increased patronage.

Cecil Cochran left the first of the week for Ventura, Calif., having received a telegram to the effect that a position in that city was being held open for him. A brother, Lawrence, has been living there for some time.

Jones the Jeweler, is still on the shelf, tenderly caring for a choice collection of bolts.

Mr. and Mrs. F. M. Miltenberger of the Central Point American, motored to Portland last Saturday on a business trip, returning late Wednesday evening. They state that they found it very cold in the northern part of the state and that no relief was noted until after Roseburg was passed.

Mrs. J. Fry, who has been suffering for some time from eye trouble was a Medford caller Wednesday, consulting while there an eye specialist.

The Christmas seal sale begins Monday, Nov. 29, and will continue for several days. You can obtain them from any of the merchants in town; a number of children will also go from house to house selling these stamps.

Remember that the Oregon Tuberculosis society exists solely through the sale of these little messengers of cheer and good will, and that every cent received from the sale of these seals is spent by this society in the pitched battle which they are waging for the cure and prevention of the great white plague; so come along, get busy and let's make this the biggest Christmas seal sale on record for this part of the country.

There were enrolled last year one hundred new members of this society in Central Point alone; let's renew the old ones and add another hundred—or two hundred—members this year and make it a good one while we're about it.

The Newlyweds, Mr. and Mrs. Clifford Webber motored over from Klamath Falls on Wednesday evening to spend Thanksgiving at the home of Mrs. Webber's parents, Mr. and Mrs. John Breuner. As the six young folks had eluded their many friends following their recent wedding and had slipped off to Klamath Falls without giving anyone a chance to make any racket, several of these friends were waiting for them when they arrived in Central Point and gave them a rather noisy welcome with the aid of auto horns and other noisemakers and managed to make life a burden for them for a time at least. Eyed it as you may, justice will overtake you sooner or later.

Mr. and Mrs. J. Morton and family, which includes Harold Morton of The Mail Tribune, entertained at Thanksgiving dinner Thursday and a royal feast it was. Your correspondent knows; he was "among those present."

C. R. "Tood" Richmond sneaked over to Klamath Falls for Thanksgiving. What's the "Tood," somebody over there have turkey for dinner?

Episcopal Church People—Take Notice

The members and friends of St. Mark's church are invited to attend an informal reception to Bishop Sumner at the Parish House on Saturday evening at 8 o'clock.
