NO. 214

ARMY WINS FROM NAVY 10 TO THREE

Cadets Have All the Best of Classic Football Struggle at Polo Grounds—Navy Scores First, But Army Comes Back Strong With Touchdown and Field Goal.

POLO GROUNDS, NEW YORK, Nov. 28.—(By the Associated Press)—The Army torpedoed the Navy's gridiron craft today and won the annual service battle, 10 to 3, before a notable crowd of 65,000 spectators.

The Navy won the toss and kicked off to Wilson, who returned to the Army's 30-yard mark. The cadets failed in an aerial attack and were forced to punt. Hamilton punted to Wilson on the Army's 45-yard line. From there Wilson, for the army, broke through left tackle on the first play and dodged his way 42 yards to Navy's 13-yard line. When three line plays were smeared the Army called in its star drop kicker, "Red" Reeder, but the latter's attempt was partially blocked, the cadets recovering on Navy's eight-yard line. The Navy's forwards again threw back the cadets on three straight plays at the line. Flippin, Navy back, then intercepted a lateral pass and raced to his own 24-yard line, and a Navy punt pushed Army back into its own territory again. The rest of the first period consisted chiefly of a punting duel, in which Trapnell of the Army had slightly the better of his Navy rival.

Navy Scores First.

The Navy's attack got into motion early in the second period for the first time, an eleven-yard dash off tackle by Shapley and a sensational forward pass, Shapley to Hardwick, putting the ball on Army's 12-yard line. Three rushes netted eight yards, then Hamilton dropped back and booted a pretty field goal from the 12-yard line and put the Navy in the lead, 3 to 0.

After successive fumbles by each team around mid-field, Army opened an attack from Navy's 46-yard line, penetrating to the sixteen-yard line, when Trapnell took a 23-yard pass from Harding. Harding tossed a pass to Captain Baxter, end, who grabbed the ball and fought his way over the line for a touchdown. Wilson kicked the extra point. Navy's air attack threatened toward the close of the half but the cadets broke it up. Score—Army, 7; Navy, 3.

The Navy shifted its backfield at the start of the third quarter, Mellican replacing Flippin and Banks taking Caldwell's place, while Cross substituted for Captain Lentz in the line.

Captain Baxter kicked off for the Army and Hamilton ran it back 18 yards to his 28-yard line. On the first play, Banks ripped through right tackle for a 24-yard gain, but Army checked the next few rushes and Hamilton punted.

Army Scores Field Goal.

A fumble by Hewitt gave the Navy the ball on Army's 40-yard line after Wilson had intercepted a middie pass, but the Army stopped another aerial drive and the cadets opened up a fresh attack. Hewitt broke through center for a 15-yard gai nto put the ball on Navy's 45-yard mark, but a five-yard penalty for off-side play upset the cadet march.

Trapnell dropped back to punt, but fell, then fumbled and Navy recovered on Army's 40-yard line. The tide switched the other way again when Daly intercepted a Navy pass. From Navy's 45-yard line Hewitt led an Army drive that steadily pushed the middies back. Hewitt made first dow non the 12-yard line. When three rushes yielded only seven yards, Reeder was called in to try a drop kick again, just as the third period ended and shifted the forces to the other end of the field.

Reeder made good his field goal attempt on the first play of the fourth period, lifting the ball between the bars from the 15-yard line

President's Son Is Again a Guest at Best Girl's House

PLAINVILLE, Conn., Nov. 28.—(A. P.)—John Coolidge, son of President and Mrs. Coolidge, and William R. Steele of Rochester, N. Y., classmates at Amherst college are house guests of Governor and Mrs. Trumbull at the Trumbull home here. The young men attended a dinner and reception last night in honor of Miss Florence Trumbull, the governor's eldest daughter on her 21st birthday. This is young Coolidge's second visit at the Trumbull home. Near the end of the school year last spring he was entertained several days by the Trumbulls, whom he met while going to Washington for the inauguration of his father.

WHITE RESENTS CHURCH ATTACK ON AM. LEGION

Brigadier General Declares Christian Advocate's Slur On Service Men Unjustified —Legion Should Not Suffer for Actions of a Few.

SALEM, Ore., Nov. 28.—Attacks on the American Legion made in the November 19 issue of the Christian Century, Chicago publication, and condemnatory resolutions of the Omaha Council of Churches, are unjustified and unfortunate, declared Brigadier-General George A. White, one of the founders of the American Legion in France, when asked today for comment on the attacks. He was asked if in his opinion there was any basis for the Christian Century's contention that the American Legion has reached "the parting of the ways" as the result of alleged disorders at the recent national convention.

"Denunciation of the American Legion by the Christian Century, based on resolutions of the Council of Churches at Omaha, because of allegations that some of the delegates at the national convention were drunk," said General White, "is just as narrow and unjustified as would be a denunciation of churches by the American Legion based on charges that some pillars of the church drink on the sly.

"The high purpose of the American Legion as a whole in fostering and sustaining the patriotic life of the country in promoting higher regard for the law and order and fostering the highest ideals of citizenship, is just as firm today and just as general as are the purposes of the Council of Churches in promoting the moral betterment of the country.

"In undertaking to make a maudlin show of a few delegates to a national convention at St. Louis of a few years ago, the Christian Century entirely ignores the action of that legion convention in shouting down a resolution adroitly presented for the purposes of committing the legion to the support of wines and beers.

"Anyone who has taken the pains to observe the course of the ex-service men can only conclude that the period of their best service for good government, for good law and order, in the community service, is just beginning, now that they have almost passed the hard period of readjustment following the return from war service. The spirit of citizenship, fused in the white heat of service for country, will continue to dominate the ex-service men as a whole through the years to come until it leaves behind it just as fine a record of service as is being left by the Grand Army of the Republic."

In Darkest Philadelphia.

PHILADELPHIA.—The largest negro population of any city is predicted for Philadelphia shortly by F. W. Wilson, a state welfare official.

New Mayor for Eugene.

EUGENE, Ore., Nov. 28.—E. U. Lee, local business man and financier, was today named mayor of Eugene to succeed E. B. Parks, recently resigned. Selection of Mr. Lee was made by members of the city council.

GOV. PINCHOT WOULD END COAL STRIKE

Pennsylvania Governor Calls in United Mine Workers and Offers Concrete Plan of Settling Walk-Out—Wants Assurance That Price of Anthracite Won't Be Raised.

HARRISBURG, Pa., Nov. 28.—(A. P.) Governor Pinchot today submitted to leaders of the United Mine Workers, gathered here at his request an eleven point plan for a new wage agreement including a provision for immediate termination of the present suspension and resumption of mining operations.

The plan outlined by the governor proposes a five year contract, creation of a joint board of investigation and award to study the industry and determine whether increased wages can be granted without increased prices; a modified form of check-off without actual full recognition of the union, equalization of wages by the board of conciliation established under the Roosevelt settlement of 1903, and maintenance of 1925 coal price schedules.

The governor set forth three conditions for any settlement, the first of which, he said, "should be every practicable assurance to the public that the price of anthracite will not be raised by the operators."

The second condition, the governor declared, should be that another interruption of supply like the present will not soon take place and the third should be "that an honest effort will be made to prevent another interruption of supply from ever taking place."

DRUSES AROUSED BY DEFEATS, START WAR IN EARNEST

BEIRUT, Syria, Nov. 27.—(A. P.) The defeats which the French have administered to the Druses at Rasheiya and in the Bika valley appears to have fired the whole Djebel Druse to greater effort.

Pre-arranged signals in the form of fires on Mount Hermon and other high places are calling for Druse reinforcements.

In response to this primitive wireless employed by these stubborn mountaineers, the villages are being emptied of their menfolk. Their chiefs are fortifying Hasbeiya, their headquarters, in preparation to meet further French attacks.

Meanwhile French forces are moving close to Sueida, in the heart of the Druse country and the headquarters of Sultan Altrash, chief of the tribe.

COPCO EMPLOYEE TO BE AWARDED INSULL MEDAL

SPOKANE, Nov. 28.—(A. P.) To present an Insull medal for quick resuscitation and rescue of a fellow employe to Howard Dynan, an employe of the California Oregon Power company of Medford, Ore., John B. Fisken, an electrical engineer of this city, will leave tomorrow for Medford. He will act as the representative of Samuel Insull of Chicago, donor of the award.

Dynan revived Burt T. Green, a fellow employe, recently, when the latter had been burned while working on a pole and had fallen to the ground.

EAGLE PT. GIVEN 6 MONTHS' TIME

SALEM, Ore., Nov. 28.—The state irrigation securities commission today voted an extension of six months guarantee of interest on district bonds of the Eagle Point irrigation district.

The district asked an extension of a year and a half. The additional year will be granted at the end of the six months period if at that time the district can show that it has a definite settlement program under way.

Imported From France for Films

Ability shown by Mlle. Arlette Marchal, noted French professional beauty, in "Mme. Sans Gene," a photoplay made in France by an American company, has caused her to be called to Hollywood to play leading roles.

WIFE TALKS SO ARTIST REFUSES "QUIET" DIVORCE

CHICAGO, Nov. 28.—(A. P.)—Suits of Frank Lloyd Wright, noted architect, for divorce from his sculptress wife, Mrs. Miriam Noel Wright, and of the wife against him, charging desertion and cruelty have been withdrawn because, his attorneys say, "she talked."

Instead of allowing Mrs. Wright, who has written of her life with the architect in a Chicago newspaper, to obtain a decree uncontested, he will go through with his original plan of suing on grounds of desertion.

He is expected to sue for separate maintenance.

The suits were withdrawn in Baraboo, Wis., after the sculptress told how she had submerged her art and herself in him, spoke to no one else for weeks at "Taliesen," his Spring Green, Wis., estate, and fled with him to Japan, where they lived for seven years.

She named Mme. Olga Milanoff, a dancer, employed as housekeeper at "Taliesen," as having supplanted her.

Fred G. Silsbee, representing the builder, explaining the withdrawal of the suits said:

"Our plan for a 'friendly' divorce is off through the tactics of Mrs. Wright. My client, instead of allowing her to obtain a decree uncontested, will go through with his original plan of suing for divorce on grounds of desertion."

The architect left here last night, saying he was "going home." Mme. Milanoff also left for an unnamed destination. Mrs. Wright was prostrated by a sudden illness yesterday and remained at her hotel. Her physician said she would be better today. In her story Mrs. Wright said she had been "bullied" into agreeing to a divorce, which she opposed after she had learned of the other woman, who, the architect said, was "necessary to his happiness."

Mrs. Wright in 1915 went to "Taliesen" after Mrs. Mamah Borthwick Cheney, for whom Wright left his wife and six children, had been slain with her three children by a crazed negro servant.

The "Daily" Bank Robbery

LOS ANGELES, Nov. 28.—A lone bandit obtained $5500 when he held up the Manchester-Moneta Avenue State bank just before closing time yesterday.

The Noted Dead

THE DALLES, Ore., Nov. 28.—A. S. Bennett, former justice of the state supreme court and one-time democratic candidate for governor, died at his home here this morning. Death resulted from tubercular glands of the throat. Mr. Bennett is survived by his widow, one daughter, Mrs. Chauncey Butler of Portland, and one son, Alfred M. Bennett of The Dalles. He was prominent in legal and political circles of the state for many years.

PACIFIC COAST HAS CINDERELLA, PARENTS OBJECT

SAN FRANCISCO, Nov. 28.—(A. P.)—Victoria Deschamps, 14, demure and dark-eyed, is preparing for an experience similar to that which changed and delighted Cinderella when the fairy godmother waved her wand. If her parents, who live on a farm near Missoula, Mont., consent, she is to be adopted by John Warren McCord, Alaska miner and oil prospector, who finds that the tinkle of gold cannot compare with the tinkle of a child's laughter.

There is a possibility that McCord's former wife, who now lives in Mexico, may object also, but nothing has been heard from her as yet.

The well-to-do McCord met Victoria and her two sisters while the girls were in Portland recently, on their way from Missoula to a visit in San Francisco. The girls, unused to travel, were confused by the bustle at the big depot. McCord, seeing their plight, came to their assistance and soon set them aright. Later the acquaintance was resumed in San Francisco.

MISSOULA, Mont., Nov. 28.—(A. P.)—Members of the Tony Deschamps family have not been approached upon the proposal of Warren McCord to adopt Victoria Deschamps. This was announced today by the girl's mother. Mrs. Deschamps said she had heard nothing from either McCord or her daughters in San Francisco and until the matter was presented to the parents no decision would be made.

Wall Street Report

NEW YORK, Nov. 28.—(A. P.) Stock prices turned reactionary after an early display of strength in today's market.

Motors, which had registered the sharpest recoveries were offered in large volume, breaking 3 to nearly 4 points below their early high levels.

Coca Cola broke over ten points below yesterday's closing prices and duPont, American Can, United States Industrial Alcohol, Radio, United Cigar, Commercial Solvents B, Sloss Sheffield and International Combustion Engineering were carried down 3 to 4½ points.

The closing was heavy. Sales approximated 1000 shares.

FOOTBALL SCORES

Boston college 17, Holy Cross 6.
Second period: W. S. C. 10; U. S. C. 6.

Wrestler Gets a Bride.

SACRAMENTO, Cal.—Marin Plestina of Chicago, Slavonian wrestler, was issued a marriage license to wed Miss Lucia Gospodnetich of Sacramento. The couple will be married Monday night just before Plestina engages in a bout.

Navy Goat Paints Broadway Red, But Is Tackled for Loss

NEW YORK, Nov. 28.—(A. P.)—Navy men here for the Army-Navy game were busy explaining that although the Navy goat got loose last night and was chased down Broadway, the Army had no part in the episode.

Breaking loose from its escort, the chin-whiskered mascot, which perched today atop the rocky crags adjacent to the Polo grounds and blahed at the efforts of the Army eleven, led a wild chase through theater-hour traffic ending in a flying tackle by one of the middies. Several young ladies cheered but whether for the goat or the middies could not be learned.

HEAVY LOSS OF LIFE FEARED IN ITALIAN STORM

Huge Tidal Wave Sweeps Over Coast of Italy Devastating Towns and Spreading Terror and Destruction —Sicily Hard Hit—Ships Wrecked.

NAPLES, Nov. 28.—(A. P.)—A tidal wave sweeping during a terrific storm has devastated the town of Bodnara, in Calabria near the Strait of Messina. The nearby port of Montelenne di Calabria also suffered heavily. No estimate of casualties is available.

The populations of both these towns fled in terror from their homes. Houses were torn from their foundations by a deluge caused by rain and incoming sea water.

A few tugs are known to have been sunk.

Bagnara has a population of about 7500 and Montelcon about 10,000.

The storm also was heavy at sea southwestern Italian coast and northern Sicily. Many parts of the countryside suffered heavy damage.

The greatest force of the storm was felt in Sicily and the province of Calabria. Many persons are known to have been injured and scores of homes damaged. Communications were disrupted, railway tracks being washed out and telegraph and telephone lines broken.

The stor malso was heavy at sea where disasters are feared, although none has been reported. Three steamships were damaged but succeeded in reaching port safely. Three men are reported to have been drowned near Salerno, thirty miles southwest of Naples.

Serious damage is reported from the Sicilian ports of Messina, Trapani, Calania and Milazzo.

A. A. A. Starts Drive to Abolish Motor Speed Fee System

WASHINGTON, Nov. 28.—(A. P.)—The American Automobile association announced today that it would support a program of placing all main highways of the country under state road patrols and abolishing the fee system of arrests, in order to "rid motordom of its worst infestation, the speed trap and the roadside court."

Other recommendations of the program are that arrests be based on recklessness rather than "technical" speed violations and that evidence obtained by "speed traps" be barred by law.

WALL ST. IS IN CONTROL OF BELGIUM

Premier Vandervelde Admits Belgian Policies Are Now Dictated By New York Financiers—Had to Choose Between Bankruptcy and Vassalage.

BRUSSELS, Belgium, Nov. 28.—(A. P.) That Wall street is dictating the Belgian government's domestic financial policy is the accusation which the cabinet will be called upon to answer when parliament re-assembles. A bitter controversy on this subject is raging in the political circles and newspapers. It began with a recent meeting of the finance committee of the chamber of deputies when former Foreign Minister Jaspar inquired of Premier Vandervelde whether the government was acting under pressure from American and London bankers in cutting its budget expenses by 159,000,000 francs.

M. Jaspar emphasized the fact that the government had previously declared no further reductions could be made in the budget. He added:

"If the government's answer is in the affirmative, these facts are of the utmost gravity and permit the conclusion that Belgium is in the grip of American and British financiers who are dictating their conditions and that the Belgian parliament no longer is in control of the situation.

M. Vandervelde was quoted as replying:

"The statements in the press to that effect are exactly true. The government had its choice between two alternatives, either to obtain a loan or give up stabilization of the Belgian franc. The ministers were unanimous in the opinion that, despite the unpopularity of the proposed measures and the crisis which might arise from them, the best thing to do was to submit to the requirements of the foreign capitalists and obtain stabilization of the currency."

The newspapers of influence, such as the Nation Belge, Independence Belge and Etoile Belge, three conservative organs, all allude to the "state of vassalage and servitude," in which the country has been placed by foreign capital.

CONFESSION LEADS TO CLEARING UP OF POLE DREYFUSS CASE

BERLIN, Nov. 27.—(A.P.)—The Polish "Dreyfuss case," again is to the fore in Germany through a confession made to the Berlin police by Teofil Olshanska that it was he who threw a bomb last year at President Wojciechowski of Poland. A Zionist student named Stanislaw Steiger is on trial at Lemberg, Poland, charged with the attempted assassination of the president.

It has been claimed by the Jewish people of Poland that Steiger is innocent of the charge. The prisoner is regarded by them as a martyr and a second Captain Dreyfuss, a Jewish officer in the French army who was convicted by a secret military tribunal of having divulged state secrets to a foreign power and was sentenced to penal servitude on Devil's Island in French Guina. Dreyfuss later was retried and convicted again. He was sentenced to ten years in prison, but later was pardoned.

Olshanska confessed to the police that he threw the bomb under orders of a secret Ukrainian military organization which had now instructed him to confess in order to prevent the conviction of Steiger.

Olshanska's guilt, the Berlin police say, is clearly apparent from the details of his confession.

LONDON TRADE SUFFERS AS RESULT OF DEATH OF DOWAGER QUEEN

LONDON, Nov. 28.—(A. P.)—As was anticipated, the death of Queen Mother Alexandra and the consequent period of mourning are causing heavy losses to the clothing and fancy goods traders as well as the theaters and restaurants. The women's clothing trade is particularly affected. Many women are wearing black, while others are delaying their ordinary purchases of lighter colored material.

Even the hair dressers are feeling the reaction. The big establishments which are ordinarily rushed are getting few customers owing to the cancellation of social affairs.

COMEDIAN'S WIFE GETS DIVORCE ON DAY SHE DECIDES SHE DOESNT WANT IT

MINEOLA, N. Y., Nov. 28.—(A. P.)—A decree granting a divorce to Mrs. Frank Tinney, wife of the black-face comedian, was handed down today by Justice Reigelman.

Mrs. Tinney was awarded custody of their son, Frank, Jr., and $200 a week alimony.

After Tinney arrived Monday from England, where he had appeared in London musical halls and night clubs he went to see his wife at their home on Long Island. Yesterday the couple announced that they had buried the marital hatchet at the Thanksgiving dinner and would appear together in vaudeville.

Mrs. Tinney yesterday showed slight concern at the possibility that her divorce petition would be granted. "I don't care whether it goes through or not," she said. "In fact, if it does go through I wouldn't be surprised if Frank and I were married again within a year."

The couple's domestic troubles began last year when Tinney's friendship with Imogene Wilson, a chorus girl, became known. She is named as co-respondent.
