

LOCAL HERO TO RECEIVE MEDAL TUESDAY NIGHT

An article in the Associated Press dispatch of November 25 in the Mail Tribune, Howard Dymon of this city has been awarded the Insull medal for saving the life of a fellow employee of the California Oregon Power company by resuscitation following an electric shock. John H. Eiken, chairman of the accident prevention committee of the Northwest Electric Light association, is making a special trip from Spokane to Medford for the purpose of presenting this medal to Mr. Dymon. The presentation will take place at a big meeting of the Copco Forum, which will be held in the assembly room of the Copco building tomorrow night. It is felt that this signal honor which has been bestowed upon a Medford resident is worthy of more than ordinary interest, this being the first Insull medal to be awarded in the state of Oregon, if not in the entire northwest.

The Insull medal was established in 1923 by Samuel Insull, president of the Commonwealth Edison company of Chicago, and is awarded with an appropriate certificate to employees of electric utilities who are instrumental in saving life by means of the prone pressure method of resuscitation. The award of the medal and its presentation is an event of national importance and one which receives widespread recognition throughout the country.

Mr. Dymon, who is now superintendent of electrical construction for the Copco organization, is awarded this medal as a recognition of his services in bringing Burt Green of Klamath Falls back to life after Mr. Green had received a severe shock following contact with a 34,000-volt switch. Mr. Green was rendered unconscious from the shock and undoubtedly would have died had not Mr. Dymon promptly administered artificial respiration for a period of over ten minutes, whereupon the victim showed signs of life. The treatment was continued and after 20 minutes the patient was in condition to be moved to the hospital.

The presentation tomorrow night will be attended by many representatives of the electrical industry of this territory, among whom will be Z. E. Merrill, chairman of the technical section of the N. W. E. L. A. In addition to the presentation ceremony there will be a short business meeting of the Copco Forum and an entertainment program during which the Copco films will be shown.

CHURCHES THANKED FOR AIDING HOME

A letter of appreciation, acknowledging receipt of the fund raised by contributions of Medford churches for the Children's Farm Home of the W. C. T. U. at Corvallis, has just been received from Ada Wallace Ulrich, executive secretary for the home, as follows:

"Your letter with the fine check for our home received, and I assure you that we appreciate more than we can say the fact that this union Thanksgiving offering was contributed to our home. Just at this time we are trying by every means to get our school home completed, and so many other expenses are coming up for us to meet that we are especially grateful.

"Please express our thanks to all the churches uniting in this service for this contribution. We are enclosing a receipt and want to thank you for your splendid help and interest."

John D. Jr. to Hear Jazz

NEW YORK — Fashionable Fifth avenue is to be subject to another invasion besides retail trade. There is to be a supper club near the home of John D. Rockefeller, Jr., and Roger Wolfe Kahn will conduct a jazz orchestra there.

SUFFERED TWO YEARS

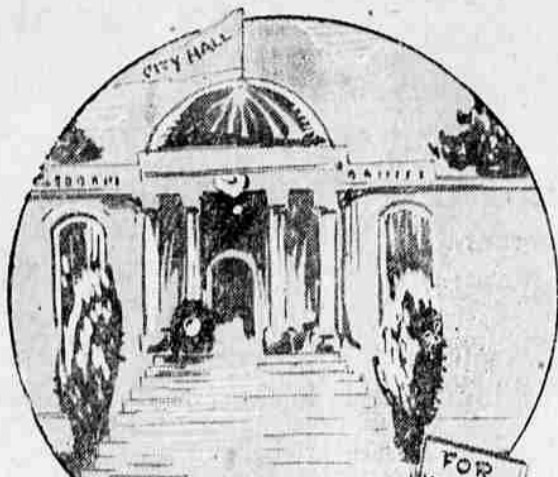

Finally Relieved by Taking Lydia E. Pinkham's Vegetable Compound, Says Mrs. Anderson

Rangleley, Maine. — "Lydia E. Pinkham's Vegetable Compound helped me greatly for bearing-down pains in the sides and back, headaches and tired feelings. I suffered for two years and it seemed as though I could not get my work done on one day to the next. After reading letters from others who had taken the Vegetable Compound I decided to try it and now I can do all kinds of work, sewing, washing, ironing and sweeping. I live on a farm and have five in the family so am busy most of the time. I recommend the Vegetable Compound to my friends and hope my letter will help some one to take your medicine." — Mrs. WALTER E. ANDERSON, Box 270, Rangleley, Maine.

Over 200,000 women have so far replied to our question. "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 out of every 100 of the replies say, "yes," and because the Vegetable Compound has been helping other women it should help you. For sale by druggists everywhere.

Women Boss Oklahoma Town

Three women elected without backing of political parties or women's organizations, control government of Osage, Oklahoma town of 1,000. Left to right, Mrs. Lottie Byers and Mrs. Mabel Holt, councilwomen; Mrs. Mildred Harrison, mayor. Mrs. Holt's husband was her husband.

OPERATORS SPURN PINCHOT'S PLAN

PHILADELPHIA, Nov. 30.—(A. P.)—The anthracite operators in a letter to Governor Pinchot late today wrote that it is impossible for us to find in your proposals the basis of a sound and lasting settlement and for the same reasons they cannot be considered as a basis for conference and negotiations.

The letter was signed by William W. Inglis, chairman of the anthracite operators' negotiations committee.

The miners have already accepted the government's proposal as a "basis of settlement."

OREGON'S NEW DRY DEPUTY SWORN IN

PORTLAND, Ore., Nov. 30.—W. K. Newell of Eugene, was sworn in as deputy prohibition administrator for Oregon by District Federal Judge Wolverson shortly after noon today.

Ray T. Lyle of Seattle, prohibition administrator for the northwestern district, and Dr. J. A. Liville, retiring deputy administrator for Oregon, were present.

"I prefer not to make any extravagant statements regarding the things I plan to do," Newell said after taking the oath. "I'd much rather let my actions speak for me. The statements made before entering office are mostly cut and dried anyway."

He planned to return to Eugene today and prepare to move to Portland. He expected to take up his new work in two or three days.

IRELAND ON VERGE OF ANOTHER FIGHT

BELFAST, Nov. 30.—(A. P.)—Disorders growing out of republican activities continue in Ireland, especially in Galway, but this far without bloodshed.

Ballynagore is being patrolled by soldiers hurried there from Athlone as a result of an outbreak of firing which roused the town at 2 o'clock this morning. It was discovered later that bullets had shattered windows and riddled doors in the house of Justice Gallagher.

Last night a party returning from Athlone to Galway City carrying a motion picture film of the war thus fighting at Zeebrugge was held up by masked men who ordered them from their automobile, took the film from its box and burned it, then permitted the party to proceed.

RAISE FUNDS TO HOUSE ART COLLECTIONS

WASHINGTON, Nov. 30.—(A. P.)—Initiative of the late Senator William A. Clark have contributed the \$700,000 needed to house the celebrated Clark art collection willed by the senator to the Corcoran gallery of art. Charles C. Glover, president of the gallery, announced tonight that funds for the new wing in which the collection will be placed had been given by the widow, Mrs. William A. Clark, her daughter, Miss Huguette Clark, and two daughters of the senator by a former marriage, Mrs. Lewis R. Morris and Mrs. Minnie Duffinbant.

ANOTHER ALL-EAST TEAM SELECTED

NEW YORK, Nov. 30.—(A. P.)—Syracuse and Dartmouth each have two players on an all-eastern football team selected today for the Associated Press by John F. Chick, Meehan, head coach at New York university and former Syracuse member.

Meehan's selections follow:

Ends—Hanson, Syracuse and Tully, Dartmouth.

Tackles—Joss, Yale, and Sprague, Army.

Guards—Wisnager, Pittsburg and Skubin, New York university.

Center—McMillan, Princeton.

Quarterback—Foley, Syracuse.

Halfback—Tryon, Colgate and Oberlander, Dartmouth.

Fullback—Krietz, Pennsylvania.

Boy Burned to Death In Flaming Oil Station

PORTLAND, Ore., Nov. 30.—(A. P.)—Burns which may prove fatal, were suffered last night by Percy Locks, 14, when he was trapped in a flaming filling station where he is employed.

According to Deputy Fire Marshal Alex Hadden, the boy had started to clean the floor with gasoline and swept the inflammable fluid against a kerosene heater in a corner.

Wall Street Report

NEW YORK, Nov. 30.—(A. P.)—Reactionary tendencies again predominated in today's stock market. An early effort to rally the general list by bidding up the rails failed to make much headway, although Kansas City Southern and the Gishel Brothers issues were lifted to new peak prices for the year.

The closing was strong. Subsequent demands for some of the minor specialties and railroad shares promoted short covering of industrials in the late dealings with several of the weak issues recovering five points or more from their early lows. Wheeling & Lake Erie and Chesapeake & Ohio issues headed upward and were followed by General Asphalt, Air Reduction, American Sugar, Conaoleum and American Waterworks, which advanced two to three points. Sales approximated 1,500,000 shares.

BORAH PREPARED BILL FOR CONTROL OF COAL MINES

WASHINGTON, Nov. 30.—(A. P.)—Full power for the president to take over and operate anthracite mines in time of a national emergency would be given under a bill which Senator Borah, republican, Idaho, is preparing for introduction in the senate.

Under the measure a national emergency would be deemed to exist whenever there is threatened or impending disaster from the stoppage of the anthracite coal industry.

This language the senator believes to be broad enough to cover a situation such as now exists. In control of the anthracite industry, the president would have all of the power that was conferred upon the chief executive by the war-time food and fuel act. He would act through a new coal division of the interstate commerce commission.

WANTS HIS CINDERELLA

WASHINGTON, Nov. 30.—(A. P.)—Unless the anthracite situation is settled immediately, Representative Berger, socialist, Wisconsin, told President Coolidge today, he would introduce a bill on the first day of the congressional session authorizing the government to seize and operate the coal mines.

A sensation now surrounds the intended adoption.

Another barrier arose in Missouri, where Victoria's father, Tony Deschamps, prominent rancher, indicated that McLeod's quest to adopt the young girl would prove fruitless and said that even if McLeod came there to see him, it probably would not change his attitude.

McLeod renewed the acquaintance here and took such a liking to Victoria that he made known his desire to adopt her, send her to an expensive finishing school and take her to Alaska next spring.

Saturday, however, police and juvenile authorities questioned McLeod regarding the adoption and after this intervention, Victoria's sisters withdrew their approval.

USED GARAGE FOR BAR, DIRECTOR IS ASKED TO RESIGN

AUSTIN, Texas, Nov. 30.—(A. P.)—Resignation of Amos G. Carter as a member of the board of directors of the West Texas Technological college was requested in a letter today by Governor Miriam A. Ferguson.

The letter says the task is unpleasant to the governor, and states that she is informed that in December last year Carter "fitted up a building owned or controlled by you (perhaps a garage building) in the old fashioned bar room way, for the Oil Men's association in Fort Worth."

In the letter to Mr. Carter Governor Ferguson says concerning Carter's ejection from a Thanksgiving football game at College Station:

"In your state it was but natural for you to have been unable to distinguish between a colonel on my staff dressed in khaki yellow and a town policeman dressed in blue, who under orders from the local authorities ejected you from the grounds in the interest of public peace. No member of my staff laid hands on you, as suggested by you in the press."

LLOYD HANGS FOR TAXI CRIME

SALEM, Ore., Nov. 30.—Governor Pierce today granted an extradition, on requisition from the governor of California, for Charles Wilcher, an escaped convict from San Quentin penitentiary. He is under arrest at Roseburg.

headed near The Dalles, Ore., on the night of September 2 and confessed to the murder the following morning.

German Joins U. S. Army.

NEW YORK—Wilhelm Giesecke, who once fought against Uncle Sam as a member of a U-boat crew is now going to fight for him if necessary. He has joined the infantry at Governor's Island.

Mrs. Denny Badly Hurst.

KING CITY, Calif.—Mrs. Reginald Denny, wife of the film star, was painfully injured when her automobile left the highway eight miles south of here. Mrs. Denny and her companion, Miss Frances Dale, were treated at a local hospital for cuts and bruises.
