When it's Christmas Eve—and the glistening tree is ready and trimmed with gifts and toys—when the peace and good cheer of Christmas are almost here —have a Camel!

Camels represent the utmost in cigarette quality. The choicest of Turkish and domestic tobaccos are blended into Camels by master blenders and the finest of French cigarette paper is made especially for them. Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

WHEN the happy work of Christmas Eve is done. And the clock calls the approach of midnight. When the gifts and toys are in their place on the children's tree—*have a Camel!*

For to those who think of others there is no other gift like Camel. Camel makes every great day greater, increases the gladness in giving, makes life's anticipations brighter. Before Camel, no cigarette ever was so good. Camels are made of such choice tobaccos, are so skilfully blended, that they never tire the taste, or leave a cigaretty after-taste. Into the making of this one cigarette goes all of the skill of the largest tobacco organization in the world.

So on this Christmas Eve, when your work for others is done—when you're too glad for sleep with thoughts of tomorrow's happiness, oh, then—taste the smoke that every day brings contentment to so many millions. Know the mellowest mildness, the most rich and fragrant taste that ever was put into a cigarette.

Have a Camel!

It is well to remember your few closest friends with a supply of Camels for Christmas Day and the days to come. Get your Camel cartons now and then they will be ready!
