FAGIN IS GIVEN 10 YEARS; PLEADS GUILTY, 2ND CH'GE

Harry McElroy, 26, found guilty by a jury in the circuit court Tuesday afternoon of an indictment charging robbery, pleaded guilty to a second similar charge Wednesday afternoon and was sentenced to state prison terms of seven and three years.

McElroy was accused by Richard Dunn, Jr., of Oakland, Calif., of acting as a Fagin in a series of store till robberies in southern Oregon and California during the month of November. The pair were traveling in an auto stolen by young Dunn in a suburb of Oakland.

McElroy was found guilty of the robbery of the cash register of the Kell Garage at Gold Hill, and pleaded guilty to an indictment accusing him of robbing the Nininger store at Ashland. In both cases McElroy was accused of keeping watch outside while Richard rifled the tills.

His accuser was a runaway boy of exceptional mental alertness and personality, who left today by auto with his father for the bedside of his mother, who was prostrated by the escapades of her son.

Bert Beckley, charged with obtaining money under false pretenses, entered a plea of guilty and was sentenced to a three year term in state prison.

J. E. Tourtellotte, architect of the new high school spent Wednesday in the city in connection with the construction of that building.

SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for only 75 cents, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.
