

MEDFORD MAYOR AND COUNCILMEN HAVE CLOSE CALL

Mayor Alenderfer, City Recorder Alford and four members of the city council had a narrow escape from injury in the city council chamber last night, having just adjourned, as a large section of the plastered ceiling fell without warning on the big table around which they had been sitting.

Had the mayor, City Attorney Clarke and Councilmen Hubbard, Paul, Janney and Kershaw been seated in their usual places at the time they would be having sore heads, to say the least, today.

The above mentioned city officials had been holding a meeting with members of the city water commission to open bids and award the contract for building the new city storage warehouse. The contract was not let, however, because a council quorum was not present, but it will be let at a special meeting to be held late this afternoon.

The warehouse will be a one-story reinforced concrete structure, 80 by 140 feet, located on the city lot, 85 by 150 feet, at the corner of Jackson and Fir street. The structure will be divided down the center. The city street department will use one-half, and the city water department the other half, and there will be three offices in the latter half. The building will be completed, ready for occupancy, by March 1st.

AUTOMOBILE SUIT HEARD IN COURT

The civil action of R. C. Yost against M. W. McGrew is under way in the circuit court today. The suit is the outgrowth of an auto accident on the Pacific highway, July 25 last, about 8 o'clock in the evening, at the junction of the highway and the Bear Creek bridge road near Phoenix. McGrew was driving a Chevrolet truck and Yost a Chevrolet touring car. The crash came, the testimony of the plaintiff witnesses showed, when McGrew endeavored to turn off the main highway and was struck broadside by the truck.

Yost is suing for damages of \$375 and cost of suit. McGrew filed a counter suit alleging that the truck was damaged to the extent of \$76. The case is expected to go to the jury late this afternoon.

SATISFIED CUSTOMER

We recently delivered five tons of our good coal to a new customer and he was very much surprised that we took so great care of his lawn, windows and house. We wet the coal down to make no dust in his basement, and picked up all the coal that was dropped around the house; in fact, we left his home just as we found it. He is another SATISFIED CUSTOMER who will find that our COAL is as good as our service.
