The bed of the Santa Clara river. The wells were washed away.
The 1000 weary policemen, deputy sheriffs and constables who have been on duty since early yesterday, were given a welcome relief today when 1600 American Legion members from Los Angeles and Ventura counties volunteered to aid in the search for bodies.
Danger attends the hunt for the remains of victims. The silt in some places is upwards of 20 feet deep and sharp metal wreckage, upstanding nails in wooden debris and jagged rocks menace the searchers.

SANTA CLARA, Cal., Mar. 14.—(AP)—The general relief committee in charge of the rehabilitation following the breaking of the St. Francis dam today requested Governor C. C. Young to order 200 National Guardsmen to the stricken area.
THINK QUAKE CAUSED BREAK (Continued from Page One.)
Stricken area in great numbers, aided the searchers by dipping low to indicate the positions of bodies. It is easy to spot human beings from a considerable height if their faces are upturned.
A girl who saved herself from the flood by grasping a plank and sticking to it until it deposited her in the quagmires at the water's edge, buried herself in the mud after her clothing had been torn from her body. When looted by rescuers she refused to emerge until a man gave her his shirt for drapery.

Fate played cruelly with one rancher, who foresaw the danger and thought he was out of its reach. He loaded his three children into a small automobile and then stopped for a moment to scold a neighbor. When he turned back to his car it had been swept away, human cargo and all.
The ability of a newspaper man to "cover" his assignment at the scene depended somewhat upon his facility for walking through seas of mud. An Associated Press staff man stripped himself from heels to waist several times in order to feed streams and save his clothes for an anticipated cold night at Newhall.

Newhall's appeal for aid was not going unheeded. Trucks were arriving every hour with food and clothing of every description. The little hall that was being used by the Red Cross as temporary headquarters was crowded to capacity and no one who applied for food or clothing went away empty-handed.
First word to reach the outer world of the collapse of the big St. Francis reservoir was carried.

Wrecked highway bridges and unheeded pavement near Cascade will delay opening of the highway to Bakerfield and northern points for several weeks, officials report.

WASHINGTON, Mar. 14.—(AP)—President Coolidge telegraphed to Governor Young of California today offering all assistance which the army or navy could render in the St. Francis dam disaster.
Relief agencies are going ahead all over the stricken area.
The Red Cross, county and local organizations, have stations established at all strategic points and food, clothing and medical assistance are ready for all who apply.

Work was under way shortly after dawn on 70 important bridges, valued at \$500,000, which were carried out by the rush of water. The largest of these was at Bardside and its loss cut off an outlet for the valuable orange crop of the Moorpark district, now ready to ship.
At Fillmore, an area which is partly isolated, danger of a water shortage was reported. The town's water came from wells sunk in

PHILLIPS MILK OF MAGNESIA
Better than Soda
Instead of soda beverages take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gastric stomach, and relief will come instantly.
For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips."

Obituary
POWELL—Milton Powell died at his home one and a half miles west of Central Point Tuesday evening. He was the son of Charles Powell, aged 8 years, 6 months and 2 days, being born in Idaho September 11, 1919. He leaves his father and two sisters, Johanna and Geneva. Funeral services will be held at the grave in Central Point cemetery, Thursday morning at 10:30 o'clock. Rev. Johnson officiating.

NO CHANGE IN LOCATION OF EMMY LOU SHOP
Due to a headliner error in the Mail Tribune yesterday, a number of local residents gathered the impression that Miss Emma Lou Kavanaugh was going to change the location of her Emma Lou hat shop in the M. M. department store. The Emma Lou shop will continue in its same location, and the Bund Box, a new hat shop, to be run under a different name, and carrying a different line of stock, will open soon on Sixth street. The date of the opening of the new store has not yet been announced.
