

SHRINE SLEEPER LEAVES TONIGHT ON EXCURSION

Twenty-four members of the Hill Temple Shrine will have a "sleeper" entirely to themselves on the special excursion train which leaves Medford for San Francisco at 5 o'clock this evening, according to L. P. Older, who is in charge of arrangements for the trip.

Upon the arrival of the party in Oakland, the Shrine members will be the guests of the Ashmos temple, and Saturday night the party will be the guests of the Hill Temple at San Francisco. The Hill Temple will open a St. Patrick's celebration Saturday night, and will continue until the next morning, when a ham and egg breakfast will be served at 5:30. On route home, the Shrine members will be entertained by the Hill Temple at Sacramento.

The local party is composed of the following: O. O. Alexander, Henry Fisher, Carl Tenenwald, Dr. Kresse, Bert Peasler, L. E. Moss, Harry Nordwick, Dr. J. D. Hlekert, Victor Sether, E. C. Jerome, L. P. Older and Dave Terrett of Medford; Thomas Vernon, John Reed and William Radtke of Gold Hill; A. R. Brown, John Dougal, Sam Steinhilber, Elmer Spalding, C. A. Hensen, Ray Compton and Fred Wilson of Grants Pass.

REALTORS DECIDE ON NEW PLAN FOR BROADCAST HOUR

Decision to devote the KMED Friday night hour from 8 to 9 o'clock to the Realty Board as a whole instead of allowing it part time to individual realtors, was reached by a vote of the members at the weekly luncheon at Hotel Holland this noon. This came as a result of considerable discussion and search for a definite policy to be established on the air by the local board.

Realty Board problems and interesting projects of general interest will be given the public over the air through the courtesy of the board, a feature of these weekly programs, and the best in music and talent to be obtained throughout the valley will round out the entertainment of the hour.

This evening among the interesting local speakers to be heard in four-minute talks will be Charlie Hoover, William Holmes, Walter H. Jones and J. C. Barnes. Their talks will be interspersed with musical numbers.

Popular Standard Coast Product

One of the many delicious coast products advertised in this paper, on market days, Fridays, is Fry's Ham. This high quality product is brought to the table when its mellowness and fragrance is ripe to perfection and receives a hearty welcome as being what the name implies.

The company advertises, "Ham is at its best immediately after the curing process has been fully completed. Our packing plant adds efficiency of distribution to selection and preparation. All hams pass thru rigid double inspection assuring high standards of perfection."

When ordering ham ask your dealer for Fry's. If he hasn't it he will get it.

JIM STEVENS TO GIVE A PROGRAM TOMORROW A. M.

As an interesting deviation from the usual Merchant programs which feature orthophonic record music through the morning hours over KMED the People's Electric company will present a varied studio program from 10:30 to 11:30 tomorrow morning under the direction of James Stevens.

Instrumental and vocal music, interspersed with comic readings and analogies, many of which will carry out the St. Patrick's day motif, will be heard, and a few surprises in the way of announcements will be sprung on the listening public.

Among those who will be heard during the People's Electric company hour are: James Stevens, operatic baritone, in a group of vocal selections; Alma Lawrence, pianist; Max Fieschel, violin solos, and Mary Greiner, songstress.

HUGO GUENTHER, P. O. CLERK, RECOVERING

Hugo Guenther, registry clerk at the Medford postoffice who accidentally mutilated his left hand with an ax last Friday evening, is thought to be able to report for duty again on Monday, after having been laid up since the painful accident, but it will be some time yet before he recovers the full use of the hand.

He was splitting wood or kindling at home at the time, wielding the ax with his right hand while he held or steadied the wood with his left and. For some unknown reason the descending ax slipped

SAILOR JACK WON'T WRESTLE TONIGHT

Although Sailor Jack Wood will be at the Grants Pass pugilist and wrestling smoker tonight he will be there only as a spectator, despite the fact that announcements sent out by Bob Quick, the promoter of the event, and no advertised, professional wrestling match between Wood, and Burke of Klammath Falls as being in interest with the Joe Gorman and Ace Boles boxing bout.

Wood has nothing whatever against Burke whom he will meet next Thursday in a wrestling bout at Klammath Falls, but says he will refrain from participation tonight because Quick did not offer him a contract or state anything definite about remuneration, but merely asked him to be present for a wrestling bout with Burke.

Wall Street Report

NEW YORK, Mar. 16.—(AP) Speculation for the advance was resumed on the cattle scale on the New York stock exchange today, under the leadership of General Motors which advanced six dollars a share to a new high of 159. Today's gain in General Motors added more than \$300,000,000 to the market value of the 17,000,000 shares of stock outstanding. Gains of \$5 to \$10 a share were distributed among a score of other industrial and railroad issues, as the overvalued "short" interest continued its urgent retreat.

The closing was irregular. An analyst evaluating began in the final hour of trading to incident with sharp declines in some of the value the nation's American Linseed came down about ten points from its last figure and Radio half as much. Realizing continued on a large scale in Hudson Motors but no insurance features and the investment funds extended their moves. Individual Harvester moved up 7-3/4. Prussia Insurance 1 1/2 and Pilecity-Phoenix 1.

Total sales approximated 1,300,000 shares.

Brisbane's Today

(Continued from Page One)

drowned at Bengal, in India, 50 years ago. Many times in history eruptions of the sea, river floods and similar disasters have taken 100,000 lives and more at a time. This country can congratulate itself upon the fact that the Mississippi flood of last year, destroying hundreds of millions in property, cost only 200 lives. That was, thanks to admirable work done by the army and navy, and to prompt, scientific direction by Herbert Hoover, chosen by President Coolidge, in the emergency.

President Lowell, able head of Harvard university, liked some plates, 100 years old, dug up on Harvard territory, and decided to have more like them. The original plates were made by the British Wedgwood pottery, and an order for 42,000 Harvard plates has been placed there.

It is not important, a few thousand dollars. But money given to Harvard is made in America, produced by American workers and, as a general proposition, institutions and individual rich Americans, might well give their work to those that have made them rich—the workers of America. If Oxford needed 42,000 new plates, the job would be sent to the United States.

Hinchcliffe, British flier, now missing somewhere in the Atlantic, is the type of Britisher that Kipling likes to describe. It is hard for him to get enough danger. He won the distinguished flying cross by bringing down nine enemy planes and two captive balloons in the war. He did not stop fighting, when he was shot down in France in 1918 and lost his right eye. If courage can conquer disaster, he will win.

56 STORES C.J. Breier Co. IN THE WEST

THIRD THEATRE IN SEATTLE BLOWN UP

SEATTLE, Mar. 16.—(AP)—The third theatre explosion here in six months occurred at a steel door in the rear of the State theatre, shattering windows within an area of a block and awakening scores of occupants of nearby hotel rooms.

Virtually every window in the rear of the Palace hotel, which adjoins the theatre, was shattered by the blast.

The State theatre is a unit of the Sterling Theatre Chain company, owned by John Danz. The other explosions likewise were in theaters of the same chain.

Danz announced he was placing armed guards in all his theaters.
