**Orchard Crop Insurance** 

You may now insure your orchard crop of pears, apples, or prunes, against loss or damage by FROST OR PREEZE, EXCESSIVE HEAT, SUBNORMAL, AND (OR) ABNORMAL RAINFALL, FOG OR MIST, HAIL, WIND, WORMS, SCALE, BLIGHT, OR ANY PESTS OR DISEASE.

Stabilize your orchard production by insuring your crop. Insure an annual income and improve your banking credit. More than one million dollars of this insurance was taken by the fruit growers in the Wenatchee district last year to their entire benefit and satisfaction. This may possibly be the only form of HAIL INSURANCE which you can obtain in this valley this year.

There is only one insurance company in the world prepared to

write this form of insurance in this valley this year and I represent that company. Policies issued by a standard well known insurance company with more than sixteen million dollars available assets. Ask your banker about this form of insurance.

Rate for non-smudged, irrigated orchards \$35.00 per \$1000 Rate for smudged, irrigated orchards \$26.25 per \$1000 Rate for smudged, non-irrigated orchards \$52.50 per \$1000 This insurance can only be obtained through this office. Addi-

tional information gladly furnished upon request. Insure your estimated crop now before the frost season.
