Nancy of Seattle, who married a Hindu nabob, proves herself just as foolish as a female trans-Atlantic flyer.

The gent who intends to shoot himself to the planet Venus, inside a skyrocket, will take along a shaving outfit.

Lady Ford-Cumpe of the local imitation British set, played poker Tues. eve, losing 3 hours sleep, and a nickel.

Reg. Parsons of Hillcrest is in town. He states that he would like to stay in the valley until the pears bloom.

This colt, which has bullheadedly maintained for years that politicians had no business campaigning in churches, apologizes after reading the details of Will H. Hays' activities as messenger boy for all corruptors.

Local hunters are now engrossed with shooting clay pigeons. It is seldom that a clay pigeon shooter brings down his own foot for a coyote.

What is called "a spittin'" of rain on the Appalachians, descended this am., and the forecast is for an expectation.

Mrs. Vera Fearful received a haircut Monday, unaccompanied by the board of directors, composed of neighbor women.

Major Henry Bluejay has built a spite nest, in the crotch of the Pub. Lib. oak, which the wife of Col. P. Foster Robin had selected as a summer home.

John Mann is up to Portland for an infliction of grand opera. He might as well understand now as later, that the first time he attempts to commit an aria, upon his return, down comes his mouth-piece.

Very little interest is manifested in the killing of Messrs. Kelley and Wilton on April 13, which is Friday. The pair are convicts, and it is proposed to dangle them from the end of a rope until dead, for participation in a prison break in 1923.

Druggists everywhere sell "Pape's Diapiesin" at 60 cents a package—not much to pay for complete freedom from digestive pain and stomach troubles.

TO RELIEVE STOMACH DILATION... Dilation of the stomach usually arises because excess stomach acid causes food to ferment and form sour gases which are responsible for those unpleasant sensations of swelling and fullness often very painful.

HOW TO INCREASE MEDFORD'S PROSPERITY

THE announcement that the Owen-Oregon company will not only operate on a continuous 12-month basis, but will make extensive improvements to their plants, including the extension of their railroad, comes as very welcome news to the people of Medford and Southern Oregon.

For some time there had been rumors that, due to country-wide depression in the lumber business, the Owen-Oregon company would close down. These rumors can now be dismissed as utterly without foundation.

The operation of this company and the continuance of its heavy payroll, contributes materially to the prosperity of this district and, directly or indirectly, puts more money in the pockets of every business man.

Local business men undoubtedly appreciate this fact. But there should be more than appreciation. There should be reciprocation.

The Mail-Tribune has stressed this point before, but it is worth mentioning again. "With Medford made," The least the people of Medford can do, when they are in the market for lumber, is that they insist upon lumber that is manufactured here.

This is not altruism, it is sound business sense. It is, in short, merely enlightened self-interest. For the more business any local concern enjoys, the more business everyone enjoys, and the greater the development and prosperity of the entire community.

What refers to lumber refers to every commodity produced here, from truck garden products to bricks or brooms.

There is also cement. One of the largest cement plants in the state is situated at Gold Hill. How many local people building new structures know where their cement comes from? Perhaps they all do. We hope so.

But if they don't, they should. It is the individual who controls these things, not the jobber or dealer. If each before his own door swept the village would be clean. If each citizen insisted upon home-grown or home-made products, wherever such products are available, we would all be better for it.

Not only would we enjoy greater prosperity, but it would be a steadily increasing and permanent prosperity. Community interests are mutual interests. The more we help our neighbors, the more they help ourselves.

QUILL POINTS.

Every man has moments of vindictiveness when he wishes he were a king or a truck driver.

If he isn't ashamed of anything, don't envy his record; envy his memory.

A writer says one hears less profanity now. Well, most of the Christmas cigarette lighters have been discarded.

Junker: One who makes junk of discarded machinery, etc. Also, in Europe, one who would junk civilization.

There's one consolation. In the hereafter the office nuisance won't be forever saying: "Gimme a match."

Doubtless a hick is a man who thinks it worldly and devilish to drop a cigarette butt in his coffee cup.

There are two kinds of men: Those who do foolish things, and those who take the advice of their wives.

Thank goodness, the Union was preserved. Imagine a political party with nobody to blame everything on.

Fable: Once there was a poor woman who didn't think of her pretty daughters as old-age insurance.

Correct this sentence: "The boss frequently gives me a raw deal," said he, "but I never mention the fact to my wife."

Mr. Lowden must wish at times that his countless friends would show more enthusiasm and less sympathy.

The cat family can see in the dark. That explains how they discover the things they gossip about.

Do you know why it is called the secret of success? You keep it under your hat.

You can't make the rising generation rise by calling it down.

"Annoyed" and "put out" means much the same—even when you're referring to Senators.

Correct this sentence: "Three o'clock," the boy cried happily, "and now I can quit playing marbles and do my piano practice."

Personal Health Service

By WILLIAM BRADY, M. D.

Signed letters pertaining to personal health... should be brief and written in ink.

AN OUTLINE OF HYGIENE 20.—One Lactid Interval.

Amid the psychopathic antics of the unscrupulous Hickman trial in California there came one morning a brief interval. In view of the mercenary part played by medical experts in the Hickman trial, it is gratifying to note that it was a medical man who testified to this effect: All this pump and circumstance is ridiculous. If we wish to know whether this man is insane we should send him to the psychopathic ward.

Why heap the expense of this burlesque legal inquiry on the shoulders of the taxpayers of this state? Politics, doctor, politics. It is fairly obvious that you and your friends have no political ambitions, save no political jobs, share no political honors, and are not in the pay of friends or enemies of the individual whose sanity is under consideration.

But such orderly procedure would not be very exciting, nor would it afford any entertainment for our large morose leisure class, nor juicy material for headlines in the papers.

Insanity, however, is not a crime, and not in the pay of friends or enemies of the individual whose sanity is under consideration.

Not only would we enjoy greater prosperity, but it would be a steadily increasing and permanent prosperity. Community interests are mutual interests. The more we help our neighbors, the more they help ourselves.

THE BUSINESS OF AGRICULTURE

A growing tendency to approach agriculture as a business problem is reflected in close to a hundred requests received by the Agricultural Service of the Chamber of Commerce of the United States during the past sixty days from local and sectional business organizations for advice in setting up machinery for the joint study of agriculture by farmers and business men.

Indication of the scope of this movement is a meeting recently held under the auspices of the agricultural committee of the Indianapolis chamber of commerce.

The elevated railroad in New York made no money until the fare was reduced from 10 cents to 5. Railroads will make more when they find a way to carry freight, and passengers, less expensively.

Lord Beaverbrook's "London Express" says a beautiful American girl in Egypt offered an Egyptian peddler \$6500 to marry her immediately, because "he resembled a beloved Frenchman now dead."

QUESTIONS AND ANSWERS Diet for Bright's Disease.

The doctor said I have a slow form of Bright's disease. He said not to eat meat or eggs. What food do you recommend?—Miss A. M.

Answer—Only your physician tell you what diet you should follow, if any. As a rule, patients with Bright's disease (chronic nephritis) may take meat and eggs and any other wholesome food in reasonable quantity.

Most Curable Disease. Kindly tell me if it is possible to cure T. B. My "doctor" tells me it can be cured.—M. E. D.

Answer—T. B. is an abbreviation for bacillus tuberculosis of tubercle bacilli. But probably you meant to inquire whether tuberculosis is curable. It is the most curable of all diseases.

Rippling Rhymes

(By Walt Mason)

THE DOCTOR'S BILL The doctor's bill was pretty steep; I looked it over and had to weep.

So much for poultices applied with skill unerring to my hide; so much for ultra-purple rays, administered for many days; so much for limmying my spine and getting it once more in line; so much for sawing off an arm—I saw I had to sell my farm and mortgage my life; left still if I would pay the doctor's bill. And for a moment I was prone to leave a shudder and a groan; it seemed a frightful pile to dig. I thought the bill was too blamed big. The doctor recalled how tough I felt when I called in old Dr. Pell. I was all in, and growing worse, and thinking much of shroud and hearse; it seemed unlikely I'd survive for seven weeks, or six, or five. The old doc came, day after day, with optimistic words and say, and laughed away my morbid fear I would decorate a Bier. He came when torrents washed the street, he came along through snow and sleet, he came when he was sick and tired, and rest was urgently required. The benefit of all he learned when midnight oil was bravely burned, and all he gleaned from heavy tomes, the lot and lot of colossal doses, the benefit of all his skill he gave me when I was ill. He found me sick and full of aches; he found I can whip my weight in snakes; he banished anguish from my frame, and shall I knock his modest name, and say his bill is too blamed high? Why, then, a lightning sport am I, I adventure to all the world the life he saved has little worth.

Teeth Soft. I have a lot of trouble with my teeth because they are very soft. What causes soft teeth?—Miss P. H. F.

Answer—Faulty nutrition before birth and in early childhood. I can't say that the condition is remediable now, but it will do no harm to try a course of cod liver oil and go in for green relishes and salad (leafy) vegetables.

Several pupils are unable to attend school at the present time because of mumps. In the high school Mary Hannaford, Ernestine Dalback and Margaret Brophy are absent because of them.

A heart and lung test clinic was held at the school on Monday, March 19, by Dr. Holt, Dr. Heckman and the county health nurse, Miss Glover. Very good reports were given on most of the children.

A campaign was held by the high school recently on the sale of the Curtis company publications, the Saturday Evening Post, the Ladies' Home Journal and the Country Gentleman, that netted the school almost thirty dollars.

The salesman who made best records were Mary Hannaford, Frank Pettigrew and Jerald Ward.

Are You Run Down, Weak, Nervous? To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year old" at night, you must eat three good meals a day. Refresh your food and properly digest it. If you can't eat, can't sleep, can't work, just take a teaspoonful of Tanlac before meals.

Mrs. Fred Westin, of 387 E. 5th St. North, Portland, Ore., says: "Tanlac cured my stomach trouble completely after three years suffering. It built me up to perfect health, with a gain of 27 lbs. That was two years ago, and I still enjoy the best of health."

Tanlac is wonderful for indigestion and constipation—gas, pain, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight. It contains no mineral drugs; it is made of roots, herbs and herbs, nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist. Your money back if it doesn't help.

Acid Stomach

"Phillips Milk of Magnesia" Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips" Twenty-five cent and fifty-cent bottles, and instruct your pharmacist to buy the genuine "Phillips Milk of Magnesia" which has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.

Final Notice. In the County Court of the State of Oregon in and for the County of Jackson.

In and for the Estate of the late William Blue Harris, Deceased. Notice is hereby given that the undersigned administrator of the above estate, has filed his final report as such administrator in the above entitled Court and cause, and the Court has fixed March 23rd, 1928, at the hour of ten o'clock a. m., as the time and the office of the said Court in the Courthouse at Medford, Oregon, as the place for hearing of said report, and if any there be, the closing of said estate, and the discharging of said administrator, and his bondsman from all further liability and responsibility, and any and all persons interested are hereby notified to appear at said time and place and show cause, if any there be, why such final account should not be approved, said administrator and his bondsman discharged, and said estate fully closed.

Dated at Medford, Oregon, this 22nd day of February, A. D. 1928. J. W. WAKEFIELD, Administrator of the estate of William Blue Harris, Deceased. Office: Room 2, Palm Block, Medford, Oregon.

Notice of Sheriff's Sale. By virtue of an execution on foreclosure duly issued out of and under the seal of the Circuit Court of the State of Oregon, in and for the County of Jackson, to me directed and returned to me on the 17th day of February, 1928, in certain action therein, wherein Delroy Catchell, as plaintiff, recovered judgment against A. W. Walker, Katie Walker, E. H. Lampert, Frank C. Bramwell, Superintendent of Banks of the State of Oregon, Bullock Mercantile Agency, General Electric Co., Oregon Manufacturing Co., New England Fabric Manufacturing Co., The Osborne Co., Louis Roesch, State Industrial Accident Board, The State of Oregon, A. Walker and Linnie Hancock and the defendants, in and for the County of Jackson, Oregon, the defendants, for the sum of One Thousand and no/100 (\$1,000.00) Dollars, and the further sum of One Hundred Fifty and no/100 (\$150.00) Dollars, as attorney's fees, which judgment was entered and docketed in the Clerk's office of said Court in said County on the 2nd day of February, 1928.

Notice is hereby given that, pursuant to the terms of the said execution, I will on the 24th day of March, 1928, at 10 o'clock a. m., at the front door of the Courthouse in the City of Medford, in Jackson County, Oregon, offer for sale and will sell at public auction for cash to the highest bidder, to satisfy said judgment, together with the costs of this sale, subject to redemption as provided by law, all of the right, title and interest that the said defendants had on the 13th day of June, 1912, or more here to, and to the following described property, situated in the County of Jackson, State of Oregon, to-wit: Lot 1, Block 49, in the City of Medford, Oregon.

Dated this 20th day of February, 1928. RALPH G. JENNINGS, Sheriff of Jackson County, Oregon. By OLEA E. ANDERSON, Deputy.
