Is YOUR Order in for AGRITOL

the NEW Land-Clearing Explosive made by the du Pont Company which cartridge Pyrotol

DON'T hold up land-clearing work because you expect to get more Pyrotol: The Federal Government has announced that the supply of salvaged war explosives from which Pyrotol is made is exhausted. But the du Pont Company has cartridge Pyrotol for the Government has bought out AGRITOL—a powder that can be used for same as Pyrotol—ask for it.

Advantages of AGRITOL

- Economical** because it has more sticks to the pound; about 172 sticks to the 50 lb. case instead of 150 sticks and about 86 sticks to the 25 lb. case.
- Additional Strength:** Enough to blast the stumps out and make only a shallow crater.
- Easy and safe to handle:** Much less inflammable, resists moisture, and doesn't waste when wet in hole or slit for loading.
- Equally effective for such agricultural work** as stumping, breaking boulders, preparing ground for tree-planting and subsoiling.

AGRITOL has been carefully and practically tested in this respect and found satisfactory. We have demonstrated our confidence in AGRITOL by putting in an ample stock of it. We recommend AGRITOL as a worthy successor to Pyrotol. When you prefer AGRITOL don't forget your blasting accessories. Our stock of caps, fuse, and other equipment for blasting is complete and dependable. Don't take chances on your blasting work. Use reliable du Pont detonators and avoid failures. Remember—the right cap is as important as the right powder. Prompt delivery of AGRITOL and blasting accessories on receipt of your phone call.
