

HUSBAND OF LADY WALL ST. SPLURGE INVENTOR TALKS IN STOCK GROWS. AT LIONS' MEET MARKET STEADIES

F. N. Carter, one man who is proud of being called his wife's husband, spoke before the Lions club today. Mr. Carter, who was a well known contractor of San Francisco gave up his own profession to assist his wife in a business, originating in her invention of eight of the well known traffic signals used throughout the country. Out of 30 nationally known women, including actresses, authors, business and professional women, honored in San Francisco on the big Woman's Day celebration held there March 15, Mrs. Carter was among the first 17 mentioned.

George Stokes, deputy state fire marshal, another guest of the club today gave a brief resume of his year's work accomplished by the local fire department, which he cited as being one of the most efficient in the state. The fire loss in Medford last year was lower than in any city of this size in the state, according to Stokes.

The club was entertained by an orchestra from the Apostolic Faith church in Portland, who are here in special revival work for the local church. Their numbers were enthusiastically received. Mrs. Agnes Smith played the piano, Mrs. B. J. Robinson, the violin and A. W. Hiett the cello. They were accompanied to the club rooms by C. C. Crawford of Portland, who is in charge of the special meetings held at the Apostolic Faith mission this week.

The international convention held in Des Moines from July 10 to 12, and the district convention to be held in Salem the first week in June were topics of discussion. Delegates will be named later.

LADY EVANGELIST TO GIVE LECTURES

"Great Themes of the Bible," the series of illustrated lectures to be delivered by Lydia Millar, swam evangelist from Los Angeles, will begin at the local church at eight o'clock tonight at the corner of West Jackson and Welch streets.

The first of the series, which will take in "The Person and Work of the Holy Spirit," is expected to be one of inspiration to church workers of every denomination. Mrs. Millar, who is a vigorous speaker, attracted a considerable following when she appeared in the Gold Hill church some time ago.

GRAND JURY QUIZ RESUMES SESSION

The grand jury, which has already spent two weeks in investigating the handling of the Jackson county prohibition fund, resumed deliberations this forenoon at the court house and will probably be in session for the remainder of this week at the least. A long list of witnesses has already been called and considerable time has been spent on records of the prohibition funds.

NEW YORK, Mar. 28.—(P)—

Stock market bulls continued to charge ahead today in the third successive 4,000,000-share session, and the fourth in history. Enormous buying of Continental Can developed in the last few minutes, carrying it up 11 1/2. Copper issues, such as American Smelting, Greene Cananea and Calumet and Arizona advanced \$5.50 to \$5.90, and Warner Bros. was up \$8.12 1/2 at \$35.40. Radio sagged \$3 from its high price of the day but closed at \$167.50, and General Motors \$4.25 below yesterday's last quotation.

NEW YORK, Mar. 28.—(P)— With the technical position of the market obviously improved by yesterday's swift and sweeping reaction, the stock market resumed its upward movement today in a much more orderly fashion.

Making up of the call money rate to 5 per cent following a renewal rate of 4 1/4 caused by a flurry of selling which carried several of the leaders down 2 to 7 points, but the general list pushed forward with early gains running from 2 to 11 points.

Rails assumed increasing prominence in the upswing, Texas and Pacific scoring 19 1/2 points to a new high at 134 1/2, and New York Central crossing 150 for the first time in its history. St. Paul common and preferred, Rock Island, Reading and Northern Pacific also reached new high ground.

Commercial Solvents extended its early gain to 8 points and S. S. Kress, Atlantic Refining, Montgomery-Ward, American Smelting and Consolidated Gas sold 3 to 5 points higher. Collins & Allman, Hudson and International Nickel were heavy. Radio, which broke 7 1/2 points to 16 1/2 around midday, was quoted at \$171 bid about an hour later.

The closing was strong. The presence of a large short interest in Radio was indicated by an intense scramble for the stock in the final hour, when the price touched 17 1/2, compared with a quotation in the low 80s when the big offensive against the bears was launched about a month ago. American Smelting hit 191 and some of the low priced oils and specialties improved their peak prices considerably. Total sales approximated 4,300,000 shares.

POLAR AIR TRIP PLANS PROGRESS

SEWARD, Alaska, Mar. 28.—(P)— A terse radio message, "All fine, Barrow, heard Seward signal Okeh," was picked up by the government radio station here last night, indicating that Captain Geo. H. Wilkins, Australian explorer, and Captain Carl B. Eielson, his Alaska airplane pilot, were making progress in their preparation for flights over the Polar sea.

Wilkins and Eielson are awaiting favorable weather for aerial exploration. Their base at Point Barrow is stocked with gasoline and provisions. If conditions are satisfactory they have planned a flight to Spitzbergen over the Arctic "blind spot," about the middle of April.

Hood River will vote on \$250,000 Cold Springs water system bonds.

Wallowa county shipped 1148 cars produce during 1927.

WALL ST. WORKERS TO GET BONUSES; AIR FOR BROKERS

NEW YORK, Mar. 28.—(P)— It was midnight in Wall street and a weary clerk raised his eyes from the sheet over which he was working, trying to straighten out the mass of figures which a record-smashing market had brought down upon his shoulders.

"Where you going this summer, Billy?" he asked the man at the next desk.

"I can't make up my mind. The boss said to pick out the place and the trip was on him. I think I'll choose Paris."

The foregoing is hypothetical conversation but might well be an actual one in several brokerage houses where the clerks and assistants have toiled nights during the days of record-breaking markets. Getting along on a few hours sleep, a bite to eat now and then and an occasional visit home for a clean shirt or a change of clothes, many are to be rewarded by a vacation to Europe, with all expenses paid.

Practically every house in the street has either given or promised bonuses ranging from a week to ten weeks' pay; vacation trips at the firm's expense; trips to the theater whenever they can be spared for a few hours; rooms at hotels near their work and the right to sign dinner checks on the boss when they can take a few moments off to get something to eat.

Estimates placed the bonuses given in Wall street last year at \$50,000,000 and the figure will be appreciably raised during 1928 because the present bonuses are in addition to the usual vacation and Christmas checks handed out.

It's big money in the street these days and big commissions and the traders show their appreciation for the work of faithful employees.

The flagging spirits of the trader who have borne the brunt of the 16 hectic sessions, are being revived by invigorating streams of vitalized air which are being poured into the trading room. This innovation took effect yesterday. With the gallery packed by a record crowd of 500 spectators and the floor a seething mob of 700 traders, it is believed the turnover of over 4,300,000 shares could not have been accomplished as efficiently as it was without the extra supply of fresh air. The 500 visitors was the largest number ever to visit the exchange on one day.

THE MARKETS

Livestock
PORTLAND, Ore., Mar. 28.—(P)— Cattle and calves steady; no receipts.
Hogs steady; receipts 660, all direct.
Sheep and lambs, steady. Receipts 250 on contract.

A. B. Hunter, LaGrande, for Democratic nomination for state senator for Union and Wallowa counties.
C. H. Oxman, Ontario, for republican nomination for representative for Malheur county.
George E. Allen, Baker, for representative for Malheur county.
Earl A. Knott, McMinville, for democratic nomination for district attorney for Yamhill county.

FEAR LIFE LOSS IN ITALY QUAKE WILL BE HEAVY

UDINE, Italy, Mar. 28.—(P)— The fear prevailed here today that the loss of life and limb in the earthquake of yesterday in the Friulian region may be even greater than estimated because crippled telephone and telegraph lines prevented the obtaining of a full report of the disaster.

At noon the toll stood at 10 dead and 40 injured. Two relief trains and a column of motor trucks loaded with food, blankets and medicines moved into the stricken region. Detachments of infantry, Alpine troops and the fascist militia had preceded them.

At Tolmezzo the panic caused by the earth tremors was accentuated by a landslide. Two great masses of earth knocked over chalets and cabins.

The bell tower of the cathedral was so badly damaged that it is feared that it might fall at any moment. Another church, the prefecture, courthouse and barracks were also badly damaged.

The populace fled into a great rocky lair between the Tagliamento river and another stream. The Tolmezzo hospital was evacuated. The fascist federation of the Udine province launched an appeal for subscriptions.

Premier Mussolini has put 100,000 lire (about \$5,000) at the disposal of the prefect of Udine to relieve earthquake sufferers.

Radio Program KMED Mail Tribune-Virgin Station

The Voice of a Great Country Program, Thursday March 29
10 to 11 A. M.—Economy Groceries.
11 to 11:30—Binns, Butcher.

Earl Davis, local radio announcer urges listeners to get requests in early for the convenience of the staff.

ASTORIA.—Barbey Packing company starts to install cannery machinery in new plant.

AERIAL ENDURANCE FLIGHT UNDER WAY ONE FORCED DOWN

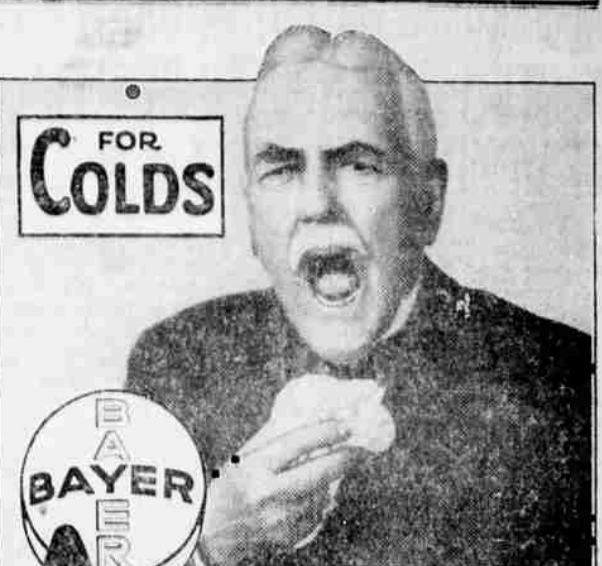

ST. PAUL, Minn., March 28.—(P)—Gene Shunk, St. Paul aviator, ended his third unsuccessful attempt to establish a new world's endurance race flight record here at 7:24 a. m. today when a plugged gas jet forced him down after 12 hours and 16 minutes in the air.

He took off at 7:14 last night.

JACKSONVILLE, Fla., March 28.—(P)—Captain George Haldeman and Eddie Stinson took off from the beach runway here at 7:26 o'clock (eastern standard time), this morning in an effort to better the world's endurance flight record. The fliers were confident the Stinson-Detroit monoplane, under power of its 220 horsepower Wright whirlwind motor, would keep them in the air more than 55 hours. They expected to cruise up and down the Florida east coast.

The record which Haldeman, noted for his trans-Atlantic attempt with Ruth Elder, and Stinson, a manufacturer of Detroit, have as their goal, is now held by two German aviators with a sustained flight of 52 hours and 23 minutes.

In order to achieve a recognized new mark, it will be necessary for the two pilots to remain in the air at least one hour longer than the previous record.

ASPIRIN

To break a cold harmlessly and in a hurry try a Bayer Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Bayer Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

Aspirin is the trade mark of Bayer Manufacture of Monacochester of Ballefheld

“Loveliness of Skin absolutely essential”

says E. MASON HOPPER
director for PATHÉ DE MILLE

“Beauty may be 'only skin deep' but nothing is more essential than the loveliness of a girl's skin. A star's public and director demand that beauty first of all. To survive the test of the merciless close-up her skin must be genuinely exquisite—no art can fake its beauty.”—E. Mason Hopper.

LEADING motion picture directors have found that beautiful, smooth skin is the greatest charm a girl can have. It is even more important than bewitching eyes or lovely features, screen tests have shown them.

To every star in Hollywood, the loveliness of her skin is even dearer than it is to most women—her very career is at stake. Nine out of ten screen stars use Lux Toilet Soap.

It cares for their priceless skin the true French way—it is made by the famous method beauty-wise France discovered and uses for her finest toilet soaps.

All the great film studios, following the lead of their celebrated stars, have made Lux Toilet Soap the official soap in their dressing rooms.

You too, like the radiant stars whose exquisite skin is admired by millions, will love the caressing, instant lather of this delicately fragrant, white cake. Even hard water can't quell its bubbling lather! Order some Lux Toilet Soap today—enjoy the luxury that until now you only found in French soaps at 50c or \$1.00 a cake—now it's just ten cents! Lever Bros. Co., Cambridge, Massachusetts.

PHYLLIS HAVER and the striking bathroom inspired by this popular Pathé De Mille star, Nine out of ten screen stars use Lux Toilet Soap

“No star can hope to look lovely unless she has a really velvety-smooth skin—'studio skin.' I find that Lux Toilet Soap leaves my skin so gently smooth that I have no fear of the high powered lights of the close-up.” Phyllis Haver

LUX Toilet SOAP

Luxury hitherto found only in French soaps at 50¢ or \$1.00 a cake . . . now 10¢

CREAM of TARTAR

Any reliable baking powder will raise dough, but there is one kind that is more wholesome than others. That's cream-of-tartar! That's Schilling's!

Ask your doctor - - he knows.
