

GRAND JURY QUIZ DRY FUND MONEY AGAIN ADJOURNS

The grand jury, which resumed its long investigation, supposed to be into expenditures of the county prohibition funds and possibly some other matters, for years past, yesterday morning with the understanding of being in session the remainder of the week, unexpectedly changed its plans and adjourned in the afternoon until next Monday, unless otherwise summoned to resume before that time.

PRE-EASTER SERVICES AT CHRISTIAN CHURCH

The pre-Easter services at the Christian church last evening was the beginning of the five evening week day meetings of "Passion Week", leading up to the great climax next Sunday in commemoration of the resurrection of Christ.

The music, the audience and the sermon, "The Constraint of Mother Love," by Rev. T. H. Temple, were all in line with the spirit of the occasion.

Rev. Temple told of the profound love of Christ's mother all through His life and especially during the trying scenes on the cross and likened it into the mother love of today. He also spoke of the love of Christ, while on the cross, for his mother and all mankind, even those who were crucifying Him, and said that love has extended all down through the ages and will last as long as time shall endure.

The young people's meeting was held at 7:30 p. m. and will be continued each evening up to and including Friday.

Rev. E. P. Lawrence read the lesson and led in prayer. Carmen E. Mell presided.

George Maddox sang an appropriate solo and the audience joined in responsive reading. The congregational singing was a feature. Services tonight at the same places at 8 p. m., all the four ministers taking part. The sermon will be by Rev. E. P. Lawrence, subject, "The Pure Sacrifice."

Mrs. Ralph Raymond will sing a solo.

REPORT NO CHANGE IN PARALYSIS CASE

The condition of Ray Talbot, 22-year-old son of Mr. and Mrs. C. D. Talbot, who is ill with a light attack of cerebral spinal meningitis, was reported to be about the same today, after having been stricken last week. The boy is not afflicted with a severe case, but due to the fact that the only isolation quarters in the county at the Sacred Heart hospital are now filled, he is being kept at home.

However, the county health office is cooperating in the case and yesterday supplied a quantity of serum for the afflicted boy.

Our Attractive Facilities Make Banking a Pleasure Here

You will find this bank always ready to render Banking Services that are so essential to every one.

The entire office force makes you feel at home. Our plan is to have you feel better when you leave than when you come. With this spirit prevailing banking can not fail to be a pleasure here.

ROTARIANS ELECT NEW DIRECTORS, CARLE PRESIDENT

The Medford Rotary club held a busy session today combining the annual election with Ladies' Day. A large number of Rotarians were present with their wives, only three members being fined because their ladies were "conspicuous by their absence."

The election of a new board of directors resulted in the following members being named on the new board: Jack Carle, Frank Newman, Wm. Helger, Chas. Clay, Horace Bromley, Ed Shockley and Al Hayden.

Jack Carle received the highest number of votes and was therefore automatically elected president of the Rotary club for the coming year. Mr. Carle endeavored to resign the honor on account of press of business but was unanimously overruled and forced to accept the presidency.

The meeting was in the nature of a "baby shower" in honor of the new Allen baby and following an appropriate musical number, "There's a Baby in the House" by the Masonic quartet, the shower continued. The first item was a handsome baby buggy, the gift of the Medford Rotary club.

Mr. and Mrs. "Bill" expressed their heartfelt appreciation for the many gifts and stated that the new baby, which they regarded as a Rotary baby should be brought up in accordance with the splendid ideals and principles of Rotary.

An interesting talk by Mrs. Louis Humphrys and several fine vocal selections by the Masonic Quartet were much enjoyed by those present. W. F. Helger, assistant executive of Crater Lake council spoke on the scout leaders training course which starts next week and which is of real interest to Rotarians in connection with their boys work activities.

Ben Sheldon, prominent Kiwanian of Medford and Los Angeles made a short address in which he paid tribute to Rotary as the parent organization of all the service clubs. Mr. Sheldon related some of the work which is being carried on by the Los Angeles Kiwanis club and urged that all service clubs cooperate on certain activities to accomplish real results.

President Allen spoke of the fine attendance record made by the local club during February, reaching nearly 95 per cent and asked that this good work be continued. He also announced that the Medford club was going to do its best to again win the attendance cup at the district conference at Seattle this month and asked the ladies to be sure to send their husbands to the conference.

Horace Bromley, commander of Medford post of the American Legion announced the coming visit of National Commander Edw. E. Stafford who is to arrive in Medford by airplane next Sunday, April 8th and invited all present to meet this Legion executive.

After the meeting the Rotary club remained to help Mrs. Allen unwrap her many attractive gifts, which resulted from this unusual "April shower."

The Weather

Lowest temperature this morning, 35. Precipitation for 24 hours ending 5 a. m., .16 inch. Yesterday's weather here: Highest temperature, 47; highest this month since 1912, 96. Lowest temperature yesterday, 37; lowest this month since 1912, 22. Mean temperature yesterday, 42; departure for the day, deficiency, 7 degrees. Average daily deficiency for the month, 8 degrees.

Precipitation: Total rainfall since first of month, .41 inches; 15-year average for the month, 1.36 inches. Total rainfall since January 1, 6.92 inches. Total rainfall since September 1, 13.89 inches. Humidity yesterday, 5 a. m., 63 per cent; 12 noon, 77 per cent; 5 p. m., 72 per cent. Character of day, cloudy. Sun sets today at 6:38 p. m.; rises tomorrow, 5:49 a. m.; sets tomorrow, 6:29 p. m. (Rises and sets computed for level horizon.) Forecast for tonight and tomorrow: Fair tonight and Wednesday. Heavy frost tonight.

L. WALTER DICK, Meteorologist, U. S. Weather Bureau.

Social Notes and Meetings

A short business meeting was held last night by Tallman Lodge No. 10, Knights of Pythias, with 15 paid chancellors and one past grand chancellor present.

The announcement was made by Royal Visitor Carl Plichtner that Eghat Gurkan Temple No. 224, D. O. K. K. will hold its April meeting at the "It's the Climate" city next Saturday night, leaving from the local hall at 8:45. A real treat is in store for all who attend, as a great live committee has been appointed to Grants Pass to attend to everything and the boys all know what that means.

Star Is Engaged

Louise Groody, musical comedy star, admits she has lost her heart to a prominent Boston society man whose name she refuses to reveal. She was divorced some years ago from William F. McGee, New York stock broker.

AIMEE'S DAUGHTER AND AUTO PARTY GO THROUGH CITY

Following a short stop in Ashland, Roberta Semple, daughter of Aimee Semple McPherson, and May Waldron, secretary to Aimee, were reported to have passed through Medford today, accompanied by two youths.

The quartet arrived in Ashland this forenoon driving an Erskine automobile, registered to Miss Semple, and when the party left the machine the youths alighted barefooted, explaining that their car had become stuck in the snow in the Siskiyou mountains and that in working to get it out their shoes became thoroughly soaked. The youths claimed they had only 25 cents between them, were too broke to buy socks and had to be content to purchase house slippers at an Ashland store.

May Waldron, Aimee's secretary, told Miss Regina Johnson of the Ashland Tidings that the party was en route north on a trip. Three planes for rent, Palmer Music House, 12.

PREDICT HEAVY FROST AND FAIR; HEAVY SNOWFALL

Following the storm of wind, rain and snow flurries over the week end and yesterday, and alternate rain and snow flurries today in the valley, and continued heavy snowfall in the mountains, a prediction was received here this morning from the U. S. weather bureau at San Francisco for a heavy frost tonight and fair weather for tonight and Wednesday.

Hence the special forecast of Floyd Young, the local government frost expert, which will be given at 7 p. m. to the telephone exchange and at 8 p. m. over the radio will be awaited with much interest by the orchardists. Hereafter Mr. Young's special forecast will be announced over the radio at 8 p. m., following his forecast at 7 p. m. for the phone exchange.

The prospective frost for tonight is received by the valley orchardists with mingled feelings, those who do not snuggle being apprehensive, and the majority of the soundings orchardists and some of the other leading fruit experts welcoming it, as they think that a frost might bring fair and warmer weather for much needed pollination. They reason that they can fight the frost with smudge and that the great need now is for pollination of the blossoms.

A rather heavy snow began falling about 1:30 this afternoon, to later turn into rain. Over the week end and up until 5 a. m. today the rain had amounted to 62 hundredths of an inch.

During the most of this time there was more or less heavy snow falling in the foothills and high mountains with much snow in both places, but heaviest in the mountains.

The snow was reported today to be a foot deep on the summit of the Siskiyou mountains with the Pacific highway open for travel, after snow plows were used all last night to keep the highway free from drifts. While the highway is open for motor travel, the use of chains is advised, due to the slippery condition of the paving. Snow fell heavily in Ashland last night and the ground there was covered this morning, but melted off before 8:30, to be succeeded by other flurries of rain and snow during the day.

Oronite Starts Spring Campaign

"Oronite" cleaning fluid, a standard product of the Standard Oil Co. of California, that has been advertised in the Mail Tribune extensively in this city for several years past, return today for a spring campaign.

It is non-explosive, has no unpleasant odor, cleans clothing, upholstery, rugs, carpets, enamelware, and many other articles. It is specially recommended for cleaning neckties, dainty frocks, gloves and valuable hangings. This product can be obtained from druggists, grocers, hardware and other dealers in all cities.

INDIANA FOLKS START ERECTION MODERN HOME

Mr. and Mrs. Will C. Young, who recently came to Medford from South Bend, Ind., and purchased property on the Old Stage road have started the building of their new bungalow last week. They held a unique ceremony when the foundation was laid.

Mrs. Young deposited in the cornerstone a sealed box containing a love message and a 1928 coin. One hundred years from now this will be a rare find for some archaeologist. The property purchased by the Youngs consists of 22 acres, lays just north of the McCaskey place on Millionaire Row, on the east slope of the mountains, with a commanding view of the valley.

Mr. McLaughlin, Mr. Truelson and the Crater lake rim, all of which are snow-capped most of the year round.

There are four acres of pears, three of peaches, two of English walnuts and one each of cherries and grapes.

WYOMING WORKERS FEEL FALL 'GOAT', ELKS FORUM TOLD

One of the best attended and thoroughly entertaining local Elks forums of the year was held in the lodge dining room this noon, and marked the last weekly forum presided over by Exalted Ruler C. C. Lemon. Between 80 and 90 visiting and local Elks and their guests were ushered into the dining room to the strains of the Bingey Brothers' orchestra, which played selections throughout the meal.

Louis Warner, former local resident and for the past eight years connected with the oil fields of Wyoming, gave an interesting insight into the attitude of the Wyoming oil workers toward the Teapot Dome scandal. That the people of the Wyoming oil districts have only sympathy for Fall, and do not believe that Colonel Stewart, whose name was connected with the testimony, was involved at all, were interesting sidelights brought out by the speaker.

George Maddox, local tenor, gave two well received vocal numbers, "Love, Hero of My Heart," and "My Jean," by Cara Roma. He was accompanied on the piano by Mrs. George Andrews. Prince Giglio, "Malted" ruler of Lodge 599 in the city of Komama, Honolulu, on the Isle of Guano, was ushered into the assembly by Don Collier and introduced to the members. Prince Giglio (Earl Davis, local KAMED announcer) made a striking picture in his brilliant lined costume, and he gave the local lodge a few striking tips on forum procedure that they will long remember.

TAKING OF SCENES FOR LOCAL MOVIES STARTS TOMORROW

The making of street scenes for "The Reporter," a three-reel comedy to be produced here this week by the H. J. L. Productions of Hollywood will begin promptly at noon tomorrow in front of the Mail Tribune building, where all applicants who have signed up to appear in the picture and others interested are asked by Director Charles Dorsey to assemble promptly on time.

Scene will be taken all tomorrow afternoon and Thursday and the completed picture will be shown at the Rialto theatre next Monday. Applicants from all parts of the county were interviewed at the Rialto theatre this forenoon by Director Dorsey, who is pleased with the interest shown thus far. His offer for other applicants to make their appearance is still open and as large an assemblage as possible is expected when the cameras begin grinding tomorrow.

Gene (Fatty) Laymon, who will take the lead in "The Reporter," is a veteran actor and only recently completed 12 two-reel comedy subjects, co-starring with Chas. Dorsey, who is an actor as well as a director. Laymon has been seen often on local screens and is never forgotten because of his heavy weight of 325 pounds.

Charles Dorsey began appearing before the public as the head clown in the Al G. Barnes circus and is remembered as the co-star of Baby Peggy, who formerly appeared in a number of comedies.

All Medford is invited to watch the taking of the movies tomorrow and the general invitation to take part in the productions still holds true. The public is again reminded that the first shots will be taken in front of the Mail Tribune building.

A feature of the moving pictures to be taken tomorrow noon will be the demonstration of a new life saving machine, invented by L. E. Morris of Santa Ana, Calif., and who is visiting his brother, W. J. Morris here. The demonstration will take place at the Holland Hotel and movies of the descent of a passenger will be made for exhibition at the Rialto theatre. The machine has been patented by Mr. Morris and a demonstration in southern California included the feat of jumping from a 50 foot oil derrick unharmed through its use.

A member of the local fire department will probably make the descent, according to Fire Chief Roy Elliott.

Clean rags wanted at the Mail Tribune office.
