RESTORATION OF AUTO LEVY URGED FOR TAX SLASHING

WASHINGTON, April 2.—(AP)—The \$250,000,000 big reduction voted by the house must be paid down to \$201,000,000 and perhaps to \$182,000,000, Secretary Mellon told the senate finance committee today in reporting on the outlook for the treasury for the next year.

This is even less than the treasury secretary proposed to the house last fall, and is necessary, he explained, because of increased government expenditures rather than due to any drop in revenues, which are expected to equal last year's on the basis of first returns.

The first administration proposal was for a \$255,000,000 cut.

To attain the \$200,000,000 limitation, Mr. Mellon suggested to the committee that the present automobile tax of 3 per cent, which was repealed by the house, be restored to the bill, saving \$66,000,000, and that the existing 12 1/2 per cent corporation levy be reduced only to 12 per cent rather than to 11 1/2 per cent, as voted by the house.

The committee began work today on the house bill passed before Christmas, after waiting for the March 15 returns.

The secretary proposed this program:

Downward revision of surtax rates applying to incomes between \$14,000 and \$75,000—loss in revenue \$50,000,000.

Reduction of corporation tax from 12 1/2 to 12 per cent—loss \$123,000,000.

Repeal of federal estate tax—loss, first year, \$7,000,000.

Exemption of income derived from American Bankers' acceptances held by foreign central banks of issue—loss, negligible.

He also accepted the following house provisions:

Increase from \$2000 to \$3000 the exemptions allowed corporations with incomes no in excess of \$25,000—loss \$12,000,000.

Increase from 75 cents to \$1 exemptions on admission tax—loss \$5,000,000.

Repeal of tax on cereal beverages—loss \$185,000.

Reduction in tax on wines—loss \$930,000.

This program would result in a total cut of \$201,115,000.

Mellon estimated the surplus for this fiscal year, ending June 30, at \$400,000,000 and for next year, \$312,000,000, as compared with estimates of \$454,000,000 and \$274,000,000, respectively, made last October.

On the basis of the latter estimates, the tax cut of \$225,000,000 was recommended to the house last fall.

In urging restoration of the present automobile levy of 3 per cent, Mr. Mellon declared the "insistent demand for repeal of this tax does not come from the automobile purchasers, but from the manufacturers and dealers, who have organized an intensive propaganda and of necessity do not look at our tax problem as a whole but concentrate their attention on the one tax which they believe affects their own interests."

STORM BUFFETED SHIPS RIDE OUT NEPTUNE'S WRATH

PORTLAND, Ore., Apr. 2.—(AP)—Four of the vessels which were in distress in the severe storm off the coast yesterday were accounted for early today in reports that indicated their safety.

The K. V. Krause, four-masted schooner, 112 days out of Adelaide, Australia, which had been short of provisions, turned up this morning off the Columbia river fighting after battling out of the storm while the coast guard cutter Snodgrass was searching for her.

The tug Arrow No. 3, put out from Astoria to supply provisions and tow the vessel into the Columbia river.

The Ernest H. Meyer, which sprung a leak in the heavy weather here yesterday while proceeding south from Gray's Harbor, with lumber, came in at the Columbia river at Astoria late last night.

The steamer Jane Nettleton, which was in trouble off Cape Blanco yesterday, according to wireless advices was proceeding on her course, having righted herself. The tanker Keweenaw, which stood by all day, sent a radio message about midnight, saying she was proceeding and that the Jane Nettleton could take care of herself.

Coast guard stations along the coast had men out patrolling the beaches today on a lookout for the Sunday power lifeboat which went out to sea yesterday near Hecla, head with five men and being unable to cross over the bar.

Moderating weather conditions were expected to help the coast guardsmen ride out the storm.

The report from North Head this morning showed a 38-mile north-west wind, with sea choppy. The weather bureau said the peak of the storm was over. SENIORS TOIL FOR PRESENTATION OF CLASS PLAY APR. 10

With only a week left for preparation, the cast of high school seniors in "The Patsy," senior play and only dramatic production to be put on by the school this year, are concentrating all their efforts on rehearsals, according to Mrs. Justin Smith, dramatic coach.

The play, which is to be presented in the Craterian theater, April 10, is a farce comedy from the pen of Barry Connors, popular modern playwright, who is responsible for several of the late Broadway hits. The plot is one of extreme and laughable situations, revolving around the fate of "The Patsy," an ugly duckling of a middle-class family who, through her discovery of a and concentrated study upon a book entitled "Wise and Witty Sayings for All Occasions," is able to command the attention not only of her family, but of all those with whom she comes in contact.

"The Patsy" is played by Jane Dixon. Other characters in the play include Amy Frederick, who plays the part of Mr. Harrington; Alice Roberts, who plays Mrs. Harrington; Sammie Clemenson, Miss Grace Harrington; Stanford, Helen, Tony and a young Robert Stotzer, Billy Caldwell; Anita Mohr, Sadie Buchanan; George Shillman, Mr. O'Flaherty.

MELLON SEES NO BUSINESS CHANGE

WASHINGTON, Apr. 2.—(AP)—Secretary Mellon foresees no material change in business conditions during the balance of the calendar year from those which have prevailed during the last two years.

His views were included in a prepared statement on tax reduction submitted today to the senate finance committee in which he predicted little difference in income tax receipts for next year.

"It would take a mighty wise man," Mr. Mellon
