A SUPERIOR flavor, such as no other coffee has or can have, is the reason for this widespread demand. For Hills Bros. Coffee is the result of Controlled Roasting, an exclusive, continuous process patented by Hills Bros. that roasts a few pounds at a time—never in bulk.

The delicious flavor and fragrant aroma of Hills Bros. Coffee comes to you in all its fullness because it is packed in vacuum—a method originated by Hills Bros. Ask for this rare coffee by name and look for the Arab on the can. Write for a free copy of "The Art of Entertaining." Address—Hills Bros., Dept. 334, 2 Harrison St., San Francisco, Calif.

HOT CROSS BUNS ARE DENOUNCED

LONDON, April 6. — (AP) — Hot cross buns, millions of which are made annually for Good Friday, were labelled as home wreckers by the Rev. James Shephard addressing an assemblage of women at Islington chapel. He said: "Don't eat Hot Cross buns on Good Friday. Don't give them to your husbands. They are buns that were offered to pagan gods."

"After a hearty breakfast of Hot Cross buns, you may act like a pagan. Many homes have been wrecked by indigestible Hot Cross Buns. So whether you are married or single, leave them alone."
