## EASTER CANTATA TO BE GIVEN AT EAGLE PT. SUNDAY

EAGLE POINT Apr. 5.—The Steners moved into the George House house this week and Mr. Holmes started in at once building the next house just north of this one. These are lovely little homes for anyone renting. They are modern in every detail with breakfast nook, sleeping porch, shower and laundry tubs, with double garage between the two houses. We are glad to see these new houses built, as it is quite a convenience for people wishing to rent in Eagle Point. William Coy returned home Saturday after spending some three weeks at the Jacksonville sanitarium. Mr. Coy says his health is very much improved.

Hattie Hovsett, who has been at the sanitarium for many weeks, is slowly improving. The Community Presbyterian church plans a splendid Easter service next Sunday morning. The choir will render the chorus numbers of the cantata "Easter Praise," and Dr. Morgan will preach an Easter sermon in keeping with the celebration of this important day. It is hoped that several will be received into the church at this time also.

The annual business meeting of the church was held last Friday evening after the church service and quite a good many stayed for the meeting. The entire congregation was invited to stay and have a voice in the meeting. Dr. Morgan was called to serve the church as pastor for another year and Mrs. Esch and Mrs. W. H. Brown were elected on the board of trustees. The church has shown a consistent growth, there being an increase in membership of 33 1-2 per cent since Dr. Morgan's call to the pastorate here. The trustees reported a deficit of \$27 which will be met in the near future and the new budget for next year suggested by the board will be \$600. All departments of the church read very encouraging reports and the work is going ahead as fast as can be expected.

James Spencer, manager of the irrigation district for many years, has taken a new position in the Ashland territory and has severed his connection with the local district, for a time at least. Mr. Spencer will be missed as perhaps no other man in this community would be missed. He has consistently boosted everything good for the development of this territory and has been untiring in his service to the public. He is a member of the Grange and is chairman of the ways and means committee of that organization, the most important committee in the Grange. He is chairman of the school board and gave liberally of his time when the high school building was being erected. He is the type of man any community needs and Eagle Point as a community hopes to be able to call Mr. Spencer back to the district later on. We are all extremely sorry to see Jim leave Eagle Point.

TABLE ROCK, Apr. 5.—Mrs. C. T. Hamilton and son Cyrus and Miss Frances Johnson of Central Point were Sunday visitors here.

The excessive amount of rain during the last week is holding back farming operations and endangering the pollinating process of fruit trees, besides bringing Rogue river out of its banks for a short time one day last week.

Surveyors are busy running lines and establishing corners on the Tuttle subdivision which, it is said, will soon be occupied by home-makers who are purchasing these five-acre tracts for that purpose.
