ROTARIANS ELECT DIRECTORS AND MINOR OFFICERS

At a directors' meeting of the Rotary club held this noon, the following officers were elected to assist President Jack Carle to carry on Rotary activities during the coming year: Vice president, Chas. Clay; secretary, Ed Shockley, and treasurer, Al Miller. The new board of directors is as follows: Jack Carle, Chas. Clay, Ed Shockley, Frank Newman, Wm. Dolger, Al Hayden and Horace Bromley.

Today's Rotary meeting was in the nature of a round-table discussion, Chairman Scheffel having passed out a number of questions which in turn were discussed by those present. Some very constructive ideas and suggestions for the expansion of Rotary activities were advanced by those present, and it is felt that some real good will result from this meeting.

A fine letter from the Rio de Janeiro Rotary club was read by President Allen and it is hoped to publish this letter in full at an early date. President Allen also announced a Rotary excursion to Alaska and asked those interested to make reservations at once.

The Seattle conference will be attended by a large number of local Rotarians, according to a canvass made of the membership today. This is the 15th annual conference of the northwest district and will take place April 22-25. President Allen urged all members planning to go to make reservations at once as many of the leading hotels are already sold out.

Next Tuesday's meeting will feature a special agricultural program and every Rotarian is expected to bring a farmer guest. In closing, President Allen expressed the thanks of the Allen family for the fine "baby shower" last week, and passed a box of cigars, the gift of Miss Katherine Virginia Allen, the newest "Rotary Ann."

Visiting Rotarians at today's meeting were W. P. Fell of Eugene, Ray Paddock of Seattle and Ernest Ludwick of Portland. Other guests included Prof. Jameson of Oregon State college, Bob Fowler, county agent, Frank Perl and Bert Thierolf.

INSTITUTE APR. 14 AT EAGLE POINT

The last local institute of the year will be held at Eagle Point on Saturday, April 14th, at the school building. Quite a large group of teachers, who have not attended a local institute this year are planning for this one. Miss Marsters and Miss Hales of the Normal faculty and three supervising teachers of the practice school will be on the program, which alone guarantee a valuable day for discussions and instruction.

PERSONALS

The Elks' lodge session next Thursday night will be shorter than usual, as the Medford high school band will present a concert for the especial benefit of the lodge. An interesting program has been arranged by Director Wilson Waite and a good attendance of Elks is expected.

The case against M. L. Lintt, charged with the transportation of intoxicating liquor, was dismissed in justice court today because of lack of evidence. The complaint against Lintt was sworn to by Deputy Sheriff Paul Jennings.

CHICAGO, April 10.—(AP) An explosion so terrific as to rock buildings a block distant, wrecked an untenanted two-story building on the west side last night. Police believed a still or gas, rather than a bomb was responsible.

REPORT CHINOOK SALMON BITING; ROGUE IS ROILED

Although the Rogue river was quite high and roilly yesterday and still rising, due to the warm sun and temperature of the past few days melting away much of the snow in the mountains, the change to cooler weather last night stopped the river's further rise for a time, it was reported in the city today.

Despite the high and muddy water yesterday afternoon many fishermen, mostly expert amateurs assembled at the Savage Rapids dam vicinity trying out their luck at landing Chinook salmon, and a number of the big fellows were caught.

P. C. Bigham was the luckiest of the Medford contingent of anglers, he landing two fine salmon, the largest of which weighed 22 pounds and the other one weighing about 20 pounds. His good fortune is not to be wondered at because Pete is a piscatorial expert, who for years has known the majority of steelhead and salmon by name, and is thoroly conversant with the habits and eccentricities of the finny tribes.

During the time he was fishing in the dam locality, he says, he saw fourteen boats of fishermen out, and in addition there were quite a number of anglers fishing from boards extending out into the stream. During that time Pete says the river rose three inches.

The local anglers are earnestly hoping that the river will lower and clear up by next Sunday when the fishing season for trout over six inches in length begins.

SENIOR PLAY AT CRATERIAN TONITE

The stage is set for "The Patsy," senior play of the high school, at Hunt's Craterian tonight, and with the advance seat sale promising a capacity audience, Mrs. Justin Smith, coach, and her cast of actors are more than enthusiastic over the outcome of the play, which has been in rehearsal for the past four weeks.

As tonight's show is the only dramatic production offered by the local high school this year, a quantity of thought and painstaking effort has been expended on the endeavor, and the cooperation of actors, stage hands and technicians has been given the faculty director in the hopes of making the play an outstanding success in every way.

Wilson Waite's high school orchestra will furnish the music before and during the presentation of "The Patsy," and the curtain will ring up at 8 o'clock. The cast of characters in the play includes Amby Frederick, Alice Roberts, Camille Clemenson, Jane Dixon, Stanford Biden, Robert Stoltze, Anita Mohr and George Silliman.

VALLEY INTEREST HIGH IN GORMAN M'INTYRE BATTLE

GRANTS PASS, April 9.—Less than a week remains before Old Man Gloom, in the person of Friday, the 13th, settles over one of the fighters, Joe Gorman or Bobby McIntyre, when they push gloves in Bob Quick's card in the Grants Pass Athletic club in Grants Pass next Friday, the date of which happens to be lucky or unlucky 13.

Large crowds have been closely following the two boys in their workouts. There is more interest being shown in this battle than in all before. It seems as though Promoter Bob Quick has scored a winner when he matched these two boys. Bobby is rapidly becoming acquainted and becoming a favorite with all he has met. Many of the smaller boys follow him from place to place, unable to keep their eyes off of him. In turn, he allows some of them to get in the ring with them and then he gives them pointers in boxing. His manager, Charlie Duncan, also takes interest in the young boys of Grants Pass and spends much of his time showing them how to punch, train, etc.

The ones who watch McIntyre work out are awed by his fast footwork. Some say that never have they seen a faster individual. It seems as though it will be impossible for any living being to touch him. Not only is he fast, they say, but he packs a most wicked wallop with him. Since being here Duncan has received a request from Chicago asking that he bring Bobby back. They say they have a new boy there they want to match against him. However, Duncan says he has other plans for Bobby. Duncan also says that Bobby will beat Joe. He claims that his boy can hit harder and oftener and that he is much faster on his feet.

In the meantime, Joe Gorman is working out very faithfully, does not say much, but his backers feel that he is invincible. They cannot figure him beaten by McIntyre or anyone else. Considering the interest aroused by this fight, considerable betting is expected with the odds just about even.

Guided by the seat reservations made thus far ahead, Quick is now adding seats to his arena, in order that he may accommodate the large crowd that is expected next Friday night. Towns in southern Oregon that have never been heard from are sending in requests for tickets. If the Grants Pass people are not careful they will be forced to wait in line for tickets at the box office because the out-of-town folks are getting theirs now.

MARSHFIELD, Ore., April 10.—(AP)—Striped sea pike are being caught in considerable numbers by ordinary tackle in Coos Bay inlets this spring, the first time known in local history. The fish first appeared in Coos Bay ten years ago.

CREAM TONNAGE SHOWS GAIN ON PORTLAND MART

PORTLAND, Ore., April 10.—(AP)—Butter prices are heading rapidly toward storage levels on coast markets with a decidedly weaker tone evident here following a further decline yesterday both for the churned product and for butterfat. Extras dropped half a cent to 39½ cents per pound and standards went a full cent lower to 39 cents. The drop in butterfat was more pronounced with quotations 2 cents lower both in Portland and at shippoints, with 43 cents offered here.

Weather conditions have brought pasturage conditions in this region close to normal and cream tonnage is increasing with corresponding increases in the daily make.

Storage of butter will likely start within the next two weeks, it is predicted. Eggs were higher today. Standard firsts jumped only half a cent to 21½ cents, but medium extras rose 1½ cents and were noted higher than standards, firsts at 22½ cents per dozen. Other grades were unchanged.

Receipts of butter and eggs were heavy yesterday with into storage movement of eggs large at 1532 cases, swelling the local holdings in coolers to 25,176 cases. Butter receipts were reported at 8703 pounds with storage holdings light at 2960 pounds.

On the poultry market conditions were little changed today with demand running heavy to hens and broiler classes, of which supplies continued light, and rather large accumulation of Leghorn hens reported. Turkeys and capons were also scarce and in fair demand.

Country dressed meats were firm today with demand for lambs especially noticeable.

Wall Street Report

NEW YORK, Apr. 10.—(AP)—Stock prices broke sharply today when the call money rate was marked up to six per cent, the highest since December 31, 1926. More than a score of post specialties broke five to nearly 14 points, with loses of one to four points general throughout the list.

Wright Aeronautical was the hardest hit, dropping 13¾ points, while Radio, Greene Cananea Copper, Houston Oil, Montgomery Ward and Atlas Powder sold down to nearly eight points.

Social Notes and Meetings

Lydia Millar, woman evangelist who has been appearing at the Advent Christian church every Tuesday night for the past three weeks in a series of illustrated lectures on the Bible, will speak tonight on "The Mystery of Godliness" at 8 o'clock.

The church, at the corner of West Jackson and Welch streets, has been well filled at every meeting, and with the spirit of Easter reigning, it is expected that tonight's congregation will surpass any so far drawn by the evangelist.

SCOUTS PRACTICING DILIGENTLY FOR COMING FIELD MEET

The Boy Scout troops of this council are practicing hard for the Scout Field Day, being held this coming Saturday, April 14th, at the Van Scoyoc field, adjoining the high school.

If all of the twelve events receive as much attention as the wall scaling event, there will be some spirited competition seen. The prize for this event is very worth while, as the Palmer Music House have put up a phonograph, to be used in the meeting place of the troop winning the event, or in Scout Headquarters if they have no suitable place, and to go to the Applegate scout camp, when it opens for the summer. This will give the greatest possible amount of pleasure to the greatest number of scouts possible for a long time.

Prizes for the other events are equally desirable; a camera being offered by McNair's Pharmacy for the fire-by-friction contest; 100 feet of knot rope by Browne-Hardware Co., for the knot tying contest; a high priced baseball for the winner of the second fifty-yard dash by Lamports, and several others to be announced later.

Merritt Merriman of Gold Hill was among the out of town members of Medford post present at last night's legion meeting.
