To-DAY and To-MORROW in the Feminine World

PRETTY CLOTHES BRING HAPPINESS TO MODERN CHILD. By Emma L. Fetta

THERE was a time when little girls wanted to be "grown up" so that they could wear clothes like mother and sister. Nowadays little sister doesn't have to wait "till she reaches an 'age of discretion'" before she dons clothes that have chic and smartness, although, of course, the smart thing is never the sophisticated one for children or young girls. Since this is the age of youth, there is precious little difference between mother and daughter's clothes as to quality or colors. Design alone marks the difference between subtle and blatant, the little girl and her older sister. Twenty-five years ago, school days meant the donning of ugly blue serge dresses, flannel under-wear that rubbed, ugly shoes and many burdensome wraps, aprons, high "scratchy" necks, and high, unattractive play shoes. Contrast the modern school child and note how much more charmingly and sensibly she is dressed. The modern child in spite of per-

haps because of half socks, low shoes, light underwear and dainty dresses is far healthier and happier than the old-fashioned school child. And of course it goes without saying that she is far more pleasant to look upon. Mothers are realizing that by letting their little daughters have pretty clothes they are instilling a love of beauty that will be valuable in later life. Charm for children is today evident in underthings as well as dresses. The modern school girl's wardrobe includes at least one set of embezzled or lace trimmed underwear and usually several sets of knitted rayon underwear which wears beautifully when sensibly washed and has a fine strong natural weight not caused by tin weighting. Frocks fashioned by famous couturiers; or at least copies of such frocks are in many a modern child's wardrobe; coats that combine beauty and warmth and that rival mother's in smartness.

TO THE PUBLIC Citizens are hereby notified that in accordance with the provisions of the contract entered into by the City with the City Sanitary Service Co., Inc., a schedule of charges will be on file at the office of the City Recorder, Monday and Tuesday, April 9 and 10, and are open to the inspection of any citizen interested. You are further notified that the council will meet on Tuesday evening, April 10, at 7:30 p. m., at the City Hall, at which time it will hear and adjust complaints, if any, regarding the charges or service of the City Sanitary Service, Inc. Anyone objecting to rates is requested, in order to facilitate adjustment, to bring checks and receipts showing charges, etc., made by the former garbage company. By order of City Council. CITY OF MEDFORD, By O. O. ALENDERFER, Mayor. Attest: M. L. ALFORD, City Recorder.

TO THE PUBLIC Statements going around the city that householders who either do not have garbage or dispose of it by burning or other sanitary methods, are compelled by city ordinance to have their garbage collected by the new garbage company and pay them \$1.00 a month and provide a can for garbage; that the home owners themselves cannot take their own garbage to the city dump; that either the city has increased or authorized the new garbage company to increase the charges for collecting garbage, are so palpably untrue that we shall take no notice of them, except to state that there has been no change in the charges for collecting garbage and that, with the exception of a few added provisions for protection of the city, the present garbage contract is almost identical with those that have been in force for the last six or eight years. Statements occasionally heard to the effect that the city has given an exclusive contract or monopoly to the new garbage company, but did not to the former garbage people, are also untrue; all of the garbage contracts made by the city the last six or eight years have been exclusive contracts and have, all of them, included within their terms garbage and offal from hotels and restaurants, and there has been no change in regard to hotels and restaurants. Anyone having complaint either regarding service or charges for collecting garbage is requested to take the matter up with Mr. L. W. Phillips, manager of the new garbage company, at his office at Jarmin & Woods' drug store, where he can be found between the hours of 9 and 11 a. m., and in case satisfactory adjustment cannot be made, are requested to notify the City Recorder in writing in order that the city may make proper investigation. By order of City Council. CITY OF MEDFORD, By O. O. ALENDERFER, Mayor. Attest: M. L. ALFORD, City Recorder.
