

# GOLD HILL C. OF C. CONSIDERS SCOUT AND ROAD ISSUES

GOLD HILL, Apr. 10.—The Gold Hill chapter of commerce met at 8 o'clock on Monday evening, April 9, at their regular meeting place in the council room of the city hall. The meeting was called to order by the president of the club, A. A. Walker, and the minutes of the previous meeting on March 26 were read and approved. A report from the Boy Scout committee, which has been standing for two weeks, was called for. Mr. Shorb, the chairman of the committee, said that a report was not available but that the scouts who are to join got together on last Wednesday evening and started to organize. There were nine present at the meeting and it was stated that 18 more had filed applications to join. The meeting place of the scouts will probably be in the high school gymnasium since C. G. Bluet, Charles Orr and the school board have sanctioned this proposition. Mr. Guy talked on the benefits to be derived from the scout movement and it is expected that in the near future there will be a large number of scouts locally.

For a short time at the club meeting the discussion as to the road signs from Gold Hill to Crater Lake. Mr. Reed mentioned that the fish and game commission of the state of Oregon is going to hold a banquet in Ashland on Wednesday evening at 7:30. It is to be at the Elks' building and several speeches are to be presented. It was stated that there were expected to be over 400 people at this gathering and that Gold Hill should be represented at this meeting. Several of the club members promised

their attendance. Mr. Bluet mentioned the need of community gatherings and that the school should be the place where all people can gather with equal representation. He also stated that the school board was planning to install a new steam heater in the school building.

After a discussion as to the employing of Charles Orr as coach in the school for the coming year, a motion was made by Fred Guy and seconded by Tony Ross, that the club approve the action of the school board, whatever may be chosen.

The advertising of the club was mentioned and proposals made to print a booklet describing our scenery. After a lengthy discussion of this problem the club adjourned upon motion of Mr. Reed.

Among the boosters present at this meeting were Messrs. Bluet, Walker, Guy, Shorb, Hammerly, Beck, Ross, Drake, Well and Reed. The next meeting will be held on Monday evening at 7:30 at the same meeting place on April 23. Everyone is invited to attend this meeting and all should attend as if the people of this community and the surrounding country get together it is possible to encourage new industry and capital into our city. A club such as this has long been needed in Gold Hill and now that we have one organized, everybody should attend and boost Gold Hill.

A. C. Ferguson of Savelle, Calif., has been visiting the past few days of this week at the home of Bill Ferguson of this city.

A historical show entitled "The Eye of the Revolution" was given on Friday afternoon at the high school auditorium. The picture reel illustrated in historical authenticity such scenes as the riots in Boston between the Tories and the Americans and the Boston tea party. This was a great help to the school students who take history subjects because the makers of American history were portrayed in living form. Much credit is due the principal, Mr. Bluet, for securing the pictures.

The Modern Woodmen met on Monday evening at 8 o'clock in the Monday night hall which they recently purchased from W. R. Walker. Several members were present at the meeting and all had an enjoyable time. The Modern Woodmen will give a social, which was decided at the meeting, on April 21 for the benefit of the members of both the Modern Woodmen and the Royal Neighbors of America. Mrs. Stall Smith, the district deputy of the Royal Neighbors, from Portland, has been in our city the past few days attending to business matters and encouraging people to join because of the low cost of insurance and the almost benefits to be derived from membership.

Mr. and Mrs. Floyd Laine and daughter Ruth returned last week from Klamath Falls, where previously Mr. Laine was employed. Walter Zimmerman of Chiloquin was visiting in our city this week with friends. He reports employment is opening up in Klamath county very rapidly.

Last week E. O. Morelock of this city purchased the interests of Charles Kell in the Crater Lake confectionery. All the fixtures were bought by Mr. Morelock and he will remain in the same location until a little later when he expects, if possible, to obtain the building in which is now operating the Deaver theater. Mr. Morelock has thoroughly remodelled the confectionery and is now open for business. Mr. Kell has owned the confectionery for the past few years but has now withdrawn his interests from the confectionery business.

W. Ferguson has been sick the past few days at his home on the north side. Although his age lin-

ama quick recovery it is expected that he will be well in the near future.

One of the regular dances given every other Saturday night is to be given at the local pavilion. The dances are sponsored by M. Kincaid, and his Imperial orchestra will furnish the music. These dances are growing to be very popular and at every dance there is a large crowd attending.

J. W. Clark has recently converted the front part of his residence into a confectionery and expects in the near future to serve light lunches, cigars, candies and tobacco. Mr. Clark will keep his confectionery open on Saturday nights to accommodate those who attend the dances.

Mr. and Mrs. R. Chapman spent a very enjoyable Sunday afternoon in motoring to the summit of the Siskiyou.

L. J. McKeon, who has been sick for the past few weeks, is able to be out again.

The weather in our vicinity seems to be warming up. After the recent equinoxial rains we seem to be enjoying a day of sunshine now and then. Spring will probably get here after all, although it is already late. If the weather turns out to be warm for a few days the river will probably clear up to permit fishing when the season opens on the 15th of this month.

E. G. Teague, a former resident of Gold Hill, was visiting in this city the first part of this week. He owns a farm upon Galid creek, which is known to residents of this section as the J. O. Pierre place. Mr. Teague resides at Boston, Mass., and it is surely a treat to him to be visiting with friends of several years ago.

C. J. Shorb, Mr. and Mrs. Merriman and Mrs. George Hammerly were visiting in Medford on Sunday evening. Mr. Shorb and Mr. Merriman had the chance to talk with Edward Spafford, the national commander of the American Legion, who arrived from Reno, Nev., in a plane piloted by Mr. Green, an army pilot. The American Legion drive for membership has been a great success in this part of the district and we certainly hope that legion activities will progress with rapidity in this county.

Last Friday, on the local field, the Gold Hill and Sams Valley high schools met in a baseball game. The game started out top-sidled, Gold Hill having a lead of 4 to 0 in the first inning. This score was held until the fourth inning when Sams Valley piled up several runs and surpassed the Gold Hill mark. They maintained their lead throughout the game, the final score being 7 to 5 in their favor. The lineups for the teams were:

Gold Hill—Gay, catcher; Marvin, pitcher; Shaver, first base; Davidson, second base; Gray, third base; Gardner, shortstop; Bailey, center field; Wheatley, right field; Sargeant, left field.

Sams Valley—Holst, pitcher; Righam, catcher; Jones, first base; McDonough, second base; F. Straus, third base; Sims, shortstop; Wilson, center field; A. Seays, left field; Pressman, right field.

Credit is due Maxwell Marvin, our high school pitcher, for hitting the old pill so far that he made a home-run and had plenty of time to go around the bases again. The next game will be played at Rogue River on Tuesday afternoon.

Wilmer Bailey is confined to his home this week on account of sickness.

A carload of choice fir lumber for the dredge on Fouts creek was unloaded this week from the local tracks. The work on the dredge is now in full swing and several men are being employed. The telephone line to it has been completed. About \$500,000 will be spent on the work upon the dredge and this will furnish employment for several men of the surrounding country and start the circulation of the employment here on the incline.

M. S. Johnson, a former resident and owner of Johnson's Groceries here, has been in Gold Hill on business for the past week from Toiyah, Ore.
