# HOOVER IS LAUDED AS FARM AID

## Sec. Jardine Denies Truth of Reports, and Tells of Co-operation in Agriculture Relief Work—Smith Journeys Into Southland.

WASHINGTON, April 12.—(AP)—A strong defense of Secretary Hoover against charges that he has usurped some of the powers of the agriculture department and otherwise has worked to injure the farmer, was made today by Secretary Jardine.

In a letter dated April 11 and made public today, the agriculture secretary told Charles S. Wilson, former commissioner of agriculture of New York state and now a farmer at Hall, N. Y., that "there is not the slightest essence of truth in these charges and I would resent them if they were made with honest intentions."

Mr. Wilson, under date of April 10, had written Jardine saying he had heard the charge made that Mr. Hoover, as secretary of commerce, had encroached upon the work of the department of agriculture and in other ways has hindered the operation of your department in the interest of the farmers.

"It has been my feeling," Wilson said, "that these charges were made for ulterior motives, but I have come to the conclusion that the farmers of New York state and of the country at large are deserving of a frank statement from you."

Replying, Secretary Jardine said that he had "consistently refused to be drawn into a controversy on the unfounded charges, because he fully understood the motives of the small group that has been responsible for making them."

"Under normal circumstances," he wrote, "I would not dignify these attacks, but I have come to the conclusion that the farmers of this country are entitled to know the facts because these charges seriously reflect upon the work of this department and the 20,000 splendid people who are listed on its rolls."

"During the three years in which I have been secretary of agriculture I have enjoyed the wholehearted, sympathetic support of Secretary Hoover in all matters pertaining to the administration of the department of agriculture and his actions always have been in the interest of the department's work and of the American farmer. In fact, the records show that in many instances in which the work of the two departments was involved, he was actually partial to the department of agriculture."

ASHEVILLE, N. C., April 12.—(AP)—Governor Smith of New York arrived here today for a vacation, his first to be spent in the south. He detoured at Biltmore station in the suburbs where he was greeted by several thousand persons and after a brief welcoming ceremony, went to Biltmore Forest Country club, which will be his headquarters here.

The governor's train traveled through western North Carolina. Crowds of men, women and children, anxious to get a glimpse of him were at every station. Those at a number of points found that the democratic presidential candidate is a late riser and failed to see him.

Governor Smith, who left New York yesterday afternoon, arrived here in company with Senator Gerry of Rhode Island and William F. Kinnery and William R. Todd, personal friends. He plans to play golf while here and has passed the worst politics in taboo.

## CENSUS OFFICIAL EVADES SUBPOENA IN FRAUD TRIAL

ALBANY, N. Y., April 13.—(AP)—Searchlights trained throughout last night on a dormitory building at Middlebury college, Middlebury, bore evidence of the intensity of the effort which is being made by New York state to bring Clara Blanche Knapp to Albany to testify in the grand jury proceedings against her step-mother, Mrs. Florence S. Knapp.

Mrs. Knapp, formerly secretary of state, is under indictment for her administration of the 1925 state census and further indictments are being sought. Since Tuesday morning, Miss Knapp has been besieged in her dormitory room by peace officers of Addison county, Vermont, and investigators of the New York state department of law in a vain attempt to serve a subpoena on her. Her testimony is sought in connection with allegations that she, together with several other relatives of the former state official, were listed on census pay rolls without ever having performed any work.

## WORK TO START ON CITY PAVING AND GRAVELING

Unless inclement weather arises and again interferes with the work of paving several streets, and the grading and graveling of other streets, which was begun late last fall and had to be postponed by bad weather, and which has been postponed once or twice since for the same reason, will get into swing tomorrow.

In fact the grading and graveling of streets would have been begun early this week had it not been for lack of available teams. The teams of the city having been engaged in the grading work at the airport, which was completed yesterday. Hence the grading and graveling work on the streets to be so worked, will be begun tomorrow morning by Contractor Compton of McMinnville. Clark street being the first one on the list to be thus improved.

The contractor, who holds the paving contracts on King and the other streets to be paved, the Medford Concrete Construction Co., has had a crew working all this week in preparations for the paving of King street, and the work of grading that thoroughfare, preparatory to laying the paving will be begun Monday.

All the paving jobs as well as those for grading and graveling, will be rushed as fast as possible by the contractors, until completed.

## LAST TRIBUTE TO CHURCH NOTABLE

SPOKANE, Wash., April 12.—(AP)—With Right Rev. Charles D. White, bishop of Spokane, as celebrant, Pontifical high mass was held here today for Rev. Joseph M. Cataldo, S. J., pioneer missionary to the Indians of the Pacific northwest.

A throng of churchmen and nuns, together with many laymen, estimated at more than 1000 filled St. Aloysius Roman catholic church, one of the numerous institutions of learning and religion which Father Cataldo founded during his 62 years ministry in this region.

Honorary pall bearers were members of the senior class at Gonzaga university here, another institution founded by Father Cataldo, and the student body occupied a section in the church.

Interment was at Mount St. Michael's scholasticate.

## EVE BENSON CLASS AT LEGION DANCE

An eccentric dance act by pupils of Eve Benson has been announced as an added attraction of the second American Legion benefit dance, which will be held at the Oriental Gardens ballroom Saturday night.

The record crowd of the season attended the first dance, which was held by the local Legionnaires two weeks ago and many requests have been made of them that they repeat these affairs throughout the spring season.

The Star Novelty orchestra of Boise, Idaho, will furnish the music for the occasion, the proceeds of which will be used for pre-convention expenses in connection with the meeting of the Oregon Legionnaires here this summer.

## GAIN SHOWN IN LUMBER TRADE

NEW YORK, April 13.—(AP)—Sharp recovery in new business featured the lumber movement during the week ended April 7, telegraphic reports from 799 softwood and hardwood mills to the National Lumber Manufacturers association show. Production was about 15,000,000 feet less than the week before but shipments were slightly larger. Shipments and orders in the soft wood group showed increases of 2,410,390 feet and 17,858,244 feet, respectively. Unfilled orders of 214 southern pine and west coast mills were 714,282,121 feet against 705,142,345 feet the previous week.
