No. 22.

## LANDSLIDE GOLD HILL LIME PLANT PROVES A BOON

GOLD HILL, April 12.—A queer accident happened when the rains loosened the earth above the lively lime quarry to such an extent that several hundred tons of rock fell into the quarry. The rock is all choice lime rock and it is expected that it will take several weeks to remove the rock. The accident saved labor and time and meets the demand of the company for more rock. The lime business in this end of the county is on the increase and several men are now being employed in the quarry. The burner will probably start up this week, thereby increasing the number employed. The demand is excellent for "Lively Lime," an excellent product made in southern Oregon from one of our greatest assets—our minerals. J. L. Rowe, a resident of the Sams valley district, was a business visitor to our city on Wednesday.

Mrs. Eleanor Dowey and her brother, Dexter Huntington, who now resides at Ukiah, Cal., were visiting in our town on Wednesday. They formerly lived here in Gold Hill and have many friends here. When they resided here, they lived in the home now owned by Andy Erickson—18 years ago.

The condition of John Peterson, who has been ill for about six months, is not much improved, but hope is still held that he may soon improve.

Vaughn Quackenbush left on Wednesday morning for California. He will go to Los Angeles and from there to Imperial valley to attend to business matters in some property which he owns.

Mr. and Mrs. Ed Shoemaker were in our city visiting with friends on Tuesday evening.

Daniel Brown, a prominent poultry raiser just south of Gold Hill recently purchased 350 baby chicks of each the White Leghorn and the Rhode Island Red strain. This speaks well for one of southern Oregon's foremost occupations and one which in time will grow to be second to very few others.

Ed Foster has been reported on the sick list for this week.

Mr. and Mrs. Tony Ross moved to the residence they own on the south side from the one they formerly occupied on the north side of town.

Dr. Inskeep, the county physician, was in the Gold Hill schools the fore part of this week, examining the 7th and 8th grades, for health and honor roll.

L. W. Smith and son, Harold, were visitors to Medford on Monday.

J. W. Smith and son, Harold, were visitors to Medford Monday.

This week J. W. Bryan, while digging a ditch across the alley back of Mr. Clark's residence, unearthed an old copper spoon.

The spoon was one of the old type and was made of pure copper. In the early days, when the present "pioneers" were pushing into this country, silver was much more scarce than gold is now. Only the wealthiest families could afford silver or nickel spoons, as we have nowadays.

Consequently all, or rather the majority of spoons were made of copper. This would be classed in a collection as a valuable relic of the golden days of our early pioneers. The date of the manufacturing of the spoon is not printed upon it, but it was probably made about 50 years ago.

Mrs. C. W. Rose was in our city transacting business on Tuesday.

Mrs. Cecelia Crawford of Medford has been visiting the past few days at the home of Mr. and Mrs. Charles Kell of this city.

The Gold Hill high school baseball team went to Rogne River on Tuesday afternoon, where they met the Rogne River nine in a tough battle. The game started out with both teams evenly matched. In the first inning nothing was accomplished by our local team, nor by our opponents, but when our turn to bat came in the second inning one score was made by Seth (Zipp) Coy.

From this inning until the end of the game neither team was able to score, the final tally being 1 to 0 in favor of Gold Hill.

**BARUCH, JR., BUYS EXCHANGE SEAT**  
NEW YORK, April 12.—(AP)—Bernard M. Baruch, Jr., son of Barney Baruch, one of the best known stock market operators years ago, who retired from active business to enter war work under President Wilson, bought a seat on the New York stock exchange today for \$250,000 from Clarence P. Wyckoff. The elder Baruch has taken little active interest in the stock market of recent years. The son is a director of the Stoss-Sheffield Steel and Iron company.

## WAGNER CRK. MAN COMMUNITY CLUB HAS LEG INJURED OF UPPER VALLEY BY ROLLING LOG MEET WEDNESDAY

WAGNER CREEK, April 12.—R. L. Lockwood was seriously injured last Saturday, while doing light logging on his homestead near Wagner Gap. A small log rolled on him, crushing his leg. He was brought out to a doctor Sunday morning by Glenn Abbott and will stay out in the valley until he is entirely well.

E. L. Beddingfield, of Medford, was up on the creek last Tuesday on business.

Among the Easter dinner guests at the home of Mr. and Mrs. S. Lynch last Sunday were Mr. and Mrs. A. B. Chapman of Emigrant creek and friend, Mrs. Ellis; Mr. and Mrs. A. S. Kleinhammer and Eddie of Applegate and Mr. and Mrs. Clyde Young of Ashland. Mrs. Young is a daughter of Mr. and Mrs. A. S. Kleinhammer and accompanied them to their home for an extended visit.

E. R. Reames is constructing a fine swimming tank at his summer home on this creek. The Talent Grange, which was organized one day of last week, is well represented with Wagner creek citizens, some of them holding offices.

Mr. and Mrs. James Sawyer of Hill, Cal., spent the week-end at the Sawyer home on this creek.

Mr. and Mrs. Frank Smith spent Easter Sunday at the home of their daughter, Mr. and Mrs. Howard Boyd of Medford.

Darrel Davis, better known as "Rocky", and his sister-in-law, Mrs. Jean Davis and son, Berthel, of Chico, Cal., are making an extended visit with relatives on this creek. The Davises are well known here, as Darrel is the son of Mr. and Mrs. Jeff Davis, who lived in this locality for a number of years, until moving to Chico recently.

Among the Easter Sunday guests at the home of Mr. and Mrs. John Wolgamott were Mr. and Mrs. Wimer and son and wife, formerly of this creek and now living in Crescent City, and Mr. and Mrs. Joe Smith and son, Leonard, of Applegate.

Dr. and Mrs. Goddard of Klamath Falls spent Easter Sunday at the home of Dr. Goddard's parents, Mr. and Mrs. H. H. Goddard of this creek.

Mr. and Mrs. Wm. Smith of Glendale, Ore., and Mr. and Mrs. Archie Estes and daughter of Talent, spent last Sunday evening at the home of Mrs. R. B. Purves.

Mrs. Frank Smith and Mrs. John Wolgamott spent a few minutes in Talent Wednesday of last week, visiting with Mr. and Mrs. W. O. Wheeler of Portland. Mr. and Mrs. Wheeler were formerly of this creek. Mr. Wheeler taught the Wagner creek school for a number of years. They were on their way home from the funeral of Mr. Wheeler's brother in California.

SALEM, Ore., April 12.—(AP)—John Mullen and George Thompson, who also use the names of O. V. Allen and Orville Thompson, both now in jail at Twin Falls, Idaho, are wanted at Baker for burglary. Governor Patterson yesterday issued requisitions for their extradition to this state.

If you like brilliant red, try the cardinal flower. In the wild state it grows along the banks of shady streams, so remember to give it a moist, half shaded spot. And it should be started indoors—right away.

ANTIOCH SCHOOL MEET POSTPONED

The preliminary athletic meet planned for April 14 at Antioch school grounds has been indefinitely postponed. Surrounding schools have been interested in working for events and Mr. Nedry, his pupils and the community were looking forward to being hosts to the countryside. Further notice be given if the meet is to take place later.

Look for the red tin with a black stripe. It is the one that never varies in fine flavor.

NEW YORK, April 12.—(AP)—The record price of stock exchange membership is \$275,000. Today's transaction was \$1000 less than the previous sale.

## 50 New Street and Afternoon Dresses for Saturday

Extraordinary Values Up to \$25 Now Priced

Pastel and Dark Shades
