## NORMAL NOTES

**SOUTHERN OREGON NORMAL**  
April 15.—The Women's league of the Southern Oregon Normal will sponsor a bridge picnic Saturday evening at 8:00 o'clock. April 21, at the Civic Club house on Victoria street. The proceeds from this affair will be given to the Student Loan Fund of the Normal. Tickets will go on sale the first of the week, and a large attendance is desired.

The student body of the Southern Oregon Normal was entertained at last Wednesday's assembly by the pupils of the first, second and third grades of the Lincoln training school, under the supervision of Miss E. White, head of that school. Vernon Rugh and Junior Mars, of the first B, displayed a rabbit cage, which was the handiwork of the pupils of that grade. The cage was painted a bright green and housed a number of lively rabbits. The first A pupils gave a song, "Take care," the words of which were composed by one of the student teachers. A short health pantomime given by a group of small boys, demonstrated the health rules learned at school. Dutch songs and a "picture show" drawn by the children describing a trip to Holland and a Dutch dance in costume, concluded this very enjoyable program.

A meeting of all men signed for the tennis tournament was held Thursday morning. It was announced that three men will be chosen to represent B. O. N. S. at McMinnville, May 18. No definite plans have been drawn.

One hundred and one miles of hiking in three months was the record made by Dena Youneman, member of the Southern Oregon Normal School Hiking club. A close record of 101 miles was made by Lillian VanNatta, and Mrs. Miriam McCutcheon, third, with a record of 100 miles. These quarterly reports were turned in last Thursday evening at a meeting of the Hiking club, held at the Normal.

The club is composed of two groups, the group lead by Mrs. McCutcheon having the highest score of nearly 500 miles for last quarter. The details of an evening hike to Table Rock were given by Lillian VanNatta. This hike will be taken by the club in the near future. As a part of the instructions given club members, Miss Virginia Hales explained the rolling of a blanket into a pouch.

Southern Oregon Normal students and especially those interested in art, will be pleased to learn that Ashland is to have the summer art school again this year. This summer art school is conducted under the auspices of the Fruit Art Institute of New York, under the directorship of Belle Gady White, instructor in the Fruit Art school.

Two new teachers have been added to the curriculum for this summer's session. The designing of stage settings and scenery, and a special course in interior decoration. The faculty are all from New York city and are selected with special reference to the subjects they are to teach. Visits to

the classes of R. O. N. S. will be arranged for art students and a five-lecture course in to be provided. Tuition will be regarded as exceptionally cheap for this high-class instruction, the fee being \$50 for the session from July 9 to August 11. The hours are to be from 8 to 11 and 2 till 5, six days in the week.

Four courses of 45 hours each will be considered as a full term course, with college credit being granted for all satisfactory work.

Plans are under way for the granting of several scholarships by local organizations, but as yet nothing definite has been announced along this line. A very capable advisory board has been selected for this.

It is to be hoped that many of the Normal students may take advantage of this splendid opportunity and carry one or more courses in the art school in connection with regular scholastic activities at R. O. N. S.

The exhibits which were sent to the meeting of the Inland Empire Teachers' association at Spokane, have been returned and will be exhibited at the Lillian Springs Pharmacy for the coming week. This exhibit was furnished by students from R. O. N. S., and includes still life problem from last quarter classes in applied design and medallions from the art classes.

A student body meeting was called Thursday morning in Helen Lyons, vice-president of that organization. The minutes of the meeting of the student council, which was held Wednesday noon, were read by Roland Parks, secretary. The council voted the appropriation of funds amounting to \$225, seventy-five dollars for the student loan fund, \$150 for the Siskiyew and \$100 for athletics. It was necessary for the \$100 appropriation to be voted on by the student body, according to the constitution.

The resignation of Joe Mercer as president of the student body of the Normal was read and accepted. Mr. Mercer completed his work at the Normal at the close of the winter term. A motion was made by Harold Ludwig that Helen Lyons be given the office of president and that a new vice-president be elected. The motion carried. Elly Prentner and Mary Agnes Hunt were nominated for the office of vice-president and will be voted on by ballot at a later date.

Lois Joy Hanson, Mildred Boiv and Paul Kinraid were named as the committee which will be in charge of the assembly for Wednesday, April 18. It was announced that the first student body mixer of the spring term will be held next Monday evening in the school auditorium. This mixer will be sponsored by the men's and women's honoraries of the Normal.

A \$10 cash prize was awarded Ben Ellis, Friday morning at the assembly by J. A. Churchill, president of the Normal, for having written the best "World Friendship" essay. The essay was sent in to the contest started by the American school of citizenship, and the \$10 special prize was offered by Mrs. G. L. Inland, of Portland, president of the Oregon Anti-Narcotic association. This special prize to be given for the best essay at the Normal caused many students to enter the contest.

"How Teachers May Promote World Friendship" was the title of the winning essay, written by Mr. Ellis, who is a first-year student from Applegate district.

The rapid growth of the student loan fund at the Normal was reported by J. A. Churchill, Friday, the fund reaching a total of over \$200 in less than two years. It was announced by Miss Kathryn Vincent, school registrar, that the books donated by the senior class of 1927 to the student rental library of the Normal had brought in approximately \$16 a term. This money all goes into the student loan fund.

## TABLE ROCK TABLETS

Mrs. Don VanFleet of Klamath Falls visited the L. C. Schaffer family last Sunday.

Rev. D. D. Randall of Medford and Rev. Johnston of Faith Home, Calif., held an interesting meeting at the schoolhouse Tuesday evening.

Miss Kathryn Sweeney of Medford visited our school one day last week.

Several head of milk cows were sold by local dairymen last week to parties who are shipping to California.

Miss Evelyn Hoff of Willow Springs was a visitor at the Seabrook home last Sunday.

The seeding of alfalfa acreage will soon be completed here for the season and when completed will be somewhat in excess of the average yearly seeding.

Miss Eva Nealon is visiting friends and relatives in Portland and vicinity.

At a school board meeting Thursday night one-half dozen prospective teachers were interviewed and Miss Elizabeth Brown of Ashland was selected to handle the primary department for the next school year, the upper grade work remaining in charge of Mrs. Purcell.

In answer to questions by board members as to why they desire to teach in this district, applicants stated that they had been very much impressed with the apparent up-to-dateness of the community, the beautiful school building and surroundings. They also said they had learned of the vacancy in the school teaching force through reading the Table Rock Tablets in the Mail Tribune.

John Dodge and family of Medford and J. B. Richardson and family of Beall Lane were Easter Sunday visitors here.

## STEAMER PENETRATES ALLEGHENY

After a silence of 21 years the hills of the upper Allegheny river at Oil City and Franklin, Pa., have resumed to the whistle of a steamer. The U. S. S. Kitchaming, army engineer steamer, is shown as it arrived at Franklin on an inspection trip up the river from Pittsburgh. Enough of a spring freshet to float the steamer were made the trip possible, although the bridges over the river were barely cleared by stacks of the steamer. Thousands of persons lined the river banks to catch their first view of a steamer so far up on the Allegheny. The lower part of the stream, at Pittsburgh, where it joins the Monongahela to form the Ohio, is a busy artery, being part of one of the greatest inland harbors in the world.

## POETESS PLUNGES TO DEATH; FOLKS CLAIM ACCIDENT

NEW YORK, Apr. 15.—(AP)—Mrs. Vanessa Brown, blind-haired poet daughter of Hilton Royal Mallinson, a wealthy silk manufacturer, jumped or fell to her death from a window of her parents' 15-room suite on the 12th floor of a Park avenue apartment house Sunday.

She had returned recently from a sanatorium where she was under treatment for a nervous breakdown. The body was found by another tenant of the building in the driveway surrounding the sunken Italian garden in the courtyard of the building. It was clad in a green nightgown and a green and gold brocade dressing gown. In another apartment in the building Colonel Charles A. Lindbergh made his headquarters after his arrival from Paris.

Albert H. Watson, secretary for Mrs. Brown's father, issued a statement denying that she had committed suicide and denying that Mallinson and his son-in-law, Eugene Ambrose Brown, a Wall street bond salesman, had been on hand there.

Watson said Mrs. Brown had gone to the pantry to heat milk for her 15-month-old daughter. Throwing open the window to get some air, he said, she slipped and fell over the sill to her death.

Perfect Machine that Plays Violin PARIS.—(AP)—A "mechanical violinist" which operates like a player piano by a perforated roll of paper, is the work of a French inventor that has just been displayed here.

Critics who have heard the music it produces declare that it is even more perfect than the player piano, inasmuch as it reproduces the work of the living artist with the most remarkable nuances of expression.

## MATRICIDE DON'T LIKE JAIL LIFE

OTTAWA, Ill., April 15.—(AP)—Harry Hill, 37-year-old youth charged with murdering his mother and burning her body in the basement of her home, is so weakened by imprisonment he may not survive a second trial, his counsel contended in a bad petition today.

Hill has been in jail seven months. One jury failed to agree on a verdict after deliberating more than 48 hours. Three physicians asserted in affidavits which the defense filed with Judge Joe Davis of circuit court that Hill's health had been undermined by his confinement; that he is anemic and that his lungs and intestines are weakened.

The trial hearing was carried over until April 17 to permit the state to prepare its reply.

WASHINGTON, April 15.—(AP)—Collapse of the St. Francis dam in southern California, was attributed to a defective foundation in a report made public today by Dr. Elwood Mead.
