

REALTORS SCENIC DRIVE WILL BE OPENED SUNDAY

Medford's first official scenic drive, completed this week by the local realty board, will be formally opened to the public Sunday, and every resident and car owner in Medford is personally invited to take the hour pleasure drive by the committee in charge.

The route, which has required weeks of careful study and planning on the part of the committee, comprising of E. C. Corn, Charles H. Ray and Cal Warnock, takes in some of the most attractive points in Medford and the valley, and will no doubt be responsible for the locating of more tourists in the valley than any other direct publicity stunt ever carried out here.

The route of the new scenic drive begins in front of the chamber of commerce, proceeds out on Front street to Sixth, on to Central down as far as the Owen Oregon mill, returning west on Ross lane. From there it turns north onto the Jacksonville-Central Point road, west on Beall lane, south on the Old Stage road to Jacksonville. Then it turns east to the main street of Jacksonville, past the Clancy orchard, connecting with the Griffin Creek road, passes by the end of King's highway, through the foothills orchard to Carpenter Hill and past Judge Hartzell's place, north by Colonel Vorhees' place, west to the Klamath arch-

ards to Stewart avenue and down South Oakdale to Medford. Attractive baked enamel signs have been secured through the state highway commission and the route, pointing out the turns by arrows, and designating at every turn that "This is a Great Country."

Radio Program KMED

- Mail Tribune-Virgin Station
Tonight
6:15 p. m.—Medford Mail Tribune
8 to 9 p. m.—Jackson County Creamery
9 to 9:30 p. m.—Modern Plumbing & Sheet Metal Co.

Friday, April 20
10 to 10:30 a. m.—Southern Oregon Electric
10:30 to 11 a. m.—M. M. Department Store
11 to 11:30 a. m.—Jacque Lennox
1:30 to 12 noon—Brophy's
12:15 to 1:15 p. m.—Palmer Music House
6:15 p. m.—Medford Mail Tribune
8 to 9 p. m.—Medford Realty Board
9 to 10 p. m.—Larry Schade
11 to 12 p. m.—Hunt's Cratrin Theater

Karl Moldrem, popular violinist, will be heard tonight from 9 to 9:30 tonight over KMED, the Mail Tribune-Virgin station, thru the courtesy of the Modern Plumbing and Sheet Metal company, whose programs have been consistently enjoyable in the past months. Mr. Moldrem, who has ranged tonight's program, will feature Miss Melba Williams in soprano solos, with violin obbligato. He will also play a group of violin solos.

EARLY OPENING OF CRATER LAKE HIT BY HEAVY SNOWS

All chances for an early unofficial opening of Crater National park during the latter part of May or early June unless there is some very hot weather in the next few weeks, were dispelled when Superintendent C. G. Thomson of the park received a telephone message here last evening from John Mahen, caretaker of the lodge, that so much snow has been falling at the park during the past week or more, that there is now on the lake plus 155 inches of snow, one inch less than 12 feet. It was still snowing hard at the lake last night. This will be disappointing news to many local people who like to visit the park before its official opening season on July 1st, and also to quite a number of people from distant parts of the United States who have planned to visit the Pacific coast at that time and pay a visit to Crater lake. So much snow there now makes a probability that there may even be trouble in getting the entrance roads open to the lodge by July 1st, unless the weather becomes very warm between now and that date.

COPCO FORUM IS TOLD FROST DATA BY EXPERT YOUNG

Floyd Young, government frost expert, was the principal speaker at the regular meeting of the Copco Forum this noon. Having addressed this group in former years, Mr. Young did not go into details on frost protection, but gave some interesting facts concerning recent developments in this important work. What efficient frost protection has meant to California growers was brought out by the speaker, who stated that due to the good crop and excellent prices, last year's citrus crop reached a total of \$114,000,000, breaking all records by a wide margin. This was due in a measure to the failure of the Spanish orange crop, which greatly increased exports to Europe, and the light citrus crop of the Florida section. Mr. Young reviewed the 1927 pear crop of the rogue valley, which was also a record breaker, and stated that indications pointed to another fine crop in 1928. Orchard heating has made wonderful progress in the past five years, meaning much to the various orchard districts of the west in increased crops and greater prosperity. Orchard heating in California has tripled in the past five years, according to the speaker. What is being done to improve frost protection in this valley was covered by Mr. Young, who spoke of the improved thermometers now being used by growers' use of better grade of oil without asphaltum or water content and broadcasting of warnings over the local radio station. Plans are also being made to warn local people of a heavy smudge through the radio in order that they may properly protect their household furnishings. Local residents who think the smudge conditions are worse here than anywhere would be surprised to visit California orchard districts during smudging season. There it is often found necessary to smudge all night and sometimes for a period of 12 to 14 hours, rather than only three or four hours as is the usual custom here. The heavy smudge has been so thick at times in southern California that it seriously interfered with shipping in the Los Angeles harbor. Sea captains have reported running into heavy banks of smoke 15 to 20 miles from shore which were far worse than a heavy fog. With the present orchard heating equipment installed in California orchard districts it is estimated that a bad freeze would necessitate the burning of 1600 carloads of oil in a single night. After learning of the above conditions in the south, the Copco group agreed that conditions in good old southern Oregon were not so bad after all. J. C. Boyle of Klamath Falls, who was present at today's luncheon, gave an interesting report on railroad activities in his city and invited everyone to be present at the Great Northern railway celebration to be held in Klamath May 11-12. The event will mark the arrival of the first train on the Great Northern railroad, which means another transcontinental railroad system for southern Oregon. Mr. Boyle also outlined future railroad and timber developments which are anticipated for the near future. Guests at today's luncheon included Floyd Young, J. C. Boyle of Klamath Falls, W. Friddle of Portland, and E. J. Rosenauer of San Francisco. Elbert Lennox acted as chairman of the meeting.

BUNION LEADERS IN CLOSE TUSSLE

MIAMI, Okla., April 19.—(AP)—A 34-mile trek across the corners of three states to Joplin, Mo., constituted today's program for the 77 runners and walkers in the cross-country marathon. Start of the tri-state lap found Andrew Payne of Claremore, Okla., leading Peter Gavuz of Southampton, England, by less than 15 minutes in elapsed time for the 172.5 miles from Los Angeles. The Britisher swept up on Payne yesterday by leading the pack in the 51-mile jaunt from Chelsea in 6:48:22. Payne and Ed Gardner, Seattle negro, tied for fifth in 8:21:30. This gave the Oklahoman an elapsed time of 287:42:22. Gavuz's total was 287:55:38. Although John Salo, Passaic, N. J., was slowed to 12:04:44 by stomach ailment, he retained third place with 326:17:22. Allan Currier, Grants Pass, finished in 11:56:42 with 373:06:18 elapsed time.

GRAPPLERS ARRIVE FOR FRIDAY BOUT

Final preparations for the big double-header wrestling match to be held at the Hiberty hall pavilion tomorrow night were announced today as complete. Wrestlers to take part in the match have arrived and all report themselves to be in good condition. Stanley Rodgers, the Lithuanian bone crusher, of Medford, completed his workouts this afternoon and is anxious to defeat his dangerous opponent, Sam Clapham, the British Lion, in the hope that he will be able to meet Ted Thy here in a match early next month. While Clapham was reported to have been in an auto accident near Myrtle Creek this morning, while en route to this city with Al Karasiek, the Russian Lion, who wrestles in Klamath Falls tonight, he suffered no injuries which will injure his condition for tomorrow night, and wrestling fans are assured that he will be in "perfect trim."

Nature Undoubtedly Made Woman to Be Admired

And Man to Admire Her
A clear complexion, rosy cheeks, make for beauty every time. A well woman is sure to be admired. Take a bottle or two of that well-known herbal Tonic, which has stood the test of time, namely, Dr. Pierce's Golden Medical Discovery. Thousands in every state have testified that instead of being pale, weak and tired this discovery renewed their health and good looks. ALL DRUGGISTS In Either Fluid or Tablet Form.

(AP)—Wheat bids: BBB hard white, \$1.04; soft white, western white, \$1.02; hard winter, northern spring, western red, \$1.47; oats, No. 2, 26-pound white feed, \$45.25. Car receipts—Wheat, 22; barley, 1; flour, 12; corn, 6; oats, 1; hay, 7.

Wall Street Report

NEW YORK, April 19.—(AP)—With Wall street apparently convinced that no immediate increase in federal reserve rediscount rates was likely, and general expectations of a sharp reduction in bankers' loans this week, speculators for the advance had little difficulty today in bringing about a sharp rise in prices. Early gains in scores of active issues ranged from two to nearly 15 points, with trading in fairly heavy volume. The closing was strong. Radio started another sprint in the afternoon which carried it to 185, and it was joined by General Motors, which touched 195. Powerful buying continued in other recent leaders, advances in many instances ranging from five to six points. United Fruit, Woodworth, Ludlum Steel and Fairbanks Morse displayed exceptional strength. Delaware and Hudson got as high as 194, where it encountered profit taking. Total sales approximated 2,500,000 shares.

Oregon Supreme Court Decisions

Marie Mannix, administratrix of estate of Joseph Mannix, deceased, appellant vs. N. E. Harju and J. O. Clinton, appeal from Clatsop county; decree of Justice J. A. Eakin and case remanded in opinion by the court. Petition for re-hearing denied in State vs. Aetna Casualty insurance company.
