**'BACKWARD PARTY'
BY CENTRAL POINT
C. E. FRIDAY EVE**

CENTRAL POINT, April 18.—The Christian Endeavor young people will hold a "backward" party in the basement of the Union church Friday evening of this week. As the name implies, everything is to be reversed that evening, including clothes, lunch and games. All the young people are looking forward to an evening of fun.

Miss Dorothy Martin spent Tuesday night in town, the guest of Miss Mildred Burger.

Mr. and Mrs. Ed Eldred were visitors at the McInsey home Sunday.

Roy Weaver came over from Hill and spent the day in town with home folks and friends last Sunday.

Rev. and Mrs. J. M. Johnson celebrated their daughter Amy's birthday last Saturday evening by giving her a birthday dinner in Medford.

Miss Ruth Webster was her guest.

Sunday visitors in Medford included Edith Linnan, Elizabeth Scott and Myrtle Boswell.

The scout basket social and program last Friday evening at the high school auditorium was a success both socially and financially, and cleared the boys and girls over \$36.

The program was good and ready sale was found for the boxes.

The Ladies' Berean Bible class held its April class party at the home of the class president, Mrs. Roy Nichols, Wednesday afternoon, with 26 adults present.

The devotional part was led by Mrs. Warner, and a good old-fashioned "sing" was enjoyed and taken part in by all. The program committee, consisting of Mrs. Louise Grimes and Mrs. Frances Wyatt, prepared and had hidden Easter eggs with scripture references written on each egg, and each lady is expected to learn the verse her egg called for and give it at the next party, which will be held in May at the home of Mrs. E. E. Faber.

The alumni basketball team went to Medford one evening last week and had a group picture taken and spent the rest of the evening attending a movie.

Various groups of high school pupils have been having pictures taken for the annual, to be issued this spring, which promises to be an extra good edition.

Dr. and Mrs. George Fox and daughter, Geraldine, drove to Roseburg one day recently, returning the same evening.

Mrs. Snyder, a former resident of Central Point but now living in Pocatello, Idaho, has been in the valley recently visiting Mrs. Sholey, Mrs. Lena Bristol and other old neighbors and friends, and also her mother, who is teaching school at Tralala.

Mr. and Mrs. George Fox and daughter, Geraldine, drove to Rogue Elk Easter Sunday and enjoyed at picnic dinner.

Mr. and Mrs. Clyde Boles and family and Mrs. Pratt drove down to Grants Pass, where they were joined by Mr. and Mrs. Harry Swann of Glendale, and ate dinner and spent the day together.

Johnnie Bohnert and Edith Inman were dinner guests at the Boswell home Sunday.

Mr. Ericson, one of our high school teachers, went to Salem last week.

Mrs. Nettie Herring of Oklahoma, who has been visiting her parents, Mr. and Mrs. Albert Burger, for several weeks, started on her return home Thursday evening. She expects to visit with her niece, Miss Bernice Burger, at Los Angeles.

Mrs. Albert Burger, who has been in the Jenkins hospital, has returned home and is staying with her son, Bert Burger, west of town.

Mrs. Johnson and son, George, drove to Klamath Falls Sunday to visit Mrs. Johnson's daughter, Mrs. Ellen Macree.

Joe Boswell drove over from Yreka Wednesday for a short visit at home.

J. L. Burger and Bert Hedgepath left Thursday morning for Guzele, Calif., where they are going to engage in carpenter work on the large dairy ranch at that place.

This work lasts the year around, and both Mr. Burger and Mr. Hedgepath are old hands on this ranch.

**WOMAN URGED AS
'CHI' SCHOOL HEAD**

CHICAGO, Apr. 18.—(AP)—The notable success of the late Ella Flagg Young as superintendent of the Chicago public school system has created considerable sentiment in school and political circles for the appointment of a woman to the post of the ousted William McAndrew.

Names of three women, none of whom is actively engaged in school work, have been discussed: Mrs. Eva Holland Hamilton, who heads the republican women's organization in Cook county; Mrs. Elizabeth M. Fife, a practicing attorney, and Mrs. Leonard Brundage, clubwoman and wife of the former republican 24th ward committee man.

McAndrew was found guilty at a school board trial of insubordination and pro-British teachings. Selection of a successor is not expected to be made until the last of May when the organization of the school board will be effected.

LONDON, Apr. 18.—(AP)—The Cunard liner *Albatross*, en route from New York to London, collided in the Thames off Tilbury this morning with a barge in tow.

Is
"YELLOW MASK"

Depriving You of Teeth Beauty?

Lift this unbecoming veil—
Accept Science's New Way
to Dazzling White Teeth

LOOK in your mirror. What do you see? A thin mask of yellow on your teeth! You have brushed and brushed... no change.

"Oh," you say, "my teeth are naturally yellow—they won't whiten."

But the truth is that they will—if a certain scientific corrective is used. For all tooth enamel is white—white as purest ivory.

What Makes this "Yellow Mask?"

In your saliva is a "liquid cement." It glues to your teeth—then hardens. Forms a thin, glassy mask.

But worse, this mask is absorbent—drinks in food, coffee and tobacco stains which color it yellow.

Ordinary dentifrices can't help you one iota. They gloss right over this hateful yellow mask—like one piece of ice over another.

How Glorious Whiteness Comes

There is a priceless substance that will positively remove that unlovely yellow tinge. Leading dentists use it in the cleaning of difficult-to-whiten teeth. All science recognizes its great virtues. It cannot injure the softest enamel. And it works like white magic!

This substance is "Tri-Calcium Phosphate." Dental science has long tried to compose a tasty, pleasant tooth-paste from it, so that you can have for everyday use its marvelous teeth-whitening powers. Now success has come.

The name of this wonderful preparation is ORPHOS TOOTH PASTE. The public and professional reception to it is overwhelming. In less than six months more than a million women

and men have tossed away ineffective dentifrices for ORPHOS.

They testify to teeth whiter and lovelier than ever before. Teeth freed of that unsightly yellowish tinge and gleaming like new-found pearls.

Practically all movie and stage stars have adopted it. Dentists everywhere are telling their patients to use it.

Try it 20 Days Under this Guarantee

We urge you to try this magic ORPHOS. To win back swiftly that pearly teeth lustre. ORPHOS won't fail you. Any risk is ours—not yours. For so well do we know ORPHOS' powers to beautify that we simply ask: "Try it 20 days—if, by a single chance, it fails to whiten, take the unused part of the tube to your druggist and get your money back." Could anything be fairer? Now don't keep white teeth beauty waiting—Act! Get your first tube of ORPHOS today.

SPORT BRIEFS

EUGENE, Ore., Apr. 18.—(AP)—Continued heavy rains, making practice impossible and Sunday games very improbable, today caused the advancement of the regular schedule of the Willamette Valley Baseball League one week. As a result, Salem will play at home on April 29, while Cottage Grove is host to Wendling. Bend will play at Eugene on April 28, and an exhibition game on April 29.

Order of advancement of the schedule for one week was made maintained an average speed of

By George Wilhelm, president of the circuit. All teams of the league agreed to the change. Salem, Bend and Cottage Grove are now tied for the leadership of the league, with one game won and non lost as each team's record.

INDIANAPOLIS, Apr. 18.—(AP)—The race between a privately owned Hispano-Suiza and a Stutz Black Hawk was called off at 8:21 a. m. today after 17 hours and 21 minutes of the proposed 24 hours grind had elapsed. A broken connecting rod caused the withdrawal of the Stutz entry. When the Stutz withdrew the Hispano-Suiza had traveled 1,357 1/2 miles and had maintained an average speed of

20.14 miles an hour. The Stutz was more than 600 miles in the rear, having been forced to spend much time in the pits because of mechanical trouble.

Fights Last Night

(By the Associated Press.)
MONTREAL.—George Fifeild, Toronto, won over Johnny Moris, Montreal (12).

SPRINGFIELD, Ill.—Joey Rochelle, Chicago, defeated Willie Yap (10).

TOLEDO, O.—Billy Wallace, Cleveland, knocked out Sig Kepen, Beaver Falls, Pa. (7).

Who said you couldn't do anything about the weather? If spring be warm or chilly you can protect yourself with the new **HANES** Lightweight Union Suit

MARK TWAIN would still find many people who talk about the weather—but few who never do anything about it. Thousands of men have stopped shivering in rains when north winds blow in the springtime. They're no longer suffocated by winter underwear when sudden warm spells come.

HANES has given them a new lightweight knitted union suit

ELASTIC KNIT LIGHTWEIGHT UNDERWEAR

—specially designed for all kinds of spring weather. Knitted from full-combed yarn. Soft, fine. Made to fit all over by two measures—trunk and chest.

Buttons sewed on with plenty of good stout thread. Reinforced buttonholes that are made for buttoning. Short sleeves. Three-quarter or ankle length. Rayon trimmed throughout. Absolutely guaranteed—every thread, stitch and button. Examine this garment at your dealer's. Look for the special HANES Gold Label. The price is only \$1.50 the garment. If he hasn't it, write to P. H. Hanes Knitting Co., Winston-Salem, N. C.

EASY HOUSEKEEPING

By Mrs. MEG MACGREGOR, Director of Household Science

Washing made easy

—Clothes sterilized too

I am sure many a woman will smile as she reads my headline. And it does seem a pretty big claim. But I made my own washing much easier just by adding Clorox. Now my laundry not only gets done more quickly, but it has a professional whiteness of which I am immensely proud.

Clorox is white magic in a bottle! A magic that makes boiling or soaking unnecessary; a magic that disinfects and deodorizes too, just by being present in the water!

For washing machine or tubs

Don't imagine that if you use Clorox you must change your own careful washing ways, or give up your pet soap. Wash in either a machine or tub and add Clorox—a tablespoonful to a gallon of water—to the first rinse. Your clothes will hang out on the line the whitest in the neighborhood.

Removing stains

Nearly every hamper of soiled clothes holds a piece or two so badly stained

you dread tackling them. But if the fabric is white cotton or linen you need not worry. Every kind of a stain from tea to dyes—including mildew and scorched spots—will disappear under the renewing powers of Clorox.

It's good for your hands

Many women tell me that they are afraid that Clorox will hurt their hands. On the contrary it disinfects out; removes dye, fruit and vegetable stains; whitens the skin and softens callouses. To dispel any remaining odor just wash your hands in hot water and soap, and dust with talcum.

Your special needs

Perhaps I have not touched on your special needs and I do so want to help you. So write to me. I shall be glad to answer your letters.
