**PLATES**

Exacting people who require plates are interested in the materials that are used in their manufacture. Through the use of new plate materials discovered in this country and abroad, the modern plate is much stronger than the old type rubber ones and far more attractive, natural and comfortable.

In my office, right here in Medford, I make plates of such popular materials as Porcelaine, Resinite, Hecolite—in fact, every kind of plate material in use today. Come to my office if you need a plate—let me show the different materials to you and explain their advantages—you can make your selection in advance. And REMEMBER! YOUR MONEY BACK IF YOU AREN'T SATISFIED!
