High Priced Little Sabine Can't Convict \$1,000,000 15,000,000 Years Apart. Rome's Birthday.

A small bust of a little girl, made by Houdon, the child's father, used to stand in Judge Gary's small room, off the hall, in his Fifth avenue house. It lived there with some furniture covered with Aubusson tapestry, for which Gary paid a fortune to Alavoine.

On Saturday the little Houdon girl sold at auction for \$245,000. Prices paid in America depend not on value, but on the ease with which \$245,000 can be acquired.

Houdon's little girl was named Sabine, in honor, presumably, of ladies carried away by Roman soldiers. Now little Sabine is carried away by American dollars.

Mr. Nye, chairman of the oil committee investigating bribery, says following Mr. Sinclair's acquittal: "You can't convict a million dollars in this country."

It needs no ghost come from the grave to tell you that power creates the laws and is above them. Power, just now, is organized money.

However, every man is bound to recognize a legal decision as final, and putting aside generalizations about millionaires, to remember that Mr. Sinclair is acquitted by a jury, convinced that no evidence was presented sufficient to convict.

The Rev. Dr. Straton wants to argue evolution with Mr. Osborn, head of the Museum of Natural History. Mr. Osborn believes that man developed on earth, like other animals, through millions of years of evolution.

Dr. Straton says all living things, also the earth, sun, moon, stars, comets, clouds, oceans, etc., were created in one week by the will and power of God. He had existed from all eternity when he decided, about 6000 years ago, to create this earth, with man in his image, sun, moon, stars, etc., to light the earth for man.

Dr. Straton says man was made from red earth in a few minutes. He looked lonesome in Eden, so a deep sleep was put upon him, one of his ribs removed, the first surgical operation on record, and Eve was made from that rib.

For centuries clergymen taught that men had one more rib on one side than the other. Somebody counted the ribs of 1200 male skeletons, and the rib theory was dropped.

The clergyman and scientist, debating, would find it hard to agree on any starting point.

Mr. Osborn says our pithecanthropoid, or monkey-man ancestors left their life in trees about 15,000,000 years ago, and started life in the open. To that the Rev. Dr. Straton could only reply "you're a liar," and add "see what is written in this Book of Genesis." You could not call that a "debate."

On Saturday Rome celebrated its 2681st birthday. And Rome today is as energetic, powerful and intensely earnest as at any time in the past 2681 years.

Marvelous are the Italian people, with their tireless leader, Mussolini. For more

CHANEY IS INDICTED ON 10 COUNTS

Additional Charges Alleging Larceny of Public Money Returned By Grand Jury This Afternoon—Pleas of Not Guilty Entered—No Change in Trial Date.

The grand jury this afternoon at three o'clock returned ten new indictments against District Attorney Newton C. Chaney, charging larceny of public money, in connection with the dry enforcement fund. A previous indictment, charging the same offense was returned ten days ago.

District Attorney Chaney, represented by his counsel, Attorney George M. Roberts, appeared in court and as each new count was read entered a plea of not guilty. The total amount involved in the latest series of indictments totals \$21,193.45.

The specific amounts, and date of the alleged offenses, as named in the indictments, are as follows:

November 16, 1927, in the sum of \$211.15.
 August 6, 1927, in the sum of \$214.75.
 January 31, 1928, in the sum of \$305.
 February 6, 1927, in the sum of \$710.
 November 19, 1926, in the sum of \$321.70.
 November 15, 1926, in the sum of \$182.50.
 December 15, 1926, in the sum of \$215.25.
 July 29, 1926, in the sum of \$187.50.
 November 1, 1926, in the sum of \$275.
 July 16, 1927, in the sum of \$196.50.

The state was represented by Special Prosecutor J. N. Johnson of Grants Pass, and State Senator B. L. Eddy of Roseburg.

Upon questioning of the court, counsel for the defense announced that the trial would go ahead as originally set, for Monday, May 14, with Judge Skipworth of Eugene, upon the bench. It is understood that the district attorney will be tried first upon the first indictment returned.

The court announced that Judge Skipworth would be in the city in ample time to hear all the preliminary motions that might be made.

The new batch of indictments came as a surprise to a large majority of the people of the county. There were only three spectators in the courtroom during the reading of the indictments.

District Attorney Chaney had no comment to make upon the latest developments.

WETS TO PESTER AT CONVENTIONS

NEW YORK, April 24.—(AP) The Association Against the Prohibition Amendment, in its campaign for the repeal of the eighteenth amendment has announced it will have representatives appear before the resolutions committees of both the republican and democratic conventions.

Major Henry H. Curran, president of the association, will be the spokesman before the democratic committee at Houston, and Captain William H. Stayton, chairman of the association's executive committee, will appear before the republican at Kansas City. Major Curran declined to say what action the association would seek from the two political conventions.

NEGRO DERBYISTS WIN DAY'S LAP

ROLLA, Mo., April 24.—(AP) Phillip Granville, Hamilton, Ont., and Eddie Gardner, Seattle, both negroes repeated their feat of Monday by leading the transcontinental foot racers into the fifty-second control station here today, after covering the 32.4 miles from Waynesville in 4:39.37. Granville has covered the 1369.3 miles from Los Angeles in 370:55:42, keeping fourth place in the race, while Gardner, fifth man, has traversed the route in 371:55:11.

Arthur Richman, Brooklyn, finished third in 5:00:30 with elapsed time of 507:50:54.

IRISH FLYER'S KIN PLAN RECEPTION FOR AIR HERO

Four cousins of Commandant James Fitzmaurice, Irish Free State flyer who accompanied the German aviators, Captain Herman Koehl and Baron von Huenefeld, on their transatlantic flight, are planning a reception for the aviator at Troy, N. Y., where they live, if the flyers accept an invitation to visit the city. They are Mr. and Mrs. William Shannahan and their children, William and Helen, shown to the left. In the center is the latest of Fitzmaurice, and right, one of the few photos ever made of Commandant Fitzmaurice's mother, which is in the possession of the Shannahans.

CHICAGO, April 24.—(AP) Dead men ordinarily tell no tales, Arthur McCaffray is different.

He was pronounced dead by his own father. A crepe was hung on his door. An inquest was held, a jury returned a verdict that he had come to his death at the hands of the usual person or persons unknown. The grave was dug and his friends ordered flowers.

The body had been taken to an undertaking establishment. A friend, William O'Connell, went there to see what service he might render. Then he telephoned Mrs. McCaffray, the widow. She appeared in her weeds, and discovered the corpse was not Arthur after all.

McCaffray, who had not been home for several days, elected to return at the time Mrs. McCaffray was at the undertaker's. He saw the crepe on his door and found a mournful note pinned to it.

Mrs. McCaffray found her husband seated at the head of the table.

"This place," he told her, "is like a morgue. You and the five children are in mourning. How come?"

There were explanations a little around. McCaffray said that he had been taking care of a sick friend and had neglected to notify his wife.

The body that had been identified as McCaffray's was found in an alley, a bullet hole in the head. The coroner's jury verdict will be changed to read "John Doe."

WASHINGTON, April 24.—(AP) Senator Edwards of New Jersey and Senator Heflin, of Alabama, Democrats, locked horns in the senate today over the campaign expenses of Governor Smith of New York.

Challenged by Edwards to prove his statement that Mayor Frank Hague of Jersey City was paying the expenses of delegates of that state to the Houston convention, the Alabamian reported that the Smith managers were carrying on "the most corrupt campaign from the standpoint of the use of money in the history of the party."

Edwards took the floor to describe an "intruder from beginning to end" the recent remarks of Heflin concerning Hague's activities. "Let me repeat," he said, "the unfair and libelous charges hurled at Mayor Frank Hague and the Democrats of New Jersey by the Alabamian senator are untrue, and I hereby challenge Senator Heflin to substantiate them, either in whole or in part."

Heflin retorted that he was merely reading a story in the Trenton Evening Times that Hague was paying expenses of the New Jersey delegates to the convention in exchange for Smith support. He said he accepted the statement of Senator Edwards, who will be one of the delegates, that his expenses were not being paid.

The Alabamian then launched into another attack against Smith's campaign, declaring that "earnings of the use of money" by the Smith forces had been found in North Carolina.

"They bought up newspapers, dailies and weeklies, in the south," he said. "They are throttling and stifling the vehicles carrying information to the public. This is one man. He is using a machine, Tammany, obtaining money from abroad and the whiskey interests to campaign for the presidency."

Heflin said he had not vouched for the truth of the newspaper story he read from Trenton.

Heflin read a letter which he said was sent to him from California by G. D. Cummings and enclosed a newspaper advertisement for Governor Smith as a presidential nominee. He read the letter, which asked: "Who is putting up the money for all this advertising?" and "Is the pope putting it up?"

NEW YORK, April 24.—(AP) Two janitor-stricken sisters leaped to their deaths and a child was suffocated in a tenement fire in the Williamsburg section of Brooklyn early today.

Miss Annie Stalloni, 22, leaped from a third floor window and was impaled on a picket fence. Her sister, Eleanor, 14, jumped from a window at the rear of the house. She died soon after reaching a hospital. The child suffocated was Angelo Bardera, five years old.

FINE FUNERAL HEFLIN AGAIN INFANT SMOKER ARRANGED BUT RAMPAGE OVER OF CIGARS IS MAN IS ALIVE

SEATTLE, April 24.—(AP) Freddie Riggs, aged 4, who smokes cigars, is physically developed, but his blood pressure is too high and he tends toward anemia, said Dr. Ira C. Brown, head of the Seattle school health department after he examined the boy.

Freddie has smoked cigars since he was ten months old.

"He is a year and a half physically above the average four year old, one year mentally above the average. His teeth are perfect."

Mrs. Ralph Riggs, Freddie's mother, said at ten months she was puffy and unable to take his food until he seized his father's pipe and started smoking. Three months later, he started smoking cigars.

Dr. Brown said it would take three months to cure the child of the tobacco habit, through careful regulation of the diet.

HOUSE APPROVES FLOOD AID BILL

WASHINGTON, April 24.—(AP) The senate flood control bill was passed today by the house.

Before it can be sent to President Coolidge it must be considered in conference between house and senate because the two bodies must be brought into agreement on several amendments to the bill.

There is little doubt that the senate will soon agree to house proposals but there is considerable confusion among members as to whether the bill has been revised sufficiently to meet objections of Mr. Coolidge.

WINGING WAY THROUGH CANADA SNOWSTORM TO CARRY PNEUMONIA SERUM TO STRICKEN FLYER, WILKINS RESCUE SHIP STARTS—BREMEN STORM BOUND.

MONTREAL, April 24.—(AP) Mayor Houde this afternoon announced that Colonel Charles A. Lindbergh had told him by telephone that he would land here and complete his trip to Quebec with serum for Floyd Bennett by special train.

Mayor Houde said that Lindbergh told him he expected to reach St. Hubert air field near here in about four hours after his take-off from New York, a special fast train was being prepared for the colonel.

CURTIS FIELD, N. Y., April 24.—(AP) Colonel Charles A. Lindbergh, the lone eagle of the Atlantic, took the air today to fly as he never flew before in a race to save the life of a fellow airman, Floyd D. Bennett.

Lindbergh hopped off at 3:08 p. m., carrying anti-pneumonia serum needed by doctors tending the North Pole flier in Quebec, where he was taken after being stricken with pneumonia while commanding a relief expedition to the marooned trans-Atlantic fliers on Greenly Island.

It was learned that a request had come from Quebec to the Rockefeller foundation in New York for the serum and the Rockefeller organization had appealed to the Guggenheim fund for the promotion of aeronautics to get quick transportation. Henry Guggenheim, president, immediately asked Colonel Lindbergh if he would fly with the serum to Canada.

"Sure I will. Let's go," Lindbergh replied, and a rush was made for an automobile.

Guggenheim and Colonel Lindbergh left New York for the flying field shortly before 2 o'clock with motorcycle police clearing the way.

In the plane with Lindbergh besides the serum were three white messengers in glass jars and Thomas Applegate, the Rockefeller messenger who brought the serum to the field. He said the mice were for use in connection with use of the serum for Bennett.

Lindbergh said he figured the distance as roughly 500 miles air-line and that he expected to reach Quebec about seven o'clock this evening. Although the army plane he used has a maximum speed of 150 miles an hour, he said, he expected to average only 120 because of cross and head winds.

Just before he stepped into the plane Lindbergh asked to be loaned an army .45 caliber pistol and strapped it on his hip. He made no explanation of his reason for wanting the gun.

MONTREAL, April 24.—(Canadian Press)—Colonel Charles A. Lindbergh will run into a snow storm as he reaches the province of Quebec on his air race to the bedside of Floyd Bennett with anti-pneumonia serum.

St. Hubert, in the air line between New York and Quebec, reports soft wet snow with a north-easterly wind. The same condition prevailed in Montreal and Quebec.

LAKE ST. AGNES, Quebec, April 24.—(By the Canadian Press)—A report received by the Canadian Trans-continental Airways here this morning said the Bremen and the Ford relief plane were storm bound at Greenly Island.

The message received by Robert Cannon of the company, said that snow was falling and a strong northeast wind blowing at the tiny island, where the trans-Atlantic plane made a forced landing 10 days ago.

The Bremen was said to have been put in readiness for continuing its flight to New York with the parts carried by the Ford plane.

QUEBEC, Quebec, April 24.—(AP)—Floyd Bennett, who contracted double pneumonia, while on a relief flight to the disabled Bremen, was "resting somewhat more comfortably, but very low," this morning. This bulletin was issued at the Jeffrey Hale hospital where both Mr. and Mrs. Bennett are patients.

Mrs. Bennett, who disregarded the advice of physicians, to join her husband, was reported much improved from the acute tonsillitis from which she is suffering.

PROUD CITY OF GREECE A MASS OF RUINS—WILL NOT BE REBUILT, AND POPULACE MUST FIND NEW HOMES—PEOPLE FLEE IN PANIC.

ATHENS, April 24.—(AP) The devastated city of Corinth was rocked by two more earth shocks this morning and Corinthians must seek homes elsewhere.

Four Greek ministers who went to the stricken district returned today and said they considered the city ruined beyond repair. Reconstruction on the same site is considered impracticable, especially since this was the second time in 70 years that Corinth had been destroyed.

The damage was estimated at 600,000,000 drachmas, (\$750,000). The death toll was set at 15.

The government sent food, tents and two steamers to serve as a temporary refuge for the homeless and destitute.

General Metaxas, minister of communications, said nothing but a heap of ruins remained at Corinth. Not a single house could be repaired and those houses which threatened to collapse must be razed immediately.

Many Corinthians desire to settle elsewhere and they will be granted free transportation by railroad.

The American Red Cross offered tents and medical supplies for 15,000 persons.

A submarine volcano, like that of Santorin in the Cyclades, is believed to have formed in the lagoon of Mesolonghi, which forms part of the Gulf of Patras.

The metropolitan of Corinth and the archbishop of Athens issued an appeal to the Greek people.

LONDON, April 24.—(AP) The Athens correspondent of the Daily Express today gave the account of a witness of the havoc which Sunday's earthquake wrought at Corinth.

The witness said preliminary shocks warned the people, who fled from their homes and gathered in groups, as far as possible from the buildings. He continued:

"Suddenly a reverberating shock threw us all off balance and we fell to the ground. Buildings tumbled to the ground with a series of terrible crashes. It was all over in four or five seconds, but it seemed an eternity before we staggered to our feet again.

"Then the tumult and the women's cries gave place to a death-like silence. As we turned our eyes upon the city, short circuits brought flashes from the electric lights that threw fitful gleams upon the catastrophe. Instead of white walls, there were masses of ruins."

"The streets of the town are impassable. The work of searching the ruins for the dead will be tremendous."

NAB ESCAPE WITH 99 YEARS TO DO

DALLAS, Texas, April 24.—(AP) Wesley Owsen, escaped from the federal penitentiary at McNeil Island, where he was serving 99 years for the murder and maiming of a soldier in Paris during the World war, was arrested at a hotel here today.

Confronted with prison records and photographs, Owsen admitted his identity and said that he escaped from the McNeil Island prison eight months ago by sawing through the roof. He had a pair of oars he had made in the carpenter shop, and with these he rowed to the mainland two miles away in a boat, he said.

He arrived in Dallas on April 16, he told officers.

BAY STATE EARLY VOTE TO HOOVER

FIRST FIVE TOWNS TO REPORT IN MASSACHUSETTS PRIMARY, GIVE BIG LEAD OVER ALL—FIGHT IN OHIO REAL TEST OF STRENGTH.

BOSTON, April 24.—(AP) The first five towns to report in the Massachusetts presidential primary today, all small communities, cast 143 votes for Hoover in the republican presidential preference column and nine for Smith on the democratic side. Coolidge received ten, Fuller 5; Lowden 4; Dawes 1; Booth 4, and Hughes one.

Besides Smith other democrats receiving votes were Walsh of Montana one and McAdoo 1.

(By the Associated Press)

With presidential primaries on today's political calendar in three states and the territory of Alaska, the fight in Ohio for delegates to the republican convention held chief interest, largely because of its bearing on Herbert Hoover's candidacy. Due to a lack of contests, the balloting in Pennsylvania and Massachusetts attracted less attention.

In Ohio one state of 51 delegates is pledged to the commerce secretary; the other, since the death of Senator Willis, has shown leanings toward a half dozen republican presidential possibilities, including Lowden and Dawes. The democratic organization state of 48 delegates in Ohio is committed to former Senator Atlas Pomeroy for first choice. It held opposition in only two districts. Pennsylvania will have unstructured delegations of 79 delegates at Kansas City and 75 at Houston, while the republican delegates from Massachusetts will number 39 and the democrats 36. Only a few contests were to be settled today at the polls in either state.

Although Alaskans will have no vote for president in November, the republicans in the territory resorted to the primary system to select their two delegates to Kansas City while the democrats going through the formality of ratifying a slate of six delegates, pledged to support Governor Smith.

In addition to the four primaries, party conventions were on the day's schedule to complete the Oklahoma republican delegation of 20 to designate the same number of delegates from Kansas to the democratic convention and to provide for the selection of the republican delegation from Nevada.

PHILADELPHIA, April 24.—(AP) Joe Mauer, Athletics' first baseman, made two home runs in today's game with the Boston Red Sox.

He drove for the circuit in the third and sixth innings, each time scoring Tris Speaker ahead of him, who both times had doubled.

NEW YORK, April 24.—(AP) Babe Ruth hit his second home run of the afternoon and his third of the season in the seventh inning of the Yankees-Washington game here today. The drive put the Babe one up on Gehrig and gave him a tie for the home run leadership of the American league.</
