## LOST HOUND PUP AWAITS OWNER AT SAMS VALE HOME

SAMS VALLEY, April 26.—Sunday was a beautiful day and brought out hosts of city and country people to visit the popular Holcomb Mineral Springs. The roads are drying fast and tourists will soon experience no difficulty in reaching the resort. The springs will fall in the hands of the new purchasers by June 1, after which much improvement work will be done on the road, as well as grounds surrounding the springs.

Mr. Holcomb, when asked of his intentions, after leaving the springs, stated he would spend much of his time in Oklahoma at the home of his brother, who is a retired minister.

Since the weather has cleared up again, the farmers are working fast to get in their crops before another rain overtakes them.

At the last meeting of the Grange were two members of the new Central Point Grange, who visited our order to gain information on conducting their meetings. Mr. Anderson, who is the master of the new grange, states they will get as many charter members on the list as possible before closing to signers. He believes their charter list will number considerably over 100.

George McDonough was the alternate elected to attend State Grange in June.

Mrs. L. M. Fisher informs your correspondent, that an apparently well-bred hound pup has taken his abode at her home and she would like the owner to call for same. From the appearance of the collar, the dog has been on a chain and is likely being sought by his master.

The baseball game played on the local diamond Tuesday between our boys and the Rogue River team, resulted in a defeat to the locals by 7 to 1. A game was scheduled with the Rogue River girls and their failure to appear or notify our team of girls resulted in a forfeit of the game to our team. The boys and girls' teams are each scheduled to meet the Eagle Point teams on the local diamond Friday.

Miss Gene Gulovsen will go to O. A. C. Thursday to enter in the state typing and shorthand test there Friday. She having been one of the highest accredited from the field high school in the county district contest at Ashland. Sams Valley did not have a representative in the contest and we feel our girls were not treated fairly, as two of our high school girls have been steadily making an average of over 50 words and could evidently have been among the high scorers in the county contest.

Mr. Sample of Medford was in our district Wednesday and purchased a fine Jersey milk cow from O. T. Wilson.
