NEW ROSENBERG STORE TO OPEN HERE TOMORROW

"I want to congratulate Rosenberg's on having the most up-to-date chain store in the nation. We are proud that our best example of a chain store is going into Medford," said Vincent Smith, representative of the Grand Rapids Store Equipment corporation of Portland, who is spending the week-end in Medford preliminary to the opening of the Rosenberg store at 10 store here tomorrow morning at 10 o'clock.

The local store, which has been erected by David and Harry Rosenberg, will be the latest in the line of buying goods in conjunction with over 1200 stores throughout the United States, giving it a chain buying power that will, it is claimed, bring Medford shoppers in touch with startling values in merchandise.

"Other chains, because of their age and number of units, cannot employ any radical changes in layout or fixtures because such would necessitate changing every unit in order to secure uniformity," said Mr. Smith, in further analysis of the Medford store.

He pointed out that among other features in this store, not found in similar stores, included, first, an artistic lighting system. Then the feature wall displays, indirectly lighted, with soft neutral backgrounds, framed in rich mahogany. The store windows are equipped with a system of brilliant lights, with a minimum of street reflection, so that articles can be attractively shown the passing public.

These and a host of other late ideas incorporated in the new store will make the Rosenberg store to be store one of the most attractive shopping centers in southern Oregon," says Mr. Smith.

Honeydew Graham Week, May 5-12

The week of May 5 to 12 has been chosen by the Pacific Coast Biscuit company as "Honeydew Graham week" at which time the housewives are asked to specialize on these famous crackers in their daily menus.

On Sunday this paper will print a list of recipes in which Honeydew grahams are featured.

These crackers are advertised as a perfectly balanced health food for every member of the family. Physicians, dietitians and food authorities endorse them because of their plentiful supply of that growth and energy element, vitamin B. They will tell you that there is no finer food for children than these crisp, golden-brown squares of nourishment.

"Both the quality and freshness of Honeydew grahams are guaranteed. Baked in the great Snow Flake ovens within a few hours of your home, and instantly packed in wax-wrapped moisture-proof packages."

These crackers are a coast product and can be found at all grocers.
