CENTRAL POINT, May 10.—The Hi-Y boys, who have been enjoying a meeting once a week this last winter, gave a two-course banquet Wednesday evening at the high school, at which each boy's guest of honor was his mother. The banquet was cooked by the girls of the cooking class and served by four of the high school girls.

The boys had an interesting program prepared. Thirty-two plates were served. Mr. and Mrs. Jewett, Mr. Ericson and Mr. Hezmalhauch were present also.

The following May Day festival, given on the school grounds, under the big oaks Tuesday evening was one of the best ever produced in Central Point. It included 150 pupils, all in costume and every part was well taken, showing excellent training and much practice on the part of all concerned.

The program:

Professional garland bearers, heralds, attendants, May queen, train bearers, dancers, pageant characters.

Crowning of May Queen.

Open dance.

Milkmaid dance.

Irish folk dance.

Spring pageant.

Synopsis of pageant: Prince Charming comes to the court of the May Queen in search of a princess to rule over his domain. The Queen sends for Spring, who is preceded by her attendants, fair, milkmaids, sunshine, daffodils, robins, and to see the other maidens before he chooses. The messenger is then sent for Summer, who is heralded by her attendants, the hollyhocks, butterflies, frogs and roses. Summer dances before the Prince. He is impressed by her beauty, but still wishes to see the other maidens. Autumn is then summoned, appearing, followed by the autumn leaves, catkins and pumpkins. She dances before the Prince. He admires her beauty, but wishes to see winter. The frost elves, winter winds, and snow flakes usher in winter. After the dance of the last maiden, they all join in a dance before the Prince. He finally chooses Spring and bears her away with him as the entire cast sing a song of triumph before the Queen of May.

The annual county field meet was well attended from our city and came in second, losing the championship by 23 points, which was due to a lack of pupils entering in the A class, as Central Point won first or second in nearly all the C class entries. Those winning any of the first, second or third places are as follows:

**THE ENGAGING ART OF BLENDING FRENCH DRESSING**

Under the glow of the dinner candles!... There's something truly enticing about a lovely cruet filled with crystal clear Wesson Oil. It lends such a delightful air to the salad course and all the preparations for mixing the French Dressing.

Certainly, one would go far to find a salad oil that was richer or more wholesome. Or one so exquisitely delicate in flavor.

For the real secret of the vogue of Wesson Oil is that it is deliciously good to eat. It's made of the finest oil that can be obtained and refined so carefully that only the pure nourishing food content is left.

Do you wonder that French Dressing these days has come, almost without question, to imply Wesson Oil? Or that many, many women keep a cruet of it on the table and use it on their salads or vegetables, plain—just as it is?

Or indeed, that thousands are using this choice salad oil for frying and for their baking?
