

MOTHERS DAY GOSPEL THEME AT BUTTE FALLS

Mother—the word that practically all men and women recognize as meaning more to them than any other, with the exception of the name of Jesus, not only filled the minds and hearts of men, women and children of Medford and vicinity yesterday, Mothers' day, but men and women of the entire nation gathered in places of Christian worship and linked the name of mother with that of the saviour. Tender sentiments of motherhood found expression in the great messages delivered from the pulpits, in prayer and song services. All were worshipping at the shrine of motherhood.

Those who gathered at the little church in Butte Falls at 3 p. m. Sunday to listen to the services rendered by the Medford Men's Gospel team also heard mother eulogized. Many were the men and women who testified at this meeting, with tear-stained eyes, that mother's prayers had been the ultimate cause of them finding their saviour. This beautiful devotional testimonial service was followed by the singing of an inspiring solo, "My Mother's Prayers," by the gospel team song leader, Merton Ferguson, accompanied by Miss Ruth McCollum, and the singing of that beautiful old hymn, "Tell Mother I'll Be There," by the congregation. Mrs. Burnett obligingly played the organ for the hymn service.

At the altar call one man came forward to confess Christ and unite himself with the church. Speakers heard One of the major reasons why people get enjoyment from the services of the gospel team is because of the fact that those who do the speaking, in most instances, are men who have just recently found Christ and, unable to preach gospel sermons, tell from their hearts of the joys that come from obeying the promise of Christ that whosoever would confess him before men he would confess that man before the father. Appropriately carrying out this precedent, J. L. Jackson, appearing for the second time as a speaker on a gospel team program, delivered a 20-minute talk that brought tears to the eyes of his listeners as he told of the answering of his mother's prayers and how he went to the altar and confessed his saviour. He related to the audience that some time ago he was a resident of Butte Falls and knew many of those who were present. He stated that it perhaps seemed peculiar to those former friends to see him in the pulpit. "But," he stated, "friends, I am not the same man that you know. I have become acquainted with Jesus Christ and, praise the Lord, I am a changed man. I am proud to stand before the world and acknowledge my saviour."

Jack Back Again President Guy Davis announced as the second speaker, Jack Hemstreet. This was Mr. Hemstreet's second appearance and he even outdid his former speech. Some time prior to being converted in the tabernacle, Mr. Hemstreet had some 20 years' theatrical experience and those 20 years, while not being spent in doing the Lord's work, nevertheless fitted him for real service for the Lord and (confidentially) the gospel team is going to make use of his capabilities as a speaker. He stated that he had planned to talk on the subject of "Mother" but that Mr. Jackson had covered the subject so well that he was going to talk about something else. He delved into the subject of "Is There a God?" a question that, he said, puzzled his mind for many years while he read the works of infidels and scientists. He pointed out how, if people will only look about them, God is manifested in thousands of different ways. He praised the work of the gospel team, and urged "the boys" not to get discouraged if at times their efforts seemed to not be bearing fruit. He stated that the gospel team had not only revived the Christian spirit in hundreds of people but that it had brought six people to the altar. "Noah," he said, "tried for 120 years to convert people and he never saved one outside his own immediate family."

Foots Creek Next Sunday The men of the 80th Methodist church tonight for a business meeting and all are urged to be present, as President Davis has much business to transact. Next Sunday's meeting will be held at Foots Creek. Leave library at 1:30.

FAMOUS U. S. JOCKEY VICTIM OF FIGHT

CHICAGO, May 14.—(AP)—Grover Cleveland Fuller, who was the "Earl Sande" of the American race tracks a quarter of a century ago, was fighting for his life today, the victim of a stabber. The famous jockey was stabbed in the chest early yesterday when he quarreled with a friend. He is not expected to survive. In 1904, when he rode the winner of the last American derby at Washington Park, Fuller was reputed to have an income of \$50,000 a year. MARSHALL DANA PLAN ACCEPTED BY SPORTSMEN

SALEM, Ore., May 14.—(AP)—A meeting of the state game commission and sportsmen of Oregon here today to consider a plan of Marshall N. Dana, of Portland for a 10-year game and wild life development program resulted in an endorsement of the policies of the commission and expression of confidence in the department. At the outset of the meeting it was presumed that there was a wide margin of difference between Dana's ideas and the policies of the commission, but as the meeting proceeded, it was declared by various sportsmen that Dana's ideas were, in effect, the policy of the commission. At the conclusion of the forenoon session, which adjourned at 12:45 o'clock, R. J. Kirkwood, H. M. Covey and Dana himself, all of Portland, were appointed a committee to draft the resolution. The meeting will convene again at two o'clock to consider the resolution. The meeting will convene again at 2 o'clock to consider the resolution. Its general content, however, was outlined before the committee was named. Dana's 10-year program involved the following questions: What can be done with the estimated \$5,000,000 the commission will have to spend in the next 10 years? What can be done for the purification and protection of streams? What system should be adopted for the allocation of funds, with particular reference to game propagation? What study can be made of the results of previous propagation? Should not fish ladders and spillways be standardized? Should not some "clearing house" be established for the information of the public relative to wild life and the work of the commission?

CUTTING FRAY IN LA GRANDE MAY RESULT FATALLY

LA GRANDE, Ore., May 14.—(AP)—Clarence "Pete" Kingsley, of LaGrande is in the hospital here seriously cut in the abdomen and a negro, Fred Collins, 30, is held in the county jail on an open charge as the result of a fight in a local restaurant at one o'clock this morning. Kingsley's chance to live depends upon whether infection sets in. Police were immediately summoned to the restaurant, where they found Kingsley on the floor. He gasped that a negro cut him and county and city officers started on a manhunt that terminated at five o'clock this morning, when Sheriff Jesse Breshers found Collins hiding in an empty box car in the railroad yards. Collins stuck his head out of the car, Breshers yelled at him and the negro jumped to the ground and held up his hands. The sheriff said, "I guess you're the man I'm looking for." The negro replied, "yas sah, Ise de man."

SINCLAIR LEWIS MARRIED AGAIN

LONDON, May 14.—(AP) Far from the Babbitts and Arrowsmiths of his satirical pen, Sinclair Lewis, American novelist and Dorothy Thompson, American newspaper correspondent, were married today in a quiet room just off London's main street. The only witness to the ceremony which was held in the registrar's office in Henrietta street were Jonathan Cape, the bridge-cropper's English publisher, Mrs. Cape and a clerk. The Lewises plan to leave London Thursday or Friday for a motor honeymoon in the remote parts of northern England. They intend to return to the United States in August "to settle down on some quiet little farm, preferably in New England," Lewis explained. More than a score of reporters and photographers waited outside during the ceremony.
