

BETTING FAVORS CHANEY TO WIN G. O. P. PRIMARY

Chief interest in the primary to increase centers in the Republican fight for the district attorney nomination. In the opinion of a majority of local voters, unless Chaney should be convicted today or tomorrow—which is generally regarded as highly improbable—he will carry Medford by a majority sufficient to defeat Moulton, who is expected to run strong in the rural districts, particularly in the northern part of the county. Two wagers of ten to seven were reported at a local cigar store today that Chaney would get the nomination. It seems to be the general feeling that Chaney's hardest fight will be against George Coddling, his Democratic opponent in the fall election, this being based upon the assumption that the Republican party has been so badly split over this contest that the defeated faction will swing their support to Coddling in the fall. W. G. Trill is the third candidate, but has made no active campaign, is not well known, and will surprise his own friends if he runs better than third.

For county commissioner Victor Bushell, incumbent, is expected to find stiff opposition from J. G. Love of Central Point, but not sufficient to endanger his success by a comfortable majority.

The sheriff contest between G. E. Alden and Chas. D. Stacy has been a good-natured affair, with a fairly even race predicted.

Mrs. Della Stevens Meyer, incumbent, is expected to win the Republican nomination for county clerk, as her opposition has been divided between three candidates, G. R. Carter, A. J. Crose and C. T. Parker. Crose has not made a very active campaign, but is prominent in Medford legion circles, and will undoubtedly get a good vote in this city.

Likewise Mrs. Susanne Homes Carter is looked upon as a certain winner of the county school superintendent nomination against V. A. Davis and G. W. Milam. The woman vote, which is a very important but often disregarded factor, is expected to go almost solidly for Mrs. Carter.

For delegates to the national convention Floyd J. Cook is the local candidate and has conducted a vigorous and shrewd campaign. He will undoubtedly get a tremendous vote in southern Oregon, and has also a large following in Portland, his former home. His election is generally conceded.

25 CARS WANTED FOR CONVENTION TRIPS NEXT WEEK

Medford motorists are requested to register their automobiles at the Chamber of Commerce as guest cars in which to give the delegates to the music teachers' convention here next Tuesday, May 22, a scenic drive in the southwestern edge of the valley and to Ashland. Committees have been working on the project and still need 25 cars to assure transportation for all delegates, the services of 25 having already been procured.

The Medford Realty Board is in charge of arrangements and Mrs. G. R. Satchwell has been devoting her efforts in regard to transportation. As a result, she has pledged for 25 cars with lady drivers. Motorists are urged to register their cars as early as possible in order that preparations for the drive may be completed early.

Vitaphone to Open May 24th Hunt's Craterian

The crew of engineers and installation men from the electrical research offices in New York are busily working on the Vitaphone installation at Hunt's Craterian theater this week and all will be in readiness to present this much waited for attraction to Medford people on Thursday, May 24th.

George Stringfellow, who is here in charge of the installation, assures Mr. Hunt that everything will be in tip-top shape and that he is also getting the most complete and perfect installation that has been opened on the coast.

The opening attraction with the Vitaphone will be "The Jazz Singer" starring Al Jolson, which will run for one week starting Thursday, May 24th.

Love Candidate for Co. Commissioner

J. G. Love, who is asking for the republican nomination for county commissioner tomorrow, owns and operates the Snowy Butte orchard, near Central Point, and has been a resident of the county eight years.

He was formerly a county commissioner in Washington county, Iowa, and understands the workings of the office.

Mr. Love is a good roads enthusiast.

At the Rialto Today

Arthur Lake and Alice White in "Harold Teen"

Perhaps the main attraction of "Harold Teen," which opened today at the Rialto theater, is its freshness and youthfulness.

Harold, the irrepressible country boy, takes the city high school with a storm, with a longing once more to play "one old cut" and join the "gang" in some sort of mischievous prank.

The picture is based on the newspaper comic strip of the same name and contains all of the characters made famous by that noted cartoonist.

The title role is played by Arthur Lake. The leading feminine role—that of Lilium—is played by Mary Brian.

THE MARKETS

Livestock

Today's car receipts—Wheat, 19, flour 7; corn 4; hay, 3.

SAN FRANCISCO, May 17.—(AP) Butterfat f.o.b. San Francisco 47c.

Wall Street Report

NEW YORK, May 17.—(AP)—A sensational rally in prices brought to a dramatic close a day of bewildering price movements on the New York stock exchange today. Prices dropped \$1 to \$6.50

a share at the opening, rallied \$5 to \$15 before mid-day, lost a good part of their gains in an early afternoon reaction, inspired by stiffening money rates and then soared again in spectacular fashion in the last hour of trading. Final quotations disclosed a rather imposing list of net gains, ranging from \$1 to \$12, interspersed with a number of net declines.

American Telephone and Telegraph common was the outstanding individual feature in today's market, soaring nearly 15 points to a new high record at 211 on buying influenced by the proposed increase in capitalization with the offering of valuable "rights" to share-holders.

Supporting orders turned the

current prices strongly upward again before the close, after the avalanche of selling had driven a number of important shares to the lowest prices of the week. Curbs rebounded from 14 1/2 to 14 3/4. Wright came up from 21 1/2 to above 22 1/2. American International sold more than eight points beyond its previous close, when it touched 113, duplicating the year's best figure. Ludlum Steel was up nearly nine points at 47, also a new peak. General Motors and Radio rallied three and five points respectively, from their low levels. Total sales approximated 2,500,000 shares.

Marshfield starts move to build \$300,000 Cass Bay bridge.

Who watches your iron while you're watching the ironing?

The Westinghouse Iron has a built-in watchman—the famous Spencer Disc Thermostat. It automatically turns the current off and on. This iron stays within the correct temperature range without your attention.

The Westinghouse is the original automatic iron—using a method of heat control that has been proven by four years of use in hundreds of thousands of homes. Ask your nearest dealer to show this iron to you.

Politics and Tire Repairing

MORE MILEAGE IN YOUR INJURED TIRE

In politics, the "fixer" is looked at askance. He is a questionable character, seldom trusted and depended upon.

But in our repair department we've got fixers of a different breed. And they are mighty welcome when you have tire trouble.

They're trained men. They're capable men. They know tires and tire construction.

They're backed up in their capacity and knowledge by the finest and most modern repair equipment that money can buy, and by methods perfected in the largest tire development department in the world.

FIX TIRES AS THEY ARE MADE

Now, these trained men use the same materials, the same machines, the same processes as are used in the great Goodyear factory.

When they do a repair job that job is a factory job—as fine and enduring a job as science and good intention can make it.

You'll find our repair prices surprisingly reasonable, too, and every job from our shop is Guaranteed!
