

# Santford & Company

Santfords System

307-309 East Main St.

Saves You Money

## Extra Costs Saved For You

Santfords large store and market is operated in one building, under one management. The tremendous cost of operating a separate store and a separate market or two or three separate stores and separate markets is saved by Santfords system of stores and markets. Stop and think what this saving means to you, the doubling and trebling of operating expenses, all of which must be added to the price you pay is far greater than any saving possible to make in quantity buying from producers or manufacturers. The combined savings from low operating costs and large buying power make possible Santfords wonderfully low prices on both meats and groceries.
