

City Market
Will Open For
Business Tomorrow

The City Meat Market, which has been located on East Main street for the last 12 years, has moved to its new location, 121 North Central, in the new Bark-dull building.

have been repainted and put in tip-top condition, and are all painted white. A new large ice box for selling meat has been installed and the new market is open front. The new market, according to Con Devore, the proprietor, is modern in every respect.

Mr. Devore invites all his old customers to come in and inspect his new market, and with the facilities installed hopes to make many new friends. This new market will open tomorrow with specialties in all kinds of cured and fresh meats.

Ideals That Pay Dividends

We have found that ideals in business are profitable. To set a high standard of public service and live up to it; to have a goal of accomplishment and strive for it; to conduct our business honestly, truthfully and as efficiently as possible and to share the rewards of effort, liberally and justly, with those who have helped us earn them—these are some of the ideals we have striven to maintain in the up-building of "the West's largest food concern."

REALTY BOARD
ENJOY LUNCH
ON THE ROGUE

The Realty Board members and their wives and friends were the guests of W. F. Isaacs, local clothier at Big Rock lodge, at his log chateau on the Rogue river, this noon. More than a dozen cars, transporting guests and baskets of food left the chamber of commerce headquarters at 11:30 for the Table Rock district.

The inspiration of today's meeting, which was held in the open and extended thru the afternoon, was a recent talk springing from P. Isaacs before the Medford Realty Board, in which he outlined the possibilities of developing the Rogue river into a real pay roll for Medford, by establishing the proper camp sites along its banks.

THIS YEAR'S ROSE
SHOW PROMISES TO
BE THE BEST EVER

This year's rose show should exceed in every way the one which was given last spring, for the roses are just at their best all over the valley and many other flowers are blooming in every garden. People are urged to read over carefully the premium lists and plan to exhibit. Flowers should be entered under their classification and "when brought to the show left with the head of that division.

Piche's, Browne's, M. F. and H. the Monarch, the Mutual, Hubbard's and Lampert's have all donated prizes and these will be on display in the gallery at the West Side 20th Century store over Sunday.

The 20th Century is giving the use of this building, the California Oregon Power company furnishes the electricity and the Peoples' Electric store is putting in the light fixtures and "when brought to the show left with the head of that division.

Representative of
Nat'l Advertising
Agency Is Here

Ray C. Jenkins, assistant vice president of the Mills Advertising company of Indianapolis, Ind., was in Medford yesterday and today on business. This agency places several contracts for national advertising with this paper and was in the city looking up conditions and coverage of the field by the Mail Tribune.

Mr. Jenkins is also western director for the National Retail Lumber Dealers' association and has selected Bert Thierolf of this city as state chairman of the association. H. M. Powell of Portland is associate state chairman. There are 24 county chairmen over the state.

Mr. Jenkins was exceedingly well pleased with the city and valley, conditions here for this year, and was especially interested in the lumber industry and the building being done in and around Medford.

Al Jolson First
On the Vitaphone

The presentation of vitaphone and movie tone to the patrons of Hunt's Craterian theatre marks one of the greatest achievements in the history of motion pictures, in Medford, and the greatest event in the history of the theatre.

The vitaphone brings to our city a new era of entertainment as startling and amazing as was the first motion picture, witnessed some 20 odd years ago. Few people realize until they have seen and heard this marvel of the age just what they have in store for them. You are going to enjoy seeing and hearing the world's greatest artists, see them act, hear them speak, sing, and play.

The first on the vitaphone program at this theatre will be Al Jolson in "The Jazz Singer." A picture that follows quite closely the life of this world famous comedian. Ordinarily when one thinks of Jolson they think of a happy black-face comedian that knows nothing but fun, but not until after you have seen and heard him in this great production—heard those mammy songs as he pleads them from his very soul, you don't know the Al Jolson whose songs you have enjoyed both on stage and on records.
