

EAST SIDE CLUB TO RAISE FUNDS FOR OILING ROAD

At the meeting of the East Side Improvement club in the city council chamber last evening the proposed project was discussed of having all of the road between the end of East Main street and the Medford Golf club grounds oil-macadamized, which plan a club committee, after an investigation, reported should be done. According to this report the cost would be about \$1500, of which sum one-third has been promised by the county court and \$300 by the city of Medford. It is the plan to assess the rest of the cost against the benefiting property at a cost of about 15 cents a foot front. Property owners are now being interviewed on the matter.

Residents of Vancouver street complained against the hauling of gravel in trucks from the Medford Concrete Construction company rock crushing plant, over that street, thus injuring the thoroughfare and making it unsightly. The club took no action on this complaint except one of sympathy, as the complaint is now under consideration by the city council. A committee was appointed to confer with the city officials and report back to the improvement club at its next meeting, regarding the possibility of a new amusement building that is being built at the west end of the Bear creek bridge on Main street, being a flood menace, by holding back the stream during high water periods.

STEINER DECIDES AGAINST A JUNKET UNTIL ADJOURNMENT

WASHINGTON, May 24.—(AP)—The senate presidential campaign investigating committee decided to remain in Washington until after the adjournment of congress, provided that comes on or before June 2.

The investigators adopted a motion against making another trip to New York to inquire further into the activities of the organization advancing the candidacy of Alfred E. Smith and to look into the work of the organization there for Herbert Hoover, instead it will call witnesses to Washington for questioning on these matters.

Trips will be made into Ohio and Indiana after the adjournment of congress and probably before the opening of the republican national convention at Kansas City on June 12. The primary purpose of visiting Ohio is to inquire into expenditures by district organization in behalf of Hoover and by the anti-Hoover organization there. The Indiana inquiry will be made into campaign financing in Allen county by both the forces working for Hoover and for Senator James E. Watson.

LONDON NIGHT CLUBS RAIDED AND CLOSED, REASONS UNKNOWN

LONDON, May 24.—(AP)—Scotland Yard detectives early this morning raided two of the best known London night clubs, both owned by Mrs. Kate Merrick, "queen of the night clubs," and mother-in-law of one peer and the prospective mother-in-law of another.

The clubs raided were the Forty-Three club and the Manhattan, largely patronized by fashionable people and known to many American tourists. The procedure at both clubs was similar. A police inspector wearing evening dress was granted admission on the presumption that he was a guest. When the door was opened a squad of detectives followed him in and took possession. The names and addresses of those present were taken but nobody was arrested. Mrs. Merrick was questioned at the Manhattan club after which both clubs were closed. The grounds for the police action were not divulged.

The Silver Slipper club, which was raided and closed several weeks ago, and the two raided today were the last clubs operated by Mrs. Merrick in London.

COMMENCEMENT AT R. R. ACADEMY MAY 26

The commencement exercises of the Rogue River academy will be held Saturday, May 26. The baccalaureate sermon will be delivered the same day by Elder T. G. Bunch. The commencement program is as follows: Processional March, Triumphal String Quartet. Invocation—Elder T. H. Westbrook. Viola Solo, Fuhlnks Erwachen (Sachs)—P. C. T. H. Folkenberg. Address—Prof. I. C. Colcord. Duet, "What Is Thy Will for Me"—Elder Westbrook, J. J. Jutzy. Presentation of Diplomas—Elder P. S. Bunch. Benediction—Elder Taylor G. Bunch.

IDAHO PRESENTS HER DEMANDS AT SEATTLE HEARING

SEATTLE, Wash., May 24.—(AP)—Idaho began its fight at the interstate commerce commission hearing today for freight rates that would place Idaho grain "on a parity" with other grain being shipped to tidewater ports. Sam L. Newton, Idaho rate expert, representing grain growers of Idaho, went on the stand today and submitted a vast number of exhibits in an effort to prove that Idaho was being discriminated against. The expert asked for rates from Idaho that would place grain in Seattle, Tacoma, Portland or in Longview on an equal basis with other grain.

Exhibits showing that on the distance scale Idaho growers were paying a higher rate than growers in other states to tidewater were introduced by Newton. He demanded a general leveling of rates on the distance scale. Asked whether he favored the 10 per cent differential on grain shipped to Portland, he declared: "Idaho wants the Portland differential if this is to be sustained. Idaho wants an open market which will place it on a parity with other grain producing sections of the Pacific northwest. "We are not interested in any struggle between Puget Sound and Portland, but we are interested in being permitted to ship our grain to any tidewater market in competition with other grain growing territory." The Idaho case was expected to take the remainder of the day.

CARPENTERS HONOR LATE FRANK JOHNS

PORTLAND, Ore., May 24.—(AP)—Tribute to Frank T. Johns, Portland carpenter, socialist-labor candidate for president of the United States, who was drowned Sunday at Bond in trying to save a boy from drowning was paid by his fellow members of the local carpenters' union, who adopted a resolution of condolence. The resolution referred to him as a "sincere fighter in the workers' cause," and said his "last act was an act of heroism which cost him his life, and in keeping with his high ideals." Johns' funeral will be held here Saturday with public services at Labor Hall.

EMBEZZLING SUSPECT ATTEMPTS SUICIDE

LOS ANGELES, May 24.—(AP)—While being taken to the county jail on suspicion of embezzling between \$20,000 and \$50,000 Edward E. Sweeney, land and tax agent for the Southern California Gas company, attempted to commit suicide in the Hall of Justice. Writing free from his captors, the officers said, Sweeney attempted to throw himself headlong over the rail of a concrete staircase to the floor below. He was captured and pulled back just in time to prevent the death attempt from succeeding. Officers said Sweeney's operations were carried on through making invoices for fictitious storm drain and sewer assessments against the company's property.

PRUNE CROP IN SALEM DISTRICT ENTIRE FAILURE

SALEM, Ore., May 24.—(AP)—No prunes will be dried and none will be shipped fresh to eastern markets from the Willamette valley this year, in the opinion of local fruit men, whose earlier estimates of a practically complete failure of the Italian prune crop are being strongly confirmed by developments of the advancing season. What few prunes there are in the valley are not even sufficient to fill the demands of the canneries and some of the plants have even purchased fruit in the eastern Oregon and Washington districts to fill their needs. Estimates here place the valley tonnage of Italian prunes at from 5 to 10 per cent of normal, with 10 per cent being generally admitted to be a fair estimate of the prospects. Some estimators calculate that in from 50 to 75 per cent of the orchards, particularly the larger ones, the set is so light that no attempt at picking will be made. Heavy dropping in the hill orchards during the past week is responsible for the sharp downward trend of the estimates.

\$7,000,000 FUND FOR VETS HOSPITAL PASSED IN SENATE

WASHINGTON, May 24.—(AP)—Carrying about \$150,000,000, the second deficiency appropriation bill was passed today by the senate. An appropriation of \$7,000,000 was added to the bill in the senate today to put in operation the veterans' hospital program which was sent to President Coolidge this week and approved by him yesterday. The funds will be used in construction of additional facilities.

The senate also added \$20,000 to the measure for starting work on the \$1,000,000 George Rogers Clark memorial at Vincennes, Ind., which was authorized yesterday. All provisions of the \$20,000,000 measure voted by the house were accepted by the senate and the senate added more than \$50,000,000 to the bill which carries funds to put into operation projects authorized during the session. In the bill as passed by the senate is \$14,000,000 for starting work on the Mississippi river control program.

Dr. H. K. Walker Elected. Dr. H. K. Walker, pastor of the First Presbyterian church of Los Angeles, was today elected moderator of the Presbyterian church in the United States at the opening of the 119th annual assembly here. Dr. Walker was opposed only by Dr. J. Ambrose Dunkel, pastor of the Tabernacle Presbyterian church, Indianapolis. Dr. Walker received 593 votes and Dr. Dunkel 318.

Please Pass Mr. Canaday. WASHINGTON, May 24.—(AP)—It's a long time between raises for land office registers—to be exact it's 110 years. On July 1, 1928, registers in the western states will receive a fatter pay envelope for the first time since 1818, by virtue of President Coolidge's signature to a bill increasing their salaries from \$3000 to \$3900.

Roseburg Prune Crop. ROSEBURG, Ore., May 24.—(AP)—Present estimates are that Douglas county will have between five and six million pounds of prunes this year. Indications point to a normal crop of prunes and about a 10 per cent crop of plums. All fruit is dried except those taken by local canneries.

Admits Divorce

Margherita Kirkland, former actress, known as Ann Page on the screen, admits she has been granted a divorce from David Kirkland, film director, but she won't tell where she got it. This picture was taken just after she had admitted her nuptial woes.

CONGRESS PLANS TO ADJOURN ON THE 29TH MAY

WASHINGTON, May 24.—(AP)—Representative Tilson of Connecticut, the republican floor leader, decided today to ask the house to adopt a resolution calling for the adjournment of congress at 7 a. m. May 29.

Tilson conferred with Speaker Longworth, who said the plan met with his approval. Longworth yesterday conferred with senator Charles McNary, the republican leader, and it is understood the time is also acceptable to senate leaders.

A vote was expected before adjournment today on the Swing-Johnson Boulder dam bill and after this measure has been disposed of, the house will have completed its work, except for setting on conference reports on the tax bill, Muscle Shoals, the second deficiency appropriation bill and a number of minor measures.

Wall Street Report

NEW YORK, May 24.—(AP)—Stock prices made further recovery in today's market. A flurry of selling swept through the market at midday, but offerings were well absorbed and the market resumed its rise under the leadership of the steel, sugar, copper, lead and uranium shares. Trading ended in moderate expansion in volume.

Advance Express, which shared previous points completely, made a similar gain today. Charles Allen plans to buy heavily eleven points and weight 2 1/2, because half of their gains in the recent selling movement and their leading upward again.

National Bureau, International Harvester, Colorado Fuel, International Telephone and 3000s and Algonquin sold four to six points higher. The closing was strong. Standardizer responded to the purchase of individual blocks ranging from 5000 to 15,000 shares by reaching up to 31 3/4, the highest since 1924. Concurrent strength also was shown by many other stocks which are easily moved. Daily sold ten points above its early low. International Nickel and Brooklyn Edison jumped 10 points and Pacific Coast and Ohio steel led the last movers among the low priced issues. Total sales approximated 3,000,000 shares.

INJURED WORKMAN IS STILL UNCONSCIOUS. The condition of George W. Dalley, head decker for the Ocean Oregon Lumber company, who has been unconscious since last Friday, when he was struck in the back by a rolling log, suspended on a cable, was unchanged at 2:30 this afternoon according to a report received from the Sacred Heart

hospital. The patient is fed liquid foods frequently and given other treatments in an effort to keep up his strength, until he regains consciousness. Although this is the sixth day of unconsciousness, hope is still held for Mr. Dalley's recovery by his physician, Dr. J. C. Hayes. No treatment can be given the crushed left lung of the patient until he regains consciousness. Klamath county shipped 900 carloads potatoes last year. Bajowan. — Military academy planned here.

Do you enjoy your food? If you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off diseases. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play.

rich, red, blood builds and sustains. Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that build and sustain the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women. When you get your blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel

strong; and your nerves become steady. S.S.S. proven record over 100 years. For more than 100 years S.S.S. has been helping people regain their strength and charm. Thousands of users have testified to its benefits in unsolicited letters of gratitude. Made only from the fresh vegetable drugs gathered at the proper season of the year, S.S.S. gives to Nature what she needs in making you yourself again. All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.
