

DAWES VOTES NAY TO BALK SENATE ADJOURNING PLAN

WASHINGTON, May 28.—(P)—The senate today defeated a motion to adjourn congress tomorrow at 5 p. m.

The vote was 40 to 40 and Vice-President Dawes broke the tie by voting against the resolution.

Previously the senate had defeated two attempts by Senator Johnson of California to prolong the session in order to give more time for action on the Boulder canyon dam bill.

This leaves congress without any adjournment hour for this session. Attempts to fix June 5 and then next Saturday as the adjournment date were defeated in order.

When the vote for adjournment tomorrow was announced, Vice-President Dawes immediately voted in the negative and the resolution was defeated.

When the vice-president struck the desk with his gavel and said the chair would vote "no," his announcement was greeted with applause from both the floor and the gallery. Mr. Dawes did not undertake to shut it off.

Japanese Visitor

Senator Takuya Takahashi, one of Japan's oldest legislators and foremost orator of the house of lords, has come to the United States, en route to Paris, to attend the world session of chambers of commerce, going then to Berlin to attend the international parliamentary conference. The senator, 82, one of the leaders of the party in power, was the first professor of German in Japan.

CAROLINA RESULT VIEWED AS SLAP AT SMITH HOPES

CHARLOTTE, N. C., May 28.—A victory for the forces opposing Governor Smith has been won in the democratic precinct meetings over the state, preliminary to the June 2 primary, the county conventions, and finally the state convention set for June 12, when delegates to Houston will be selected.

Returns tabulated by newspapers from 84 of the 100 counties having a state convention vote of 1,869, today showed Representative Cordell Hull of Tennessee, leading Smith by 154 votes. The vote was: Hull, 532; Smith, 378; un-instructed, 452; doubtful, 193; anti-Smith, 26; instructed to vote for a dry candidate, 26; Governor McLean 5; to be selected at a mass meeting June 9, 64.

WASHINGTON, May 28.—(P)—Senator Simmons of North Carolina, says in the results of the precinct meetings in his state Saturday, a "smashing defeat for Governor Smith and a strong endorsement of Cordell Hull for the democratic presidential nomination."

"In viewing the situation as it now stands and the developments which I think will take place between now and the Houston convention and at that convention," Senator Simmons said in a statement here last night, "I am profoundly convinced that Governor Smith cannot and will not be nominated and if perchance he should be nominated he cannot be elected."

The senator, who is leader of the democratic organization in his state, added that all that was necessary to make victory certain at Houston for Smith opponents was "courage on the part of the leaders of those who oppose his nomination and exercise of diligence and vigilance to meet the efforts of such a powerful and highly financed organization as that behind the candidacy of Governor Smith."

The North Carolinian said he did not believe Smith would receive as many as 500 votes at Houston, and instead of that number increasing, he thought it would decrease from now on.

"The democratic party," he said "will never, in my judgment, concur in and submit to the things which Tammany hall and Governor Smith, its outstanding figure, represent and stand for."

WASHINGTON, May 28.—(P)—Mrs. Robert Clarke, 21, and Miss Thelma Cassidy, 17, sisters, were drowned and Omar White was rescued shortly before midnight Saturday night when the automobile driven by Miss Cassidy plunged through the chains on the Marion-Polk county ferry operating on the Willamette river here, and sank in about 10 feet of water.

Though grapplers have been busy, the bodies of the two young women had not been found this morning. The machine, with lights still burning, was dragged from the river Sunday morning.

The two young women have been living at the Seid Back hop ranch on the Marion county side of the river and were on their way home when the accident occurred. It is believed Miss Cassidy gave her car too much gas when she started the motor to make room for another car on the ferry.

White managed to reach some willows hanging over the river several hundred yards below the ferry. He was rescued by a boat.

The two young women were the daughters of Mr. and Mrs. John Cassidy, who live on the Marion county side of the river.

AWARD ARMY JOB TO OREGON CADET

EUGENE, Ore., May 28.—(P)—Henry H. Hall, Portland student at the University of Oregon and a major in military science, was named "honor cadet" by a board of regular army officers convened here Saturday to nominate the high senior classmen of the R. O. T. C. for a commission in the regular army without examination. He is the first Oregon student to be so honored.

Cadet Hall is a captain in the R. O. T. C. and Monday afternoon received a commission as second lieutenant, infantry reserve, upon graduation from his course in military science and tactics at the university. He is the son of Mr. and Mrs. H. W. Hall, 970 Alameda drive, Portland, and a former student of Jefferson high school in that city. He will accept the regular army commission as soon as there is a vacancy for him, following the graduation of the 1928 class at West Point.

UMATILLA GRAZING LAND SET ASIDE

WASHINGTON, May 28.—(P)—The house today passed a senate bill to set aside 7000 acres of land for use of Umatilla Indians in Oregon for grazing purposes. The measure was returned to the senate for action on a minor house amendment. The lands which were formerly part of the Indian reservation would, under the measure, be withheld from sale by the interior department.

TEXACO is here

From the Canadian line to the Mexican border—from the Rocky Mountains to the Pacific—twenty-five hundred *new* Texaco Stations and dealers now sell the famous golden Texaco Motor Oil and *new* and *better* Texaco Gasoline. This has been accomplished through consolidation of the California Petroleum Corporation with The Texas Company. All of the former Calpet Stations are now Texaco Stations.

The *new* and *better* Texaco Gasoline forms a *dry gas*. In the engine it becomes a smooth-burning, even textured mixture of gasoline vapor and air. Every drop of the *new* and *better* Texaco Gasoline is uniform—every drop powerful.

Texaco Motor Oil, refined and filtered to golden purity, has the full heat-and-pressure-resisting body to withstand hour-after-hour high-speed driving. To motorists in every state, Texaco Motor Oil stands for motor oil quality.

Texaco Motor Oil and Gasoline are available everywhere. Stop wherever you see the Texaco Red Star with the Green T.

2 WOMEN DROWN WHEN AUTO DIVES OFF FERRY BOAT

INDEPENDENCE, Ore., May 28.—(P)—Mrs. Robert Clarke, 21, and Miss Thelma Cassidy, 17, sisters, were drowned and Omar White was rescued shortly before midnight Saturday night when the automobile driven by Miss Cassidy plunged through the chains on the Marion-Polk county ferry operating on the Willamette river here, and sank in about 10 feet of water.

Though grapplers have been busy, the bodies of the two young women had not been found this morning. The machine, with lights still burning, was dragged from the river Sunday morning.

The two young women have been living at the Seid Back hop ranch on the Marion county side of the river and were on their way home when the accident occurred. It is believed Miss Cassidy gave her car too much gas when she started the motor to make room for another car on the ferry.

White managed to reach some willows hanging over the river several hundred yards below the ferry. He was rescued by a boat.

The two young women were the daughters of Mr. and Mrs. John Cassidy, who live on the Marion county side of the river.

FRUIT CHEMISTRY TESTS IN SCHOOL

A number of seniors from different chemistry classes are engaged in making acid tests as a preparatory step for work of this kind during the fruit season. The work will continue during the week, and is under the direction of Professor J. P. Cope, head of department of science, who is acting as chemist for the fruit growers. Training in testing fruit for spray residue will be given to a limited number of these students during the week, prior to the opening of the fruit-packing season.

For the past two years this laboratory has rendered a distinct service to the fruit growers of the valley by functioning as a testing station for spray residue. It will again be in operation during the coming season in the same capacity, in charge of the same staff, and under the direction of department heads of Oregon Agricultural college.

FINANCIAL FIGURES ON CAMPUS QUEEN

CHICAGO, May 28.—(P)—How Miss Holly Shively gowns herself to become Northwestern university's "best dressed girl," is chiefly an item for women readers. Its masculine appeal rests in the cost album which totals \$1,100 a year.

"I could go through school and dress for half that amount," she explained, "but I would not be the 'best dressed girl.'"

Miss Shively's yearly budget calls for 14 dresses totaling \$250; two fur coats one evening wrap and two cloth coats, \$500; eight hats; 24 pair of hose, underwear, shoes and gloves to account for the rest.

CALIFORNIA DOG CASE JURY SLOW

SANTA BARBARA, Cal., May 27.—(Special to Mail Tribune)—With 93 venturers called and the jury box still unfilled, the jury in the dog case is running true to form. The case is expected to be ready for trial by Tuesday if the population holds out. Only one jurymen, G. P. Kirkpatrick, displayed any eagerness to serve, due to an intimation by Judge George that a fine awaited the lardy one who appeared at the courtroom one hour late. At least five doctors are called for the defense witnesses and a bitter battle looms.

County asks bids for 100-foot steel bridge near Vernonia.
