The barking dog, whether he bites or not, is to be silenced, as have many of the masters whose noctural noise annoyed the neighbor, by legislation. A city ordinance, drafted to quiet that particularly annoying canine whose doggy fun is barking at automobiles, was started on its legal way Monday night when the city council passed the bill to second reading. The ordinance prohibits barking of dogs at machines, under penalty of $25 fine or 12½ days in jail. Whether the fine is to be assessed the dog or his master, the ordinance failed to specify, however.—Klamath News.

ROBBER SUSPECT FIGHTS ARREST, SHOOTS SLEUTH

PORTLAND, Ore., May 29.—(AP)—"Moose" Johnson, suspected by officers as ring leader of a gang of postoffice robbers, was shot today in a gun fight with detectives who met him outside his room in a hotel. Detective John Goltz was shot through the leg by Johnson. Attendants at the hospital, to which Johnson was taken, said he would not live. He was shot in the lungs, the neck and arm. Two bullets struck him in the neck.

The fight with Johnson followed search for robbers who looted postoffices in villages in the vicinity of Portland recently. Three suspects were held in jail here today under investigation. They were James Baker, 22, Ben Lesmeister, 27, Bert Meckle, 30. Thelma Baker, 28, also was held, but officers did not believe she had any connection with the alleged ring.

Last week the store-postoffice at Aloha station, a garage and store were robbed, loot amounting to approximately $5000. A few days earlier the postoffice at Roy was robbed.

Arrest of the suspects came through tracing of a car in which two Washington county deputy sheriffs were kidnaped recently near Forest Grove, taken to Portland and turned loose. The deputies were unable to identify the men held here today as the kidnapers.

ANTI-ITALY MOBS IN BELGRADE IN FRAY WITH POLICE

BELGRADE, Jugo-Slavia, May 29.—(AP)—Four students were seriously wounded and 26 others injured in a drawn battle early this morning between police and students who were demonstrating against the ratification of the Nettune convention.

The conflict was ended at 3 a. m. when reinforcements of gendarmes and mounted policemen arrived on the scene.

A. Bordrero, Italian minister, today lodged a written protest against continued anti-Italian demonstrations in Jugo-Slavia with the government. It was couched in most preemptory terms.

Thirty students were wounded when mounted police with drawn swords charged a group gathered on the steps of the students' home which was recently presented to the university by King Alexander. Many students were bruised in the affray when the police carried out orders to prevent any further demonstrations. Police then surrounded the building and the students were besieged within.

The demonstrations started with the burning of a portrait of Premier Mussolini of Italy. Police scattered the mob, but it reassembled later and students shouted:

"Down with Mussolini; down with fascism."

Police with fixed bayonets and mounted officers chased the students and arrested 50.

The outbreaks, with which there is much public sympathy, were in protest against alleged Italian oppression of Slav minorities and against ratification of the Nettuno treaty. The treaty permits Italian residents of Dalmatia and Slovenia to own land within 30 miles of the Adriatic coast.

DEATH DENIED INDIANA FATHER WHO SLEW SONS

VALPARAISO, Ind., May 29.—(AP)—Life imprisonment will be George Allen Chisholm's punishment for the slaying of his two small sons.

Superior Court Judge Crumpacker, who passed the sentence on the 35-year-old Canadian war veteran late yesterday, spoke of the crime as the worst on which a man ever had stood on trial before him. He refused the state's plea for the death penalty, however, saying that "no man could do as Chisholm did and be normal."

Chisholm, broken and feeble, heard the verdict in silence. Arrested March 3, the father confessed he had induced his sons, Edgar, 7, and George, 9, to drown themselves in a canal at East Chicago. He said he had planned a similar fate for Robert, a twin to Edgar. He promised the boys they would see their grandmother when he led them to the canal, but Robert did not accompany them, he saying he did not care about going to "grandma's."

The Indiana law does not admit a plea of insanity.

HOMES FOR SALE—NO DOWN PAYMENT

One year ago this company offered for sale a number of lots in the Hillview Addition, with the necessary building materials for erecting a home and garage. The terms were such that any responsible parties who did not have funds to make the down payment could, under this arrangement, build a home to their own requirements with their own ideas. The plan was very successful and a number of families are now enjoying their own homes as a result of our offer. Because of the limited capital at our disposal we were able to take care of only a few of the many who wanted to take advantage of such an opportunity. We are at this time prepared to extend this offer to a few more families and will be glad to have interested parties call at our office for further information.

Roofing Company Makes Liberal Terms for Composition Roofs Applied

The Weaver-Henry Co., large manufacturers of roll roofing and composition shingles, have recently made an offer to the people of Medford. They will furnish the material and labor with which to apply a new roof of any of their products on a down payment plan, the balance to be paid over a period of months, depending on the size of the contract.

The Weaver-Henry Co.'s offer differs from most installment plans in that they charge interest only on the unpaid balance and at a very low rate.

The line is a complete one of roll asphalt roofing, felts for built-up roofs and a varied array of composition shingles including an attractive new design known as the Gothic.

This office can furnish you complete information as to the terms and the product.
