

COCCO RECITAL PROGRAM OVER RADIO TONIGHT

One of the most attractive radio concerts of the season will be presented by the California Oregon Power company over station KMED tonight from 9 to 10 p. m.

- Piano solo, First Movement Sonata, Op. 19, No. 1—Beethoven Miss Aileen Crawford. (a) "The Last Hope" Gutschalk (b) "Melody in F" Rubinstein Doreen Leverette.

MEDFORD NEEDS A NEW PITCHER FOR SUNDAY'S GAME

The Medford Merchants of the Oregon-California league are in dire need of a first-class pitcher, because Holand Nichols strained a ligament in his flinging arm in the 13th inning of the Dunsuir-Medford game two weeks ago.

Manager Court Hall is telegraphing hither and yon, trying to make connections with a pitcher for Sunday's game. Ricker of the Eugene team is dickering, but it looks like Bill Henion, who pitched for Klamath Falls last season, also under consideration, will not come to terms, his price being too high for the local exchequer.

FIRE SITUATION IN FORESTS IS BECOMING GRAVE

Because of the continuance of the warm weather in this section over such a long period, practically without a break, the forest fire situation is becoming very dangerous in the Crater National forest, and the weather prediction of today, following the maximum of 88 here yesterday, of a temperature above normal and with low humidity increasing the forest fire hazard, renders the danger even more serious.

Hence the Crater National Forest office headquarters here today announced that from now on camp fire permits will be required if camp fires are to be built within the forest boundaries, because such fires are hazardous if not properly built and guarded. The permits can be obtained free of charge at the forestry office in Medford, or from any of the forest rangers.

ROTARIANS ARE GIVEN REPORT ON AIRPORT JAUNT

It was announced at the Rotarian luncheon today that a huge new Standard Oil Ford all-steel plane, will probably arrive here this afternoon and stay all night. Wicker chairs and davenport are some of the features of the super-plane's interior.

Clude Eskin, who just returned from an examination of air fields in Oakland and San Francisco, gave a report of his trip. Much valuable information regarding price of construction, lighting systems, methods of charging and administration was brought back by the committee, representing the proposed Medford airport interests.

"This is a great country. I have always thought so, but now I know just what that slogan means," Rev. E. P. Lawrence said in describing his recent trip to the Presbyterian convention at Tulsa, Okla. He attended a Rotary club meeting in that city and was taken on a sightseeing tour of the places of interest, including oil wells.

SCHEFFEL DECIDES HE WILL REMAIN IN CITY SERVICE

Good news for the city administration and to the Medford public generally is that Fred Scheffel, city superintendent for the past two years and who some time ago announced his resignation from the position to take place within 60 days from then, has reconsidered and decided to remain in the service of the city.

This decision followed the sale of his interest in the Richfield service station at the corner of North Fir and West Sixth streets to his partner in that venture, Val J. Fischer, last Saturday.

What influenced Superintendent Scheffel to decide to retire from municipal duties when he tendered his resignation was that he felt he could not do justice to either his personal interests in the service station and look after his many duties in connection with the office of city superintendent by holding both positions at the same time, and therefore he decided to give up the city position.

His decision to remain afforded the city officials much relief, as it would take a new city engineer a year or so to become familiar with the city problems in street, sewer and other important work.

Card of Thanks. To the neighbors, friends and relatives, and to the neighbors of Woodcraft, who so kindly gave flowers and sympathy at the time of the loss of our dear husband and father, we extend our sincerest thanks.

CONTRACT LET FOR PATTON BUILDING

A contract for an \$5000 one-story reinforced concrete building to be erected at the northwest corner of Eighth and Riverside, for Hamilton Patton, was awarded yesterday to G. W. Oliver.

Work will begin immediately and the building will be ready for occupancy by H. C. Witham of the Radio shop on Main street, in approximately two months. The new shop is to be devoted to batteries, electrical equipment, speedometers and tires, according to present plans.

5 CHINA PHEASANTS MAY BE KILLED

Inasmuch as the state game commission has authorized the sending of the crows and gizzards of five China pheasants from this section each month for a short time in order to determine on what the birds are living, Deputy Game Warden Roy Parr today announced that farmers who have pheasants, both in their crops and in the game warden, who will kill them in order to comply with the game commission's request. However, only five per month can be killed.

EXAMINATIONS FOR STATE CERTIFICATES IN MEDFORD JUNE 13

PIONEER RECALLS ARRIVAL IN VALLEY FIFTY YEARS AGO

The ringing of the church bells of Jacksonville last Sunday evening recalled to the memory of Dr. J. R. Robinson, beloved pioneer physician and resident of that city, that it was just 50 years ago—June 3, 1878—that he arrived there.

"When I heaved off the stage, I remember that the church bells were ringing," said Dr. Robinson. "It never occurred to me that it was my anniversary, until I heard the church bells ringing. I told Mrs. Robinson, and she confirmed my memory. It was a Sunday evening, also."

Dr. Robinson has lived half a century in Jacksonville, and although past the 70 mark, is hale and hearty.

"They were just starting to build the U. S. Hotel," said Dr. Robinson, "when I landed, and Medford was inhabited by nothing but jackrabbits, with an occasional coyote. It does not seem like 50 years."

Radio Program KMED

- Tonight 6:15 p. m. Medford Mail Tribune 8 p. m. Snider's Dairy & Produce Co. 9 p. m. California Oregon Power Co. Wednesday, June 6th 9:10 a. m. Mrs. M. Dept. Store 11 a. m. Rosenberg's Inc. 5c to \$1.00 store 11:30 a. m. Le Moss Service Station 12:00 a. m. City Cleaning & Dyeing Co. 12:30 noon Beebe & Kinde Service Station 6:15 p. m. Medford Mail Tribune.

Musical numbers by Mrs. Ruth Reed and Mrs. W. R. Turner, popular Medford radio performers, will be heard tonight from station KMED between the hours of 8 and 9. The program is sponsored by Snider's Dairy and Produce company under the direction of G. H. Grover.

Besides vocal selections a group of old fashioned cornet solos by Warren Kirkpatrick will be featured along with modern numbers. He will play "School Days," "The Sweetest Story Ever Told," "The Lost Chord," "Ramona," "I Never Knew," and "Narcissus." Piano solos by Mrs. Mabel H. Simms will also be heard.

Some especially interesting programs are being planned for the weekly Tuesday night entertainments put on thru the courtesy of Snider's. Mrs. Rosa Blackmore Willett with several of her students in Harold Clifford, state game warden, at Weaska Inn on Rogue river. An examination of work being done will be part of the program.

NEW SNOW PLOW, INVENTED HERE, ARRIVES SUNDAY

The Wright snow plow, which was invented by Paul Wright of this city and which is financially backed by a group of well known Medford men, and the first working model of which was given such a successful tryout in helping clear the Crater National park roads of snow last spring, has been reconstructed, designed with minor faults, and the addition of improvements, and built by the Willamette Steel and Iron Works of Portland, will arrive here next Sunday.

The new snow plow will give a demonstration of its usefulness and general merit in Crater National park the week of June 25 for the California Editorial association and also at the following meeting there of the Oregon editors.

Paul Wright and John W. Johnson are now overseeing the loading of the big plow in Portland for shipment to Medford. The group of Medford business men financially backing the Wright plow include Mayor O. A. Alenderfer, C. E. Gates, P. O. Crawford, W. H. Lydard and others.

JURY GIVES BANK \$1609 JUDGMENT

A judgment for \$1609 in favor of the bank was returned this afternoon by the jury in the case of the Bank of Stevenson vs. H. W. Hamilla for the payment of a note. The case will be appealed, according to Attorney George Roberts, counsel for the defense. Immediately upon the copulsion of the case, the civil suit of J. D. Russell of Russell's, Inc., to recover money for merchandise, was begun against Polk Hull.

Stop Getting Up Nights

If you get up many times at night by reason of bladder trouble, have pains in back, weakness or dizziness, general debility, painful, smarting and difficult urination, lack of control of urine, or symptoms of prostate trouble, try PALMO GLOBULES. This remarkable treatment has been used successfully by thousands. So confident that it will succeed, we will send a trial treatment ABSOLUTELY FREE to any sufferer who has never had it. No obligation or cost. Write today.

THE PALMO COMPANY 60 Calhoun St., Battle Creek, Mich.

Perspiration odor is so unpardonable... yet so easy to banish now

SOME FAULTS we might forgive at times—but perspiration odor—never! A person who offends is simply "out"—socially as well as otherwise.

Of course, we can't help perspiring. Physicians say that even on cool days our millions of pores continually give off invisible perspiration—often as much as a quart every 24 hours.

Unsuspiciously, we offend. Whether this body waste is visible or not, it is always causing an unpleasant odor—which is noticeable to others—but not to us. Our own sense of smell becomes deadened to familiar odors.

So why risk embarrassment when it's now so easy to keep safe? Just use Lifebuoy whenever you wash or bathe—it's delightful, purifying—the toilet soap that has become indispensable to millions. It deodorizes all our pores—prevents perspiration odor.

Lifebuoy's bland and abundant antiseptic lather guards health, too—it removes germs. And it's so fine for the skin—keeps complexion fresh, clear, glowing. Little wonder Lifebuoy users are enthusiastic.

Such a clean scent! You will learn to love Lifebuoy's pleasant clean scent, which tells you Lifebuoy purifies. It quickly evaporates after rinsing. Use Lifebuoy a week and you'll use it for life. Get some today.

LEVER BROS. CO., Cambridge, Mass.

Don't Make a Toy Out of Baby—Babies Have Nerves

Much of the nervousness in older children can be traced to the over-stimulation during infancy, caused by regarding baby as a sort of animated toy for the amusement of parents, relatives and friends. Baby may be played with, but not for more than a quarter of an hour at an hour daily. Beyond that, being handled, tickled, caused to laugh or even scream, will sometimes result in vomiting, and invariably causes irritability, crying or sleeplessness.

Fretfulness, crying and sleeplessness from this cause can easily be avoided by treating baby with more consideration, but when you just can't see what is making baby restless or upset, better give him a few drops of pure, harmless Castoria. It's amazing to see how quickly it calms baby's nerves and soothes him to sleep; yet it contains no drugs or opiates. It is purely vegetable—the recipe is on the wrapper. Leading physicians prescribe it for colic, cholera, diarrhoea, constipation, gas on stomach and bowels, feverishness, loss of sleep and all other "upsets" of babyhood. Over 25 million bottles used a year shows its overwhelming popularity.

With each bottle of Castoria, you get a book on Motherhood, worth its weight in gold. Look for Chas. H. Fletcher's signature on the package so you'll get genuine Castoria. There are many imitations.

ST. MARY'S FANTASY GIVEN LAST NIGHT

Students of St. Mary's academy presented as their annual commencement play last evening a fantastic operetta, "Fairy Cobbler," before an appreciative audience which filled the auditorium.

The story centers about shepherd maids who fall asleep in the forest and are awakened by fairies who let them in on some secrets of fairyland. Colorful costumes and excellent music made the play beautiful.

In the cast of characters were Martha DeSonna, Margaret Perkins, Kathryn Offenbacher, Bobbette Woodcock, Mary Agnes Louie, and Margaret Anderson, accompanist. The orchestra personnel included Elsie Louie, Margaret McNamers, Lenore Estes, Margaret Jensen, Margaret Anderson, Kathleen High, Mary Sanders, Betty Stennett, Suzette Stennett and Helen Jonas.

STATE GAME WARDEN MEETING TOMORROW

Members of the executive committee of the Jackson County Game Protective association met at the Hotel Medford last night to discuss recent experiments in improving dams and fishways in Rogue river. A report on the fish ladders on this side of Gold Ray dam, which have been chapped by the addition of a cofferdam to reduce the speed of water, was given. T. E. Daniels is chairman of the executive committee.

RIALTO NOW! PLAYING IT'S SOME SHOW! NO FOOLIN'!
