

MISSING AVIATORS ARE SAFE

Five Movie Airmen, Missing for Several Weeks, Are Found Safe at Pt. Barrow—News Comes As Second Relief Plane Starts.

SEWARD, Alaska, June 3.—(AP) Bringing word of the safety at Point Barrow of the members of the Fox Film corporation expedition and the two Alaska aviators, Pilot Matt Nieminen and Radio Operator Richard Heyzer have arrived at Kotzebue, a message from that isolated point said today.

The fliers, who manned the relief plane sent out from Fairbanks almost two weeks ago, reached Kotzebue at 9:15 o'clock last night. They told of the safety of pilots Noel Wein and R. S. Merrill and of Jack Robertson, L. Virgil Hart and Charles G. Clarke of the Fox Film corporation.

No further details were available here.

News of the safety of the missing men came just as A. A. Bennett and Tom Girard were ready on the Fairbanks airport to take off in a second relief plane.

PORTLAND'S BOOT LEGGING COMPANY PLEADS GUILTY

PORTLAND, Ore., June 3.—(AP) That it doesn't pay for a boot-legalizer to use modern business methods was proved here today in Federal Judge McNary's court when nine members of the so-called Vaughn-Yeager ring faced the bar.

The trial had been set for June 14, but by today all had decided to change "not guilty" pleas to that of "guilty."

As Assistant United States Attorney Marsh outlined the operations of the ring, which maintained four garages, four houses and a fleet of 25 cars, it was seen that most of the government's information had come from the neat account books of Frank Vaughn, seized during one of the raids.

The indictment named thirteen defendants, three of whom have not been arrested.

Frank Vaughn and A. J. Yeager, partners and heads of the firm, will not be sentenced until July 30, the government trading this favor for the plea of guilty.

Monty Vaughn, 30, was sentenced to one year in the county jail, where he is already serving a city sentence.

Merle Vaughn, 18, was sentenced to six months and paroled to Mrs. Sara Barschfield in order to finish his high school studies. John C. Clark, Lloyd Terrill and William Hixon, who received \$73 per week for running the stills, were given four months each.

Reinhold Cook, who has two previous convictions, was given six months.

The charge against Ed Mathieson was dismissed.

H. C. Packer, remaining member of the gang, is serving time at Salem on a state liquor charge.

TREE TEA ORANGE PEKOE OR JAPAN The world's highest grade package tea—and it sells for so little.

PEKING OCCUPIED BY INVADERS WITHOUT SHOT

Entry of Southern Army Into Northern Stronghold Reported Peaceable—Another Bridge Dynamited—Chang Reported Dead.

SHANGHAI, June 3.—(AP) Reports from Peking, state that southern troops entered Peking this evening. The troops consisted of the vanguard of General Ten Hsu-Ling's Shansi army.

PEKING, June 3.—(AP) A Chinese official representing Chang Kai-Shek, commander-in-chief of the national armies, arrived in Peking today.

He will visit the foreign legations tomorrow and guarantee on behalf of Chang Kai-Shek that there will be no danger to foreign life or property when the southern troops take over the city.

The main body of the third and fourth army corps of the northern army evacuated Peking today. They are stated to be disorganized and to have looted several villages near Tanschow to the west of Peking.

TOKYO, June 3.—(AP) The Mukden correspondent of the Japanese newspaper Jiji Shinpo today reported that Chang Tso-Lin, once northern dictator, had died from injuries received when his train was bombed yesterday.

There was no confirmation of this from any other source. The correspondent said that news of Chang's death was being kept secret.

A Japanese war office dispatch, however, confirmed the death of Wu Chun-Sheng, military governor of Heilungkiang. Wu had risen from the ranks to become virtually the acting governor of Manchuria.

Mo Teh-Hui, Chang's minister of agriculture and Yu Kuohan, one of Chang's advisers were in a serious condition. Premier Pan Fu was reported to be suffering from shock.

Both Chinese and Japanese authorities at Mukden were investigating the outrage. Press dispatches said that demonstrations of anti-Japanese feeling among the Chinese had calmed down when it was established that the Japanese had no connection with the bombing.

As far as official information, as given out by the Japanese foreign office is concerned, Marshal Chang Tso-Lin was only slightly injured.

Accurate reports, however, are lacking in Tokyo.

SHANGHAI, China, June 3.—(AP) The railway bridge at the Tang Tsun, 13 miles northwest of Tientsin, is reported to have been blown up, thus holding up the withdrawal of two Manchurian army corps to Mukden.

The bridge was said to have been destroyed by 20,000 troops which formed part of the northern armies, their action being influenced by intrigue and bribery.

The Manchurian troops were brought to Peking by Chang Tso-Lin and had long formed part of his army.

These 20,000 troops are part of an army of 70,000 men, made up of forces from the provinces of Chihli and Shantung, which hitherto formed part of the northern armies under the command of General Sun Chuan-Fang and Chang Tsung-Chan, but have now been placed under Marshal Chi Hsiang-Yuan after an intrigue among the officers.

The transfer is stated to have been brought about by bribing the subordinates of Sun Chuan-Fang and Chang Tsung-Chan.

Chang Hsueh-Chang, son of Chang Tso-Lin, is trying to negotiate a peaceful passage to Mukden, but whether he will find his trip to the Manchurian capital cut off remained to be seen.

PEKING, June 3.—(AP) No confirmation of Tokyo newspaper reports of the death of Marshal Chang Tso-Lin at Mukden was received in Peking today. The reports were not believed, since previous information had the former dictator only slightly injured.

SUICIDE PACT IS FATAL TO COUPLE

SAN FRANCISCO, June 3.—(AP) Gas today had caused three deaths, two of them probably dead in a suicide pact. They are Lester B. Larraway, 34, former Seattle publisher, found dead on a mattress in a kitchen, and Walter Snell, found dead in the same apartment.

GRANGES PLAN TO KEEP UP FIGHT FOR INCOME TAX

RAINIER, Ore., June 3.—(AP) Plans for continuing the fight of the Oregon State Grange for a state income tax were to be considered at the annual meeting of the grange which opened here today. Nearly all the Granges in the state have made contributions and state officers say that about \$4000 would be available to carry on the campaign. Signatures have been obtained by various Granges but enough names have not yet been obtained to put the measure on the ballot.

Delegates were awaiting with interest the announcement of the result of the referendum vote on state Grange officers. George A. Palmer, of Hood River was considered for re-election by M. S. Shrock of Milwaukie. Delegates generally believed that Palmer had been re-elected and that Matt L. Palmer, of Clackamas county had been re-elected over-seer, a position he has held for some years. C. W. Kraft of Forest Grove, was his opponent. Bertha Beck, of Albany, secretary, and Minnie R. Bond, of Eugene, lecturer, were re-elected without opposition.

In addition to the 600 delegates in attendance there will be some 500 other members of the granges here for the convention. Tomorrow there will be a joint meeting with the Washington State Grange, in Longview, Wash., across the river from Rainier. Formal sessions of the Oregon State Grange will be held Friday. Saturday there will be a joint gathering of presenters of the State Granges of Oregon, Washington, Idaho and California, at which the legislative program of the organization will be considered. This is the first time in some years that these neighboring states have joined in their efforts for rural betterment.

SEARCHERS DOUBT THAT RADIO SOS FROM LOST BLIMP

KING'S BAY, Spitzbergen, June 3.—(AP) Reports from Russia that wireless messages had been picked up from the dirigible Italia stated that she had landed on Franz Josef land are meeting with much skepticism among the searchers at King's Bay. The theory supported by Lieutenant Luetzow-Holme, Norwegian flier who is now en route to North Spitzbergen to take up the search from the air, is that the Italia descended on the polar ice north of Spitzbergen and that there was very little chance she was blown to Franz Josef land.

There is a possibility that dog teams will be sent to Northeast land, across Hinlopen straits from West Spitzbergen to explore this seldom-visited region.

The Hobbs, with Lieutenant Hoxby aboard, was believed to have reached Vingo bay this forenoon and it was thought probable that the Norwegian plane would make a reconnaissance since the weather was favorable for flying.

MOSCOW, Russia, June 3.—(AP) The soviet meteorological station in Russia reported today that it had picked up what was believed to be an SOS from the missing dirigible Italia, but that the location could not be secured.

The two other Siberian stations, Sob and PURIN reported hearing the same call.

TWO POPULAR STARS TALK ABOUT CLOTHES

New York, N. Y.—Mary Lawlor, star of "Good News," and Polly Walker, star of "The Merry Malones," may disagree, as prima donnas will, about the merits of their respective musical shows, but they agree on one point.

The well-dressed star, they both say, knows that the one way to keep stockings and frocks and underthings like new is with Lux.

"Lux is always in my dressing room," Polly Walker adds. "And I insist upon my maid's using only Lux for my show clothes and my own personal things, because I can't bear to lose a favorite gown or negligee through careless washing."

A recent survey showed that the producers of every musical show in New York specify Lux for the stockings and costumes of choruses, because they say washing with Lux keeps lovely filmy things new-looking twice as long as other methods.

Lever Brothers Co., largest soap makers in the world and makers of Lux, take great pride in the savings in clothes and money made possible through the use of Lux.

The great movie studios also use Lux to get double wear from costumes. And department stores estimate that Lux has saved American women at least a billion dollars through double wear from fabrics.

PRESIDENT SAYS LAST SESSION OF CONGRESS GOOD

WASHINGTON, June 3.—(AP) Second thoughts of the session of the congress just closed have confirmed President Coolidge in the idea that on the whole it was a very fruitful and satisfactory session.

The president considers that the measures approved in that session include those of supreme importance such as the alien property, the Mississippi flood and the tax reduction bills, the District of Columbia child labor bill and the departmental appropriation bills following closely in the case for the latter, the recommendations of the budget bureau.

President Coolidge regrets that the naval building program, approved by the house, had no chance to be passed by the senate although the latter had been presented to him as overwhelmingly in favor of that measure.

The executive considers that the vote which took place in the senate regarding the advisability of abandoning debate on the Boulder dam bill, and to replace this with the naval construction bill, should not be taken to represent the sentiment in the senate regarding the naval bill.

The Boulder dam bill could not be displaced in the senate, and Mr. Coolidge believes that a very great number of senators committed to support of the naval bill felt they had to vote to keep Boulder dam before their branch.

President Coolidge also regrets that the last session of congress failed to take any action, as he recommended in messages, regarding the Cuban postal convention and the Austrian and Greek debt situations.

The Noted Dead

BALTIMORE, Md., June 3.—(AP) Illness which interrupted his duties at the New York conference and later caused his collapse while delivering an address at the general conference of the Methodist Episcopal church at Kansas City last night, brought about the death of Right Rev. Luther Barton Wilson, retired resident bishop of the New York area at his home here.

Bishop Wilson, who had served

for many years as president of the Anti-Saloon league, had been subjected to a heart affliction, thought to have resulted from a fever contracted in Africa. After the acute attack in New York, he was brought to his home here to recuperate.

BERKELEY, Cal., June 3.—(AP) Professor Gordon H. True, professor of animal husbandry of the college of agriculture of the University of California, died today. He was one of the best known authorities on livestock on the Pacific coast and had been with the University of California for the past 14 years. Professor True was 55 years old.

Sharkey to Meet Gates ST. LOUIS, June 3.—(AP) Jack Sharkey, Boston heavyweight title contender, has signed to meet Leo Gates, Mohawk Indian scrapper, here June 19, it was announced today by Promoter Gene Straus.

Gates has engaged in 119 bouts, thirty-one of which have been won by knockouts.

Classified advertising gets results.

THERE is nothing quite like Bayer Aspirin for all sorts of aches and pains, but be sure it is genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine and the word genuine—red—on every box. You can't go wrong if you will just look at the box when you buy it.

Aspirin is the trade mark of Bayer Manufacture of Monach, Germany of Saitteitstadt
