WALTER MAILES IS TOO STRONG FOR BEAVER BATTERS

(By the Associated Press)
Walter Mailes broke through blue defenses as the Seals hammered Yerkes and Ponder for 14 hits and a 10-1 victory in the series opener. The eccentric southpaw held the Beavers to seven hits and was never in danger. Batteries: Yerkes and Rego, Saunders; Mailes and Sprinz.

After the Mailes broke in a 2-2 deadlock by scoring twice in the 10th, Oakland came back in sensational fashion in the last half of the frame to score three runs and win, 5-4. Both Pilette and Dumovich, after pitching tight ball for nine innings, weakened, but the Bell hurler blew up entirely, five hits being made off him in the final stanza. Batteries: Pilette and Whitney; Dumovich and Lombardi.

Sacramento slipped further down the chute by dropping a 4-0 decision to Hollywood. McCabe kept eight Solon hits well scattered and airtight support helped him along. Kunz was ineffective in the pinches. Batteries: McCabe and Basler; Kunz and Severid.

LOMSKI AND LATZO MEET TONIGHT

NEW YORK, June 15.—(AP)—Leo Lomski and Pete Latzo, champions of the art of wading in and taking 10 to give one, slug it out over the 10-round route at Elberts field tonight. Lomski's stiffer punching powers and the sensational, but losing battle he fought against Tommy Loughran, king of the light-heavyweights, have convinced to make him a slight favorite. The experts figure that the Aberdeen assassin's deadly body punching will take most of the fight out of Pete before the battle has gone very far.

The Scranton coal miner, once welterweight champion of the world, himself put up a great, but also losing battle against Loughran at Elberts field recently. His stock, as a result, rose about 60 per cent.

Radio Invention

Dr. E. T. Flewelling, Dayton, O., radio engineer, has perfected a short wave length adapter which makes possible the reception of inter-continental radio programs. By the attachment of the device he is holding, above, to an ordinary set, one can convert a high wave receiver into a low wave receiver, thus enabling the listener to tune in foreign stations as well as local.

TERRIFIC HITTING MARKS GAMES IN 2 BIG LEAGUES

(By the Associated Press)
Subject to the heaviest cannonading of the current season, major league mounds men cautiously peered from their hideouts today to see whether the bombardment was over.

Eight big league battles saw 31 pitchers pounded for 183 hits on which 108 runs were scored. Thirty of the hits were extra bases; 33 doubles, 11 triples and 16 home runs.

The heaviest shelling of the day was in the Philadelphia sector of the National league. Here the Pittsburgh Pirates cracked out 29 hits to beat the Phillies 15 to 4. Kremer, a sad disappointment this season, returned to form and gave the Quakers only five safeties, two of them, however, home runs.

Behind Benton's pitching the New York Giants lashed out 15 hits to crush the league leading Cincinnati Reds, 10 to 1.

The St. Louis Cards moved to within one game of the Reds by taking over the Braves at Boston, 9 to 6, in a wild game. Shut out for five innings by Charley Root, the Brooklyn Dodgers suddenly came to life and battered out a 13-to-1 decision over the Chicago Cubs.

In the American league the Yankees home-ran their way to a 15-to-7 triumph over the Chicago White Sox. Babe Ruth hit his 23d home, Lou Gehrig his 14th and 15th.

Pitches came into their own in the other three games. Ed Morris, big Red Sox rookie right hander, beat the St. Louis Browns, 5 to 2, allowing seven scattered hits. The Washington Senators made it three in a row over the Cleveland Indians, 3 to 2, behind Jones' good pitching. Jimmy Fox's single in the eighth scored Cochrane with the run that enabled the Philadelphia Athletics to beat Detroit, 3 to 2.

KLAMATH TEAM TO PLAY HERE, NOT IN KLAMATH

Baseball fans who were disappointed Sunday when rain prevented the Dunsavir game are promised a good time June 17 when Klamath Falls comes here to battle Medford Merchants at the Jackson county fair grounds.

This game was scheduled to be played at Klamath but Manager Court Hall of the local nine did some handling last night in a session of league officials and won his point.

Sunday, June 24, the postponed game with Dunsavir will be played off here, thus giving Medford two successive contests.

According to Hall, something new and different is brewing which will be of great interest to baseball fans. He will announce the plot in the near future, he said this morning.

WILD BULL SAYS HE'LL RUN SHOES OFF HIS RIVALS

SAN FRANCISCO, June 13.—(AP) Pet theories and some funny ideas will get healthy workouts during the running of the Redwood highway Indian marathon which starts in San Francisco tomorrow and will have its ending in Grants Pass.

Most of the 30 Indians entered intend to wear shoes or moccasins—some will alternate with bare-foot running. In last year's race some of the contestants encased their pedal extremities in layers of wet green leaves. Others wrapped their feet of cloth around their feet.

An old trick used by fighters in the early days around here, that of toughening the skin by immersion in salt water, has been adopted by six Zuni tribesmen from New Mexico. For several days their training on a beach near here has consisted mostly of dipping their feet for long periods in the Pacific ocean.

Each winner to run the 482 miles without a blister. Mad Bull, victor of last year's trek, isn't particularly concerned with the elaborate preparations of his rivals. With a disdainful "huh" he says he thinks he will run the rest of the contestants "dit of their shoes."

Flying Cloud, like Mad Bull a Karook, and sponsored by Grants Pass, finished second last year. He is certain that either he or Mad Bull will gallop off with the \$5,000 first prize. Both had been trained by Bill Hayward, track coach at the University of Oregon.

Besides the top money, another \$5,000 will be apportioned between the next five finishers.

FRANK COMEDIANS SHOW HERE AGAIN

Frank's Comedians, formerly Frank and King, who gained friends and popularity here in Medford three years ago, are once more in the city with their big tent, which stands on the same location at Fourth and Fir streets, and opens tonight. Everything is in readiness, the big lot has been excavated, and there is a regular elevated theatre floor in the tent.

The opening play, "Nearly a Bride," is said to be a happy combination of comedy and heart interest.

Mr. and Mrs. Frank, the leading lady and leading man, are nicely cast, and their many friends will once more see them strut their stuff in a fashion that made them extremely popular when here before. The tent opens at seven, the orchestra starts at 7:45 and the curtain rises at 8 o'clock sharp.

Adolphe Menjou at Rialto Tomorrow

A criminal court magistrate hearing a murder case; the judge's wife listening to the evidence, at the same time thinking of another man, Captain Ferreol; the dashing captain hearing the evidence against the brother of the girl he really loves. He knows that the brother did not kill the man, but his lips are sealed; the night of the murder Captain Ferreol was in the boudoir of the judge's wife; he saw the slayer a short time after, but the slayer had seen the love trust and threatened to tell all if Captain Ferreol told on him.

This is the dramatic situation revealed in Adolphe Menjou's latest "A Night of Mystery," which comes to the Rialto theatre tomorrow.

The picture is an adaptation of Victorien Sardou's celebrated stage play, "Captain Ferreol," the story of romance and a murder.

According to reports from the studios in Hollywood, the story of the Menjou production is unusually full of dramatic moments, tense in their gripping metier and thrilling in their novelty.

ROLLER-MOHAMMED MATCH SET FORWARD TO FRIDAY, JUNE 29

The date for the big heavy-weight wrestling match at the armory between Jack Roller, 220-pound German grappler, and Hassan Mohammed, the Terrible Turk, has been placed ahead one day and will take place June 29, instead of June 28, according to an announcement today by Matchmaker Sailor Jack Wood, who also announced plans of having Ed (Strangler) Lewis meet Heller in a match here next month.

Roller will begin his first workouts this evening at the gymnasium and will go into active training for his tussle with the Turk, who is rated high in the east and middle-west, where he makes his home in Chicago. Ill. Roller and Mohammed both weigh 220 pounds and are said to be masters of the wrestling art.

If Lewis appears here next month, Matchmaker Wood will also have matches arranged for the world's champion in eastern Oregon and in the state of Washington, a number of promoters from those two sections having written Wood letters inquiring if such matches could be made.

SOUTHERN CROSS FLIES TO CAPITAL

MELBOURNE, Australia, June 13.—(AP)—The trans-Pacific monoplane Southern Cross, carrying its crew of four and two passengers flew from Sydney to Melbourne today in six hours, encircled the city and landed perfectly at Essendon airfield while 50,000 spectators roared a tumultuous welcome.

The crew, Captain Charles Kingsford-Smith and Charles Ulm, Australian pilots, Navigator Harry Lyon and Radio Operator James Warner, Americans, were greeted as they swept over the city by an escort of nine planes.

In the ship were Captain Kingsford-Smith's mother and Ulm's wife.

The eager crowd of spectators swarmed on the landing field and covered all the hill-tops, buildings and every available open space in the vicinity to greet the fliers.

THEY LEARNED TO SWIM, NOW THEY LEARN TO DIVE

Boys and girls who received their first lessons in swimming June 5, under the direction of George Hughling, in charge of Red Cross free classes at Merrick's Natatorium, lined up around the tank this morning and did some diving. Some bravely jumped in and others stayed at the edge of the pool until they were pushed in.

Ninety-five per cent of the beginners who have worked consistently since the sessions started are now able to swim in some fashion. Mr. Hughling is pleased with the results thus far. Fewer boys than girls have turned out daily and he thinks that is due to the fact that they must get there at 8 each morning, while the girls can sleep an hour later.

The last term of this year at the University of California 117 students of the swimming instructor qualified for senior life-saving certificates which were presented by the National Division of First Aid and Life Saving. This was the largest number from any one class ever to receive the award in the United States.

Friday evening, the last day of the swimming drive, a free public demonstration will be featured at the natatorium with a program ranging from acts by beginners to difficult tests in life saving and resuscitation. Visitors are urged to be present at 7 o'clock.

SHOW PROGRESS IN ICE DELIVERY

There's always something new in the world and local industries are keeping up with the rapidly advancing times by utilizing all types of modern transportation for moving commodities from the seller to the consumer. One of the most outstanding improvements has recently been made by Medford Ice & Storage Co., and it is believed to have taken its place in history, along with the flight of the Spirit of St. Louis and the Southern Cross.

For the past few weeks King Street has been under repair to the extent of diverting all traffic into other channels, and now Park street, which runs parallel to King, is undergoing alteration, rendering it also useless.

This state of affairs would be of no particular significance if it were not for the fact that "Pug" Hamlin, ice-salesman for that district, is seriously handicapped in making his regular deliveries. It was suggested that he carry the ice on his shoulder, but after the first experience of two blocks, he assumed the appearance of a half-drowned rat and immediately became useless for the balance of the day, due to over-exertion.

After several other trials, all ending in failure, a solution was reached in the purchasing of a new vehicle. So any time, for the next few weeks, don't be annoyed at the sight of a good-looking chap in a light blue shirt and white trousers pushing several hundred pounds of ice around in a wheelbarrow—he's only adding laurels to "a distinguished ice service."
